

## S.R. 43 & S.R. 18 Pavement Replacement Project

Public Information Meeting

Thursday, January 8, 2026

RQAW

DCCM

# Welcome

- Introductions
- Meeting format – Formal Presentation, Open House
- Informal Q & A in project display area with project engineers, INDOT contractor, and project officials

# Project Team

- Indiana Department of Transportation (INDOT) – West Central District
  - Destiny Golladay – Project Manager
  - Jacob Blanchard – Construction Area Engineer
- INDOT’s Design Consultant – RQAW | DCCM
  - Daniel Kurtz – Project Manager
  - Ben Wernz – Design Engineer
- INDOT’s Construction Contractor – Rieth Riley
- INDOT’s Construction Oversight Consultant – HNTB
  - Jeremy Clem – PE/S
  - Jason Kunst - Inspector

RQAW

DCCM

# Purpose and Need

- The need for the project is due to the deteriorated condition of the existing asphalt pavement and drainage issues along S.R. 18 and S.R. 43. The existing pavement has severe fatigue cracking, potholes, and rutting. Most curbing is buried by earlier roadway overlay projects and inlet curb drains are obstructed by vegetation.
- The purpose of this project is to improve the pavement condition and enhance drainage by installing new curb & gutter and storm sewer.

# Project Timeline (Construction)

- Happening now:
  - Utilities work & minor closures
  - Utility Patching
- Timeline of major construction tasks
  - Excavation, temporary stone for access
  - Install new Storm Sewer, etc.
  - Utilities will be relocated in Phase 2, while Phase 1 being constructed

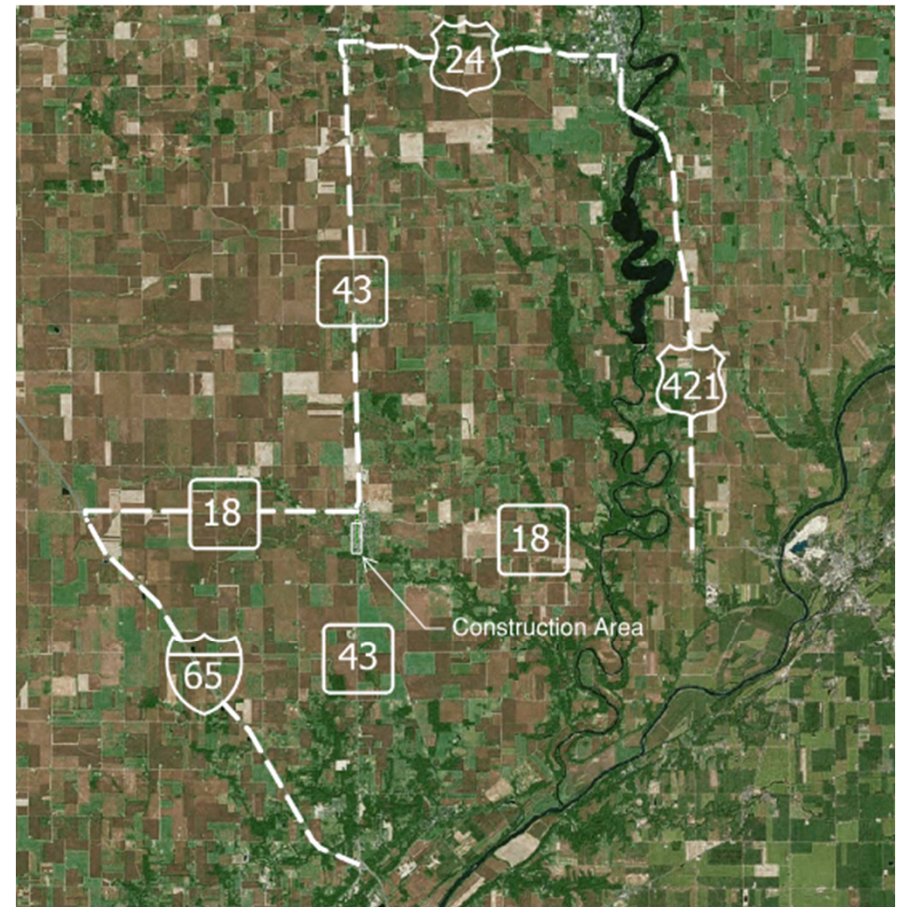

# Phase 1 Truck Detour

## Phase 1

- Spring 2026 – Fall 2026
- Construct S.R. 43 from Moot's Creek Bridge up to 3<sup>rd</sup> St. 3<sup>rd</sup> St open to local traffic during this portion.
- 3<sup>rd</sup> St planned to be closed for a short duration for construction of the intersection.

# Construction Area for 2026

## Phase 1

- Contractor to coordinate with homeowners and businesses.
- Utilize side-streets for access in or out.
