Roy Nunnally, Director  
Asset Management Division  
Indiana Department of Transportation  
100 N Senate Ave. N925  
Indianapolis, IN 46204

Dear Mr. Nunnally:

The Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) have completed our review of the documents necessary to make an air quality conformity finding for the Northwestern Indiana Regional Planning Commission (NIRPC) planning documents. The NIRPC Metropolitan Planning Area is within the air quality conformity area comprised of Lake, Porter and LaPorte Counties. The need for this new conformity finding stems from an amendment (24-04.1 and 24-04.2) to the Northwestern Indiana Regional Planning Commission (NIRPC) FY24-28 Transportation Improvement Program (TIP).

Lake and Porter Counties are designated as Nonattainment for 2008 Ozone. Portions of Lake and Porter Counties are designated as Nonattainment for 2015 Ozone. Additionally, LaPorte County is designated as Maintenance for 1997 Ozone until July 19, 2027.

Appropriate consultation and public involvement on the amended TIP was completed. The Indiana Department of Environmental Management, the Indiana Department of Transportation, and the US Environmental Protection Agency have completed their reviews and determined that air quality conformity requirements have been met.

This conformity finding supersedes all previous conformity findings for this MPO. Therefore, FHWA and FTA Region V affirms the following planning documents conform to air quality conformity rule requirements:

NIRPC 2050+ Metropolitan Transportation Plan (original)  
NIRPC 2024-2028 Transportation Improvement Program (including Amendment 24-04.1 and 24-04.2)

If you have any questions, please contact Erica Tait, FHWA, at 317-226-7481 or [erica.tait@dot.gov](mailto:erica.tait@dot.gov); or Anthony Greep, FTA, at 312-353-1646 or [anthony.greep@dot.gov](mailto:anthony.greep@dot.gov).

Sincerely,

Michelle L. Herrell  
Division Administrator  
FHWA Indiana Division
