

Interchange Project at U.S. 31 at 236th Street

Preferred Alternative: Alternative 4

Alternative 4: The Diamond Interchange

Alternative 4 - the Diamond Interchange - grade-separates 236th Street over U.S. 31 in a tight diamond configuration. U.S. 31 will remain at the same elevation. The ramp terminals are single-lane roundabouts with single-lane exits.

Access from 241st Street to U.S. 31 will be removed, and a cul-de-sac will provide turnaround access for properties along 241st Street.

Alternative 4 by the Numbers

U.S. 31/236 th St. level of service	A	Number of residential relocations	21
Percent reduction in future crashes	23.4%	Acres of wetland impacts	0.44
Acres of new right of way	103.1	Acres of floodplain impacts	3.47
Number of parcel impacts	35	Linear feet of stream impacts	1,624
Number of commercial relocations	1	Total construction costs (millions)	\$20.86

Environmental Assessment

An Environmental Assessment (EA) document has been prepared for National Environmental Policy Act (NEPA) clearance. It is available online at <https://www.in.gov/indot/3831.htm>. Those who want to review a printed copy may do so at:

- Sheridan Public Library – 103 W 1st Street, Sheridan, IN 46069
- Hamilton North Public Library – 209 W. Brinton Street, Cicero, IN 46034
- Crawford, Murphy & Tilly's (CMT) office – 8790 Purdue Road, Indianapolis, IN 46268
- INDOT Greenfield District – 32 S. Broadway Street, Greenfield, IN 46140

What's Next?

Comments

In addition to providing written or verbal comments at the public hearing, the public may submit comments on the EA through April 15, 2021 via:

Email to US31Interchange@cmtengr.com

Mail to CMT's office at 8790 Purdue Road, Indianapolis, IN 46268

Phone via voice mailbox at (317) 983-3242

The public comment period for the EA began on March 8, 2021, and ends on April 15, 2021.

Please direct any questions or comments concerning this project to Adam Burns, CMT, 8790 Purdue Road, Indianapolis, IN 46268.
