Commercial and Office Space: IHCD Rental Housing financing resources cannot be used to finance commercial space within a Development. Income generated and expenses incurred from this space, though, must be factored into IHCD's underwriting for the Development as a whole when reviewing the application. If the Development involves the development of commercial space, the applicant will need to provide separate annual operating expense information and a separate 15-year proforma for the commercial space. Be sure to label which forms are for the housing and which ones are for the commercial space. Also separate out all development costs associated with the commercial space on line M of the Development Costs chart.

Note: The actual amount of credit for the Development is determined by IHCD. If the Development is eligible for Historic Tax Credit, include a complete breakdown of the determination of eligible basis for the Historic Credit with the Application. If the Development's basis has been adjusted because it is in a high cost area or qualified census tract, the actual deduction for the Historic Cost items must be adjusted by multiplying the amount by 130%. This does not apply to Historic Tax Credits.

W. Alternative Sources of Funding

In recent years, requests for HOME and Development Fund funds has greatly exceeded the allocation of said funds. As a result of this high demand, the Authority anticipates some developments will score high enough to be recommended for Rental Housing Tax Credits but due to funding constraints will not be eligible for HOME or Development Fund funds. To ensure the Authority consistently reviews all of the applicants' options, IHEDA requests you select one of the following:

- ☐ Option 1: Identify alternative source(s) of funding that will replace IHEDA HOME/Development Fund funds. (Identify alternative source(s) in chart below)
- ☒ Option 2: The development team has exhausted all options to identify an alternative source of funds without success. To that regard, we understand that without IHEDA HOME/Development Fund funding your development will not be financially feasible. Thus, it will not meet Additional Threshold item E.2(e)(4).

Option 1 - Required Documentation:

All sources of financing identified below must be supported with appropriate documentation satisfactory to the Authority as identified in the latest version of the QAP. Attach required documentation to this form.
