Subject: INDOT Environmental Services-Karst and IPac Updates
Date: Monday, February 28, 2022 2:56:59 PM
Attachments: [Karst and IPac.pdf](#)

The new procedure for the [Protection of Karst Features During Project Development and Construction](#) expanded the Indiana Karst Region to all areas of the state located below the Wisconsin Glacial Limit. Karst for the purposes of the USFWS Information for the Planning and Consultation (IPaC) question 9 includes any project located in the Crawford Upland, Mitchell Plateau, or the Muscatatuck Plateau. If a project is located in one of these three physiographic regions answer “Yes” to this question.

If you have any questions, please contact Sandra Bowman at sbowman@indot.in.gov
