

New LCV Permit Program – Effective July 01, 2026

Effective July 01, 2026, the Long Carrier Vehicle (LCV) permitting process will be changing. The new program will utilize the MSC DOR system. Manual tractor permits will no longer be accepted after 7/1/2026. Manual driver permits will no longer be accepted after 8/1/2026.

LCV Tractor Permits – Effective 7/1/2026.

The LCV Tractor permit will now be a 100% electronic process. Permit applicants will enter tractor information online into the DOR system, and applications will be signed electronically. No more paper forms!

The new tractor application is shorter and only the tractor information will be required. Information regarding the trailer will no longer be collected. Please note that companies will still be responsible for following the LCV tractor/tractor and driver permitting requirements detailed under, IAC Title 135, Article 2, Rule 7 & 8.

Please see: http://iac.iga.in.gov/iac/iac_title?iact=135.

A significant improvement to the process is if your information is entered correctly, you can immediately have your permit faxed or emailed to you within 30 minutes. In addition, for any new permit entered in the system, you will be able to reprint it yourself – should the original be lost or damaged. One final feature is the ability to assign each permit its own unique internal-use number, separate from the permit number.

LCV Driver Permits – Effective 8/1/2026.

The LCV Driver permit will primarily have the same features as the tractor permit. The difference is that supporting PDF documents will be uploaded into the program. Applications will be electronically signed by the company representative submitting the application. It is recommended that companies keep a driver's signature on file for each LCV driver permit application.

If all information is entered correctly, the system will send your application for document review. As the application will need to be manually reviewed, permits may take up to ten business days (excluding holidays) for review. Once the permit completes the approval process, you will receive an email notification and can issue the permit from the system.

Like the tractor permit, any new driver permit entered in the system, company representatives will be able to reprint non-expired permits – should the original be lost or damaged. Driver permits can also be assigned their own unique internal number, separate from the permit number.

Should you have any questions or concerns, please email: lcvpermits@indot.in.gov

Below, please find the instructions for applying for an LCV tractor permit.

MCS DOR – LCV Tractor Permit Application Tutorial

1. Log into the DOR – Motor Carrier Services web page.

<https://motorcarrier.dor.in.gov/loginHome.html>

If your company does not have an account, you will need to create one. Visit the LCV web page for the tutorial:

<https://www.in.gov/indot/home/INDOT-LCV>

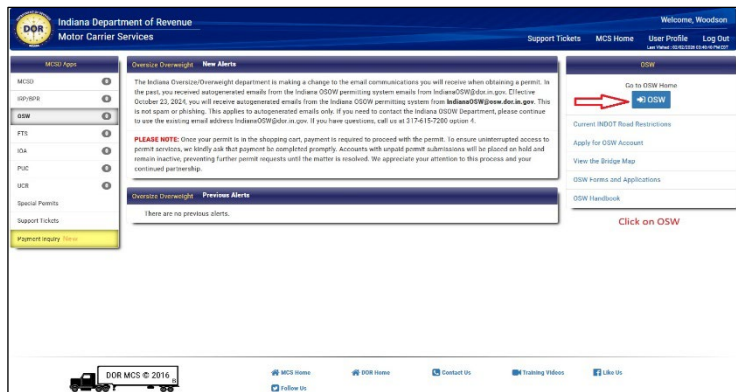

2. Enter your Login information

3. Enter the OSW system

4. Continue the OSW login process

5. Click on “New Permit”

6. The company information will pre-populate in the system.

Order Permits
Select the permit type below.

Company Name Here

Contact information to appear on permit(s) being ordered:

Contact Name:

7. Make any necessary changes to the pre-populated fields. If you would like the issued permit to be emailed or faxed, select the appropriate **Primary Delivery Method**.

Select:

Permit Type: **LCV Permit**

Permit Sub Type: **LCV Tractor Permit**

When finished, click **Next** at the bottom of the screen to move forward.

Contact information to appear on permit(s) being ordered:

Contact Phone:

Contact Email:

Primary Delivery Method: Email Address:

Additional Delivery Method:

Company Reference:

Permit Type:

Permit SubType:

Make any changes if needed

Optional free-form field for adding a unique reference number for each application

Select LCV Permit and Permit Type

8. Step One: Complete all fields with tractor information.

Do not enter the weight in the **lbs.** box, it will auto-populate later.

Note: The total unloaded weight on each axle should equal the total unloaded tractor weight.

9. Step Two: Click on **Enter Weights**.

Enter number of axles, axle spacing, tractor length, and unloaded weight(s) info.

*If you are unable to determine the unloaded weight from the tractor documentation or your dealer. The most accurate method is to weigh the unloaded tractor on a scale.

When completed, click on **Validate and Close**.

10. If all information is correct, click **Next**.

11. If all the information is correct, click **Submit**.

If changes are required, click the **Back** button and make any changes.

Axle Spacings

Axle	Distances	Weights (Rt.)	# of Tires	Tread Width and Rim Size
1		12500		
2	17 ft. 6 in.	2800		
3	4 ft. 4 in.	2800		

Permit Provisions

Seq	Condition

Buttons: Back, Save and Exit, Delete Permit, **Submit** (circled in red), Click Submit

12. Click **Issue and print the permit now**.

Notice of Permit Generation from System (highlighted in red)

1. Reissuing a Lost/Damaged Permit

Follow steps 1-4 above.

Click on “Advanced”

Click on “Permit Search”

The screenshot shows the 'State Dashboard' for Motor Carrier Services. In the right-hand navigation menu, the 'Permit Search' link is highlighted with a red circle and a red arrow points to it. Other links in the menu include 'Company Search' and 'State User Search'. The main content area shows a 'Create New: Permit' button and a 'Find:' dropdown menu. Below this, there's a 'Permit Queue' section with a 'Find Permit in Queue' button. At the bottom, there's a 'Messages' section with a 'PLEASE NOTE' message about permit status and a 'Get Statistics' button.

2. Under Permit Type:

Select “LCV Tractor Permit”

Click “Search”

The screenshot shows the 'Permit Search' form. The 'Permit Type' dropdown menu is set to 'LCV Tractor Permit' and is highlighted with a red arrow. Below the form, there's a 'Search' button circled in red. The form includes fields for 'Permit ID', 'Permit Status', 'Issue Date', 'Start Date', 'End Date', 'USDOT Number', and 'Permit Notes'. There are also checkboxes for 'People / Companies', 'Load Info', 'Vehicle Details', 'Other', and 'GIS'. A 'Reset Form' button is located at the bottom right.

3. From the list of permits:

A list of permits will be displayed.

Click on the appropriate PDF icon in the “View” column.

Your permit will be displayed and you can print or download it.

The screenshot shows the search results page. At the top, it says 'Records Found: 4'. Below this is a table with columns: 'View', 'Permit #/ID', 'Copy', 'Company Name', 'Pymt Type', 'VIN', 'Status', and 'Amended'. The first row is highlighted with a red circle around the PDF icon in the 'View' column. The table contains four records, all for 'Big Rigg Truck Lines'.

View	Permit #/ID	Copy	Company Name	Pymt Type	VIN	Status	Amended
	IN2026-T9775	Copy	C Big Rigg Truck Lines		1FUBGBDV0HLZZ1975	Issued	
	IN2026-T9774	Copy	C Big Rigg Truck Lines		1FUBGBDV0HLZZ1974	Issued	
	IN2026-T9773	Copy	C Big Rigg Truck Lines		1FUBGBDV0HLZZ1973	Issued	
	IN2026-T9772	Copy	C Big Rigg Truck Lines		1FUBGBDV0HLZZ1972	Issued
