

## **Indiana Design Manual Chapter Reorganization**

<b>2012 Chapter</b>	<b>2011 Chapter</b>	<b>Chapter Title</b>
<b>Part 1 – Project Design Development</b>		
101	--	Definitions and Abbreviations
102	1, 2-9, 12	Project Development
103	14, 15	Plans Development
104	10	Utility Relocation
105	11	Railroad Coordination
106	22-26	Aerial / Ground Survey
107	18	Geotechnical Procedures
108	17, 19-20	Quantities, Special Provisions, and Estimating
109	85-86	Right of Way
<b>Part 2 – Hydrology and Hydraulics</b>		
201	28	Definitions and Abbreviations
202	29	Hydrology
203	30-36, 38	Hydraulics / Drainage Design
204	--	Water Quality
205	37	Erosion and Sediment Control
<b>Part 3 – Roadway</b>		
301	--	Definitions and Abbreviations
302	40-45, 50, 53-56	Roadway-Design Guidelines
303	49	Roadside Safety
304	52	MEPDG Pavement- and Underdrain-Design Elements
305	46	At-Grade Intersection
306	48	Interchange
307	51	Trail / Greenway / Non-Motorized Pedestrian Facility
308	47, 51	Special Design Elements
<b>Part 4 – Structural</b>		
401	58	Definitions, Abbreviations, and References
402	59, 70	Structure Size and Type
403	60	Load Analysis and Application
404	61	Bridge Deck
405	62	Reinforced-Concrete Structure
406	63	Prestressed-Concrete Structure
407	64	Steel Structure
408	66	Foundation
409	67	Abutment, Bent, Pier, and Bearing
410	68	Earth-Retaining System
411	73	Precast, Prefabricated Structure
412	72	Bridge Rehabilitation
413	65	Wood, RR Grade-Separated, and Bike/Pedestrian Structures
<b>Part 5 – Traffic and Safety</b>		
501	--	Definitions and Abbreviations
502	75-78	Traffic Design
503	81-83	Traffic Maintenance
504	--	Traffic Safety
