Bridge Inspection Memorandum No. 26-01 Bridge Inspection QC/QA Manuals

February 19, 2026

TO: All Inspection Personnel and Consultants

FROM: /s/ Anthony Marino SPM
Anthony Marino, P.E.
Bridge Inspection State Program Manager
Bridge Management Division

SUBJECT: Bridge Inspection QC/QA Manuals

EFFECTIVE: Immediately

Inspectors are advised that all the provisions of Bridge Inspection Memorandum 25-01, dated February 17, 2025, remain active.

Bridge Inspection Memorandum 25-01 required all engineering consulting firms/organizations responsible for carrying out bridge inspection work in Indiana to have their formal Quality Control and Quality Assurance Procedures for Bridge Inspections manuals, along with necessary checklists or similar related forms, completed no later than June 30, 2025. As part of INDOT's efforts to ensure that the requirements of Bridge Inspection Metric 12: Inspection Procedures – Quality Inspections (23 CFR 650.313(a) through (g)) are being satisfied, INDOT will begin contacting bridge inspection consulting firms/organizations individually to provide INDOT:

1. Copies of their manuals, along with supporting forms and checklists used for QC/QA.
2. Samples of documented evidence detailing how their QC/QA procedures were being implemented on bridge inspection work or after the June 30, 2025 implementation date.

INDOT will review this documentation and provide individual feedback to the bridge inspection consulting firms/organizations.
