ASP INSTRUCTOR TRAINING IS COMING TO YOUR AREA

17 – 19 November 2026 (Baton, Restraint, Flashlight)
20 November 2026 (OC)

Lafayette Police Department is pleased to be bringing Armament Systems and Procedures (ASP) training to Indiana. The internationally respected and sought-after ASP Instructor Certification (AIC) course is a high intensity three-day program. The program teaches the integrated use of the three most commonly used duty belt tools: baton, restraints, and tactical flashlight. AIC students participate in a demanding progression of classroom and fast-paced physical training. The training covers both the principle and practice of different baton strikes, restraint application, and tactical flashlight use. This intense course includes multi-use drills, general tactics, and expert support in the event of litigation. You do not have to be a current user of ASP products to attend.

This is an ASP factory-sponsored training—there is no charge to attend, and each participant will keep over \$300 worth of ASP equipment upon successful completion of the AIC.

This class includes ASP's new OC Instructor Certification (OCIC), offered as a tuition-free add-on to the AIC program. The course will be offered on 20 November. You must pre-register for this class when you sign up for the AIC.

Training location

Lafayette Police DEPT Training Center
1301 South ST
Lafayette, IN 47901
