List of
ATSSA Approved Equal Flagger Certifications

| Organization | Approval Valid | |
|-------------------------|----------------|---------|
| | From | To |
| National Safety Council | June 14, 2023 | Current |
| Duke Energy* | April 18, 2024 | Current |

* training and certification only open to Duke Energy employees and designated representatives.

Organizations interested in being added to either of these lists may contact cmsupport@indot.in.gov. The Department criteria for evaluating organizations includes a review of the minimum level of instructor experience and training, course materials – particularly how variations in the Indiana Manual on Uniform Traffic Control Devices are covered, and process for issuing certificates and the length of the certification period. The review may include having staff from the Department attend or audit the course(s) or instructor training.
