MORTGAGE CREDIT CERTIFICATE PROGRAM
PREAMBLE**

The Mortgage Credit Certificate Program (MCC) was authorized by Congress in the Tax Reform Act of 1984 as a means of providing housing assistance to persons and families of low and moderate income. A Mortgagor purchasing a new or existing one (1) unit dwelling may apply for a MCC through a Participating Lender at the time it applies for its loan. An MCC cannot be issued to a Mortgagor who is refinancing an existing mortgage. A Mortgagor may not combine the benefits of an MCC with any IHEDA program funded by mortgage revenue bonds.

An MCC operates as a federal income tax credit, reducing Mortgagor's federal income tax. The annual amount of the tax credit is equal to a percentage (credit rate) of the annual interest paid and accrued on the mortgage loan for the residence. The maximum annual amount of the tax credit is \$2,000.00. The credit rate is twenty-five percent (25%) of the closing mortgage amount.

The amount of tax credit that can be claimed each year cannot exceed the Mortgagor's annual federal income tax liability after all other credits and deductions. The itemized deduction for the mortgage interest will be reduced by the amount of the tax credit. Benefits of the MCC are available for the life of the original mortgage so long as the Mortgagor occupies the property as his principal residence. In most cases, the MCC may be reissued if the Mortgagor refinances.

Additional information about the Program, including the eligibility requirements and application requirements, are contained in this Program Guide.

MORTGAGE CREDIT CERTIFICATE PROGRAM
EXECUTIVE SUMMARY**

What a Participating Lender should know about a Mortgagor and their home:

1. Both IHCD and the Participating Lender reserve their rights to request any additional documentation needed to make an accurate determination on any given file.
2. IHCD cannot email, fax or mail any document, including any mortgage documents provided by the Participating Lender containing the Mortgagor's Social Security Number.
3. All reservations must be for FHA, Conventional, VA or USDA mortgages.
4. The Mortgagor(s) must be a first-time homebuyer unless purchasing in a designated Targeted Area.
5. A Mortgagor must not have had an ownership interest in his or her principal residence within the past three (3) years. This restriction is waived for Mortgagor's who purchase in targeted areas and when the Mortgagor is an eligible veteran.
6. IHCD recommends that each Mortgagor that meets the definition of a first-time homebuyer, complete homeownership training program recommended by one of the GSE's.
7. Household size will be determined by the number of Mortgagor(s), along with dependents listed on the Uniform Residential Loan Application (URLA Form 1003) and any/all individuals expected to cohabitate in the residence.
8. The Mortgagor(s) must meet special income guidelines. Income limits vary by county and are dependent on family size.
9. Household income will be determined for Mortgagor and Co-Mortgagor(s) only based off qualifying Gross Annual Income provided by the Participating Lender on the Uniform Residential Loan Application (URLA Form 1003) and the supplement thereto, if any.
10. Participating Lender must disclose all forms of qualifying income for Mortgagor and Co-Mortgagor(s) on the Uniform Residential Loan Application (URLA Form 1003) and as described in Section 2 of this program guide.
11. The property may be a one (1) unit dwelling.
12. The home must be used as the Mortgagors principal residence.
13. If a Mortgagor is purchasing a property that it is renting or has rented previously, the Participating Lender must supply a current lease agreement, purchase agreement, appraisal and a thirty-six (36) month chain of title with the IHCD Affidavit. If there is no current lease agreement, then a submission of a signed buyer/seller agreement encompassing all terms of rental arrangement, may be submitted in lieu of a lease agreement.
14. Tax transcripts are required, unless the subject property is located in a qualified census tract or the borrower is a qualified veteran.
15. A Mortgage Rider is not required.
16. The reservation fee for reserving a loan through the Program is a flat fee of \$800.00.

17. Co-signers of the Mortgagor are allowed as long as GSE guidelines are met. Non-occupying Co-Mortgagors are allowed. IHCDAs do not include Co-signer and Non-occupying Co-Mortgagor income in the total household income but will include all occupying Mortgagor(s) income. The Participating Lender should exclude the Non-occupying Co-signer's information from the IHCDAs affidavit that is being submitted to IHCDAs.
18. An FHA case number must be assigned to each loan that has FHA financing.
19. In accordance with FHA Mortgage Letters 99-18, 2004-04 and 2005-01, Participant must advise each Mortgagor of the importance of obtaining an independent home inspection for any home it plans to purchase.
20. Final Approval from IHCDAs must occur by the Commitment Expiration Date (60 days for existing homes and 180 days for new construction homes).
21. Any employee, agent, or associate of the Participating Lender caught forging or altering documentation or otherwise misrepresenting information will be suspended from the Program and the pertinent information will be turned over to the proper state and local authorities.

A Mortgagor applying for an MCC must meet the following eligibility requirements:

1. Must be a first-time homebuyer:
 - a. A “First-Time Homebuyer” is someone who has not, at any time during the three (3) years preceding the date of the loan closing, had a present ownership interest in his or her principal residence. This requirement does not apply to all members of the household only to those persons executing the loan documents and intend to occupy the property. However, Mortgagors acquiring residences in Targeted Areas and eligible veterans are exempt from the First-Time Homebuyer requirement.
2. Hold ownership interest:
 - a. An ownership interest includes:
 - i. A fee simple interest;
 - ii. A joint tenancy, a tenancy in common, or a tenancy by the entirety;
 - iii. The interest of a tenant shareholder in a cooperative;
 - iv. A life estate;
 - v. A land contract (i.e. a contract under which possession and the benefits and burdens of ownership are transferred although legal title is not transferred until some later time);
 - vi. An interest held in trust for the Mortgagor (whether or not created by the Mortgagor) that would constitute a present ownership interest if held directly by the Mortgagor; or
 - vii. Ownership of a factory-made home permanently affixed to real property and taxed as real estate.
 - b. Interests that do not constitute ownership interest include:
 - i. A remainder interest;
 - ii. A lease;

 - iv. The interest that a purchaser of a residence acquires upon the execution of a purchase contract;
 - v. An interest in other than a principal residence during the previous three (3) years; or
 - vi. Ownership of a factory-made home not permanently affixed to real property and taxed as personal property.

3. Must be income eligible:

- a. Mortgagors applying for financing through the Program must meet income limits for the Mortgage Credit Certificate Program, which are based on the income limits of the county in which the residence to be purchased is located. The IHEDA website contains the county-by-county income limits.
- b. Income will be determined for Mortgagor(s) using qualifying Gross Annual Income, provided on the Uniform Residential Loan Application (URLA Form 1003), as described below, and the supplement thereto, if any. IHEDA and/or the Participating Lender can request any additional information either needs to make this determination.

NOTE: All sources of income shown below must be included on the URLA Form 1003, and the supplement thereto, if any.

- c. Gross Annual Income includes gross wages and salaries from employment, including any part-time, seasonal, or sporadic income, shift differentials, overtime pay, commissions, fees, tips, and bonuses. Gross Annual Income also includes:

THE FEDERAL RECAPTURE TAX
SECTION 5

Congress enacted legislation in 1988, subsequently amended in October 1990, to recapture, under certain circumstances, some or the entire subsidy from homebuyers who receive qualified mortgage bond assistance after January 1, 1991 (the "Federal Recapture Tax"). Because the recapture rules apply to loans that were based on an MCC, a Mortgagor participating in the Program could be subject to the Federal Recapture Tax. **THE FOLLOWING DOES NOT CONSTITUTE TAX OR LEGAL ADVICE AND EACH MORTGAGOR IS ADVISED TO CONSULT WITH A TAX SPECIALIST TO DETERMINE WHETHER HE OR SHE IS RESPONSIBLE FOR PAYING THE FEDERAL RECAPTURE TAX.**

The law mandates a "recapture" of some of the benefit of the program if a Mortgagor meets all three (3) of the following criteria: (1) the property ceases to be the principal residence in the first full nine (9) years after the date that the mortgage loan is closed; (2) there is a profit on the sale of the home, and (3) the household income is more than that year's adjusted qualifying income for Mortgagor's family size that year.

If Federal Recapture Tax is owed, it is computed and paid to the IRS for the tax year in which the home is sold. If Federal Recapture Tax must be repaid, it will never exceed the lesser of 6.25% of the original loan amount or one-half (1/2) of the gain on the sale of the home.

The most that a Mortgagor will ever be required to pay when a Mortgagor sells his or her home within the first nine (9) years of purchasing it is 6.25% of the highest principal amount of the mortgage loan that was federally subsidized during the life of the loan or fifty percent (50%) of the gain on the sale of the home. 6.25% of the principal amount of the mortgage loan is the amount considered to be the federally subsidized amount. When a Mortgagor sells his or her home is as important as the amount a Mortgagor receives for the sale of his or her home and his or her income at the time of the sale. The actual Federal Recapture Tax, if any, can only be determined when the Mortgagor sells his or her home.

Remember:

- If a Mortgagor sells his or her home after nine (9) years of purchasing it, there is no Federal Recapture Tax due;
- If he or she does not receive a gain (net profit) on the sale of his or her home, there is no Federal Recapture Tax due, or
- If the household income is not more than that year's adjusted qualifying income for Mortgagor's family size that year, there is no Federal Recapture Tax due.

A Mortgagor is Not Subject to the Federal Recapture Tax if:

- His or her home is disposed of as a result of his or her death.
- A Mortgagor transfers his or her home to his or her spouse or his or her former spouse incident to a divorce and a Mortgagor has no gain or loss included in his or her income as a result of the transfer.
- A Mortgagor refinances his or her home (unless Mortgagor later meets the recapture rules).
- Mortgagor's home is destroyed by fire, storm, flood or other casualty if home is replaced on its original site within two (2) years after the end of the tax year when the casualty happened.

However, if a Mortgagor gives away his or her home (other than incident to a divorce), Federal Recapture Tax amounts must be calculated as if the home was sold at fair market value at the time of disposition.

Income Increase:

If a Mortgagor sold his or her home and made a net profit, then a Mortgagor may have to pay Federal Recapture Tax, depending on whether his or her income has increased above the maximum allowable amount. Within ninety (90) days from the date of the Final Approval, IHCDA will send to each Mortgagor a *Notice to Mortgagor of Maximum Recapture Tax and of Method to Compute Recapture Tax on Disposition of Home*. A sample of this notice is included on the following pages. Mortgagor should keep this notice for future reference in calculating the Federal Recapture Tax.

How much do I owe?

The amount a Mortgagor owes will be the lesser of fifty percent (50%) of the gain realized from the sale of his or her home OR the amount resulting from a calculation that uses:

- The income percentage (Consider the amount by which his or her income exceeds the limit in the year that a Mortgagor sells. If the amount is \$5,000.00 or more, then his or her income percentage is one hundred percent (100%). If less than \$5,000.00 then divide the amount by which his or her income exceeds the limit by \$5,000.00 and round to the nearest whole percentage.)
- The maximum recapture tax or federally subsidized amount (this is .0625 x the highest principal amount of his or her loan).
- The holding period percentage as shown on the chart below:

Disposition Within # Months of Closing	Holding Period Percentage
1 - 12	20%
13 - 24	40%
25 - 36	60%
37 - 48	80%
49 - 60	100%
61 - 72	80%
73 - 84	60%
85 - 96	40%
97 - 108	20%
109 or More	No Recapture Tax

Again, a Mortgagor should consult with a tax advisor to determine whether he or she owes Federal Recapture Tax.

For more information, contact the IRS and request Form 8828 and the instructions for Form 8828 (both available on the IRS Website: <http://www.irs.gov>).

Introduction

- General.** When you sell your home you may have to pay a recapture tax as calculated below. The recapture tax may also apply if you dispose of your home in some other way. Any reference in this notice to the "sale" of your home also includes other ways of disposing of your home.
- Exceptions.** In the following situations, no recapture tax is due:

- a. You dispose of your home later than nine (9) years after you close your mortgage loan;
 - b. Your home is disposed of as a result of your death;
 - c. You transfer your home either to your spouse or to your former spouse incident to divorce and you have no gain or loss included in your income under Section 1041 of the Internal Revenue Code; or
 - d. You dispose of your home at a loss.
3. **Maximum Recapture Tax.** The maximum recapture tax amount is 6.25% of the highest principal amount of your mortgage loan and is your federally subsidized amount with respect to the loan or 50% of the gain on the sale of the residence.
4. **Actual Recapture Tax.** The actual recapture tax, if any, can only be determined when you sell your home, and is the lesser of (1) fifty (50%) of your gain on the sale of your home, regardless of whether you have to include that gain in your income for federal income tax purposes, or (2) your recapture amount determined by multiplying the following three (3) numbers:
- a. The maximum recapture tax, as described in Paragraph three (3) above;
 - b. The holding period percentage, as listed in Column one (1) in the table; and
 - c. The income percentage, as described in Paragraph five (5) below.
5. **Income Percentage.** You calculate the income percentage as follows:
- a. Subtract the applicable adjusted qualifying income in the taxable year in which you sell your home, as listed in Column two (2) of the table on Page one (1) of this letter, from your modified adjusted gross income in the taxable year in which you sell your home.
 - b. Your modified adjusted gross income means your adjusted gross income shown on your federal income tax return for the taxable year in which you sell your home, with the following two adjustments:
 - i. Your adjusted gross income must be increased by the amount of any interest that you receive or acquire in the taxable year from tax-exempt bonds that is excluded from your gross income (under Section 103 of the Internal Revenue Code); and
 - ii. (b) your adjusted gross income must be decreased by the amount of any gain included in your gross income by the reason of the sale of your home.
 - c. If the amount calculated in (a) above is zero (0) or less, you owe no recapture tax and do not need to make any more calculations. If it is \$5000.00 or more, your income percentage is one hundred percent (100%). If it is greater than zero (0) but less than \$5000.00, it must be divided by \$5000.00. This fraction, expressed as a percentage, represents your income percentage. For example, if the fraction is \$1000.00/\$5000.00, your income percentage is twenty percent (20%).

6. Limitations and Special Rules on Recapture Tax

- a. If you give away your home (other than to your spouse or ex-spouse incident to divorce), you must determine your actual recapture tax as if you had sold your home for its fair market value.
- b. If your home is destroyed by fire, storm, flood, or other casualty, there generally is no recapture tax if, within two (2) years, you purchase additional property for use as your principal residence or construct a new home on the site of the home financed with your original subsidized mortgage loan.
- c. In general, except as provided in future regulations, if two (2) or more persons own a home and are jointly liable for the subsidized mortgage loan, the actual recapture tax is determined separately for each individual based on each individual's interests in the home.
- d. If you repay your loan in full during the nine (9) year recapture period and you sell your home during this period, your holding period percentage may be reduced under the special rule in Section 143(m)(4)(c)(ii) of the Internal Revenue Code.
- e. Other special rules may apply in particular circumstances. You may wish to consult with a tax advisor or the local office of the Internal Revenue Service when you sell or otherwise dispose of your home to determine the amount, if any, of your actual recapture tax. See Section 143(m) of the Internal Revenue Code generally.

Sincerely,

Authorized Officer

Except only for reason of death or divorce (see number 5, attached), we are the same persons to who the existing, original MCC was issued.

We have refinanced our mortgage after December 22, 1992 and an MCC was previously issued. We are requesting that an MCC be re-issued for our new mortgage indebtedness.

We will not use both the original and re-issued MCC and, we will use only the amortization of the Certified Indebtedness rather than the principal balance of our new Mortgage when calculating our annual tax credit.

We are/were not restricted as to which Lender we used to refinance our MCC mortgage loan.

We understand that we will be dealing directly with IHCDA in regard to being issued another MCC, not the mortgage Lender.

In support of our request that a MCC be re-issued for our refinanced mortgage loan, we hereby submit to IHCDA the following:

1. This Affidavit together with a **Certified Check, Cashier’s Check or Money Order (payable to Indiana Housing & Community Development Authority /IHCDA)** for the re-issuance fee in an amount of \$200.00.
