

Drug Identification

Provided by: Northeast Counterdrug Training Center
Hosted by: The University of Southern Indiana Dept. of Public Safety
Co-Hosted by: Evansville PD, MAGLOCLIN, US Attorney's Office (SDIN), Indiana HIDTA, and IDEA

This presentation will focus on current trends in drug identification. It will offer an in-depth look into the various types of drugs that are available on the street and over the counter and the new methods of use and trafficking. It will examine how these drugs affect the body and how to recognize the use and abuse of these substances. It will examine how these drugs are manufactured, processed, distributed, and marketed in society.

This presentation will systematically look at all of the new trends that are occurring nationwide in the world of illicit drugs. The PowerPoint program contains information slides, photographs, and short videos to allow participants to view the new substances that are currently being used across the United States.

April 6-7, 2026
