Eric Holcomb, Governor
Michael Smith, Commissioner

May 13, 2022

TO: All Design, Operations, and District Personnel, and Consultants

FROM: Athar Khan Director, Geotechnical Engineering Division: 

SUBJECT: Subgrade Treatment Type for Full Depth PCCP Patching and Full Depth HMA Patching

REVISES: Subgrade Treatment Type ID

EFFECTIVE: IMMEDIATELY

This Department adopted Type ID subgrade treatment for full depth patching in January 2021. However, we found a compaction issue of Type ID in a short patching section. Subgrade Treatment Type 1C, Type IV, or Type II with geogrid, Type IB will replace Type ID subgrade treatment for full depth patching.

Geotechnical subgrade treatment recommendations for full depth patching shall be approved by the Geotechnical Engineering Division and Office of Pavement Design.
