SCOPE OF THIS REQUEST

1. PURPOSE OF THIS REQUEST FOR PROPOSALS (“RFP”)

The Indiana Housing and Community Development Authority seeks to contract with an individuals or entities to provide residential Radon measurement services throughout the State of Indiana or designated geographical area.

2. ABOUT THE INDIANA HOUSING AND COMMUNITY DEVELOPMENT AUTHORITY

MISSION STATEMENT

The Indiana Housing and Community Development Authority (“IHCDA”) provides housing opportunities, promotes self-sufficiency, and strengthens communities. To accomplish this, IHCDA will:

- Pursue innovation in all programs and services;
- Provide thought leadership;
- Emphasize continued quality of services; and
- Continuously improve program management practices and partnership building.

VISION

At IHCDA, we believe that growing Indiana's economy starts at home. Everyone can agree that all Hoosiers should have the opportunity to live in safe, affordable, good-quality housing in economically stable communities. That's the heart of IHCDA's mission. Our charge is to help communities build upon their assets to create places with ready access to opportunities, goods, and services. We also promote, finance, and support a broad range of housing solutions, from temporary shelters to homeownership.

IHCDA's work is done in partnership with developers, lenders, investors, and nonprofit organizations that use our financing to serve low and moderate-income Hoosiers. We leverage government and private funds to invest in financially sound, well-designed projects that will benefit communities for many years to come. And our investments bear outstanding returns. The activities that we finance help families become more stable, put down roots, and climb the economic ladder. In turn, communities grow and prosper, broadening their tax base, creating new jobs, and maximizing local resources. IHCDA's work is truly a vehicle for economic growth, and it all starts at home.

OVERVIEW (for more information visit <http://www.in.gov/ihcda/>)

IHCDA was created in 1978 by the Indiana General Assembly and is a quasi-public financially self-sufficient statewide government agency. IHCDA's programs are successful in large part because of the growing network of partnerships IHCDA has established with local, state, and federal governments, for-profit businesses and not-for-profit organizations. For-profit partners include investment banks, mortgage lenders, commercial banks, corporate investment managers and syndicators, apartment developers, investors, homebuilders, and realtors. Not-for-profit partners include community development corporations, community action agencies, and not-for-profit developers.
