All,

The following update is in regard to the Land and Water Conservation Fund (LWCF) property list for Section 6(f). The county list for LWCF properties on the National Park Service (NPS) [website](#) has not been available for over a year. In the interim, INDOT guidance was provided to use the LWCF Coalition website as it had a user friendly interface and a good resource until the NPS website was back online. However, it was recently brought to our attention that some LWCF properties may be missing from the LWCF Coalition website and may be inadvertently overlooked.

INDOT Environmental Services Division (ESD) contacted the Indiana Department of Natural Resources (IDNR), Outdoor Recreation to determine the best available tool for the identification of LWCF properties in Indiana. IDNR, Outdoor Recreation provided INDOT ESD a property list by county which is up to date as of December 2019. The LWCF property list is available for use in the identification of LWCF properties, can be easily searched by county, and can be incorporated into your documentation.

The [LWCF property list](#) for Indiana can be viewed on the [INDOT ESD Environmental Policy page](#).

Thank you.
