SECTION 1 INTRODUCTION AND GENERAL INFORMATION

1.1 Introduction

This Request for Proposals (“RFP”) is issued by the Indiana Department of Transportation (the “Department”) to seek competitive proposals (individually, a “Proposal” and collectively, “Proposals”) for a [progressive design-build project through a progressive design build agreement (“Progressive Design-Build Agreement”, or “Agreement”)]/[project to be delivered under a construction manager/general contractor method and agreement (“Construction Manager/General Contractor Agreement, or “Agreement”)]**[NTD: adjust based upon project delivery method]**. This RFP is issued further to the notice of anticipated issuance, dated [_____] [NTD: date of notice] by the Department. Upon execution, the Agreement will provide that the Apparent Selected Proposer¹ (as defined in Section 5.6 (*Final Scoring and Announcement*)) and such party upon execution of the Agreement being the “Progressive Contractor” shall develop[, design,] **[NTD: adjust based upon project delivery method]** and potentially construct the [_____] **[NTD – insert Project name]** project (the “Project”). The form of Agreement is included as Volume II of the RFP. The entity desiring to enter into the Agreement (individually, a “Proposer” and collectively, “Proposers”) is invited to submit a Proposal. The Proposer shall comply with the requirements set forth within this RFP during the procurement. The Proposer shall also take into consideration the Project goals identified in Section 1.3 (*Project Goals*) in drafting its Proposal.

It is anticipated that the Proposer will include, as part of its team, the Lead Contractor, [Lead Designer,] **[NTD: delete for CM/GC]** Key Personnel Firms, and any entities required for the team to meet the Project prequalification requirements described in Section 3.5 (*Department Prequalification*) (such parties, together with any other firms listed on Form D (*Identified Contractors*), being the “Identified Contractors”). The Proposer shall provide certain items as required in this RFP.

All times in this RFP are Eastern Time. Capitalized terms and acronyms not otherwise defined herein are defined in Agreement Exhibit A (*Acronyms, Abbreviations, Definitions, and Submittals*).

1.2 RFP Documents

1.2.1 Documents Comprising the RFP

The RFP consists of these instructions to Proposers and the attachments and forms hereto. For avoidance of doubt, the RFP includes the form of [Progressive Design-Build]/[Construction Manager/General Contractor] **[NTD: delete inapplicable delivery method]** Agreement (including its exhibits and attachments), attached as Attachment A (*Form of Agreement*).

1.2.2 RFP Amendments

The Department reserves the right to revise, modify, or change the RFP and procurement at any time before the Proposal Due Date (as set forth in Section 1.5 (*Procurement Schedule*)) or thereafter as described in Section 4.1 (*General Submittal and Format Requirements*) (each a “RFP Amendment”).

¹ Note that the Progressive Contractor is the “CMGC” as defined under IC § 8-23-8.5.2.

1.2.3 Errors

If any mistake, discrepancy, deficiency, ambiguity, error, or omission is identified in any of the documents by a Proposer at any time during the procurement, the Proposer shall notify the Department, and is encouraged to suggest a recommended correction, in writing in accordance with Section 2.5 (*Questions and Responses Regarding the RFP*).

1.2.4 Reference Information Documents

Additional information that may prove helpful to the Proposer in understanding the Project will be made available from time to time as Reference Information Documents (“RIDs”) or RIDs updates. The Department has not determined whether any documents included in the RID are accurate, complete, or pertinent. The RIDs are provided for information only and are not currently envisioned to become part of the Agreement.

1.3 Project Goals

The Department has identified the following goals for the Project:

- (1) Maximize use of the Project budget to provide the best value to the Department;
- (2) Minimize impacts to the natural and built environment;
- (3) Incorporate innovative project management processes to maximize efficiency;
- (4) Realize the benefits of [progressive design-build]/[construction manager/general contractor] project delivery;
- (5) [_____][*NTD – project goals 1-4 are of general applicability and can be included on each project (but tailored as necessary); additional goals (if applicable) may be added in project goal 5 and onwards in accordance with Section [2.1.1.2] of the INDOT Alternative Project Delivery Manual (APDM)*]

1.4 Project Description and Status

The Project includes [_____][*NTD – describe scope, location, and status of Project; refer to constraints in IC § 8-23-9.5(11)(a), (b) (i.e., what can be a “project” under the enabling legislation)*].

The Department anticipates completing the National Environmental Policy Act (NEPA) process in [_____][*NTD – describe contemplated NEPA approval timing*]. The Department will retain NEPA responsibilities, as detailed in the Agreement [*NTD: CM/GC*].

1.5 Procurement Schedule

The following represents the current anticipated schedule for the procurement. Further dates may be provided in subsequent iterations of the procurement schedule via RFP Amendments or other communication with [would-be][*NTD: remove from DRAFT RFP*] Proposers.

If no time is identified, a submission will be considered timely if it arrives before 4:00 p.m. EST on the day identified.

1.6 Anticipated Project Cost

The total current anticipated Project construction cost is \$60 million.

1.7 [Federal Requirements]*[NTD – include only if federalized deal]*

1.7.1 General Obligations

To preserve the ability of the Department to use federal funding for the Project, the procurement and the Agreement shall comply with applicable federal Laws. The Project is a Federal-aid highway contract and the Progressive Contractor will be required to comply with all federal laws and regulations, as more fully set forth in Agreement Exhibit G (*Federal Requirements*), in addition to analogous and other State laws and regulations.

1.7.2 Disadvantaged Business Enterprise Program

It is the policy of the Department that Disadvantaged Business Enterprises (“DBEs”) shall have the opportunity to participate in the development and performance of highway construction projects financed in whole or in part by federal funds in order to create a level playing field for all businesses who wish to contract with the Department. To that end, the Department will comply with the regulations found in 49 CFR Part 26, and the definitions and requirements contained therein shall be adopted as if set out verbatim herein.

No party involved on the Project shall discriminate on the basis of race, color, national origin, or sex in the performance of work performed pursuant to Department contracts. The Progressive Contractor shall carry out applicable requirements of 49 CFR 26 in the award and administration of federally assisted highway construction projects. The Progressive Contractor shall include this provision in all its subcontracts and supply agreements pertaining to contracts with the Department.

Failure by the Progressive Contractor to carry out these requirements will be considered a material breach of the Agreement, which may result in the termination of the Agreement or such other remedies as may be available thereunder.

1.7.2.1 DBE Goal

The DBE goal for the Project will be established after selection of the Progressive Contractor and prior to authorization of any Construction Work. It is expected to range between []% and []%*[NTD: insert DBE goal range]* of the total Project value. The Progressive Contractor will be required to exercise all necessary and reasonable steps to ensure that the DBE goal is met.

1.7.2.1 Obligation of the Progressive Contractor

The Progressive Contractor shall designate and make known to the Department a DBE compliance manager who is responsible for developing, managing, and implementing the DBE Performance Plan on a day-to-day basis, for carrying out technical assistance activities for DBEs, and for working with the DBE Liaison in disseminating information on available business and subcontracting opportunities so that DBEs are provided an equitable opportunity to compete and perform the Work.

1.7.3 Civil Rights/Equal Employment Opportunity

The Indiana Civil Rights Law (IC § 22-9-1) and the federal Civil Rights Act of 1964 (as well as 41 CFR Part 60 and 23 CFR Part 230) shall each apply to the Project and the Agreement.

1.7.4 Prevailing Wage Requirements

Prevailing wage requirements under the federal Davis-Bacon Act will be applicable to the Project.

SECTION 2 PROCUREMENT PROCESS

2.1 Procurement Method

The Department intends to use a single step with interview procurement method to select the Progressive Contractor. The Department reserves the right to modify the procurement to comply with applicable Law or address the best interests of the Department and the State of Indiana, including canceling the procurement at any time.

2.2 [Progressive Design-Build]/[CM/GC] Model/[NTD: delete the inapplicable delivery method]

[Progressive Design-Build (“PDB”) is an alternative contracting method in which a contractor teams with a designer and other firms in any legal manner (sub-prime, joint venture, etc.) to perform design and other preconstruction services for a project. In this model, the Department enters into a progressive design-build agreement with a legal entity or joint venture (as the “Progressive Contractor”) to perform “preconstruction services” and “design services” (each as defined under IC 8-23-9.5). If the Department determines that the Progressive Contractor, with and through its assembled team, has been successful in meeting the goals of the particular project, the Progressive Contractor (with its team) will be given an opportunity to construct it. The Progressive Contractor, with and through its team, shall share pricing information with the Department to facilitate price discussions and to help ensure the Department is receiving a fair price for the work to deliver the project as designed. The Department will utilize an Independent Cost Estimator (“ICE”) to evaluate the Progressive Contractor’s “Cost Model” and “Pricing Milestone Estimates” (“PME”). If the Department is satisfied with the performance of the Progressive Contractor, its approach to building the project, and the price, then the Department would award the construction of the Project through execution of the “Construction Phase Amendment” with the Progressive Contractor, capturing the price and finalizing other terms and conditions for project delivery. The Progressive Contractor will contract to perform such construction and related work. If the Department is not satisfied, the Department will have the right to terminate the progressive design-build agreement (depending on the circumstances, for convenience, failure to agree upon Construction Phase terms, or Progressive Contractor default – see Agreement Section 24 (*Breach of Contract*) and Agreement Section 25 (*Termination for Convenience; Failure to Agree on Construction Phase Amendment or Pricing Package Amendment*) of the Agreement for more information), and re-procure a progressive design-builder (and team), retaining the Progressive Contractor’s Lead Designer or Lead Contractor, (or both), or procure the project by some other method.

Agreement Exhibit B (*Preconstruction Phase Requirements*) outlines potential services to be performed during the Preconstruction Phase of the Project. The scope of work for Preconstruction Phase services will be negotiated with each Preconstruction Phase Amendment, see Agreement Section 2.1 (*Preconstruction Phase*) for additional information.][NTD: Include foregoing two paragraphs if procuring under progressive design-build, and delete the alternative (CM/GC) below]

[“Construction Manager/General Contractor” (“CM/GC”) is an alternative contracting method in which a contractor team, led by the “CM/GC Contractor”, is procured separately from the professional services consultant (designer) retained for a project, before completion of the design, to perform certain “preconstruction services” (i.e., consulting to provide information to the Department and its designer regarding the impact of the design on the construction of the project, to include among other things, scheduling impacts, work sequencing impacts, cost engineering, constructability, cost estimating, and risk identification). See IC 8-23-9.5(8). In this model, the Department enters into an agreement with the CM/GC Contractor as the “Progressive Contractor” to participate in the professional services consultant’s (designer’s) efforts by performing such preconstruction services. If the Department determines that the design and anticipated pricing, having benefitted from the CM/GC Contractor’s preconstruction services and that the collective effort successfully met the goals of the particular project, then the CM/GC Contractor will be given an opportunity to construct it at such price. Prominently within the preconstruction services is the CM/GC Contractor’s iterative sharing of cost and pricing information with the Department and its designer to facilitate price discussions and to help ensure the Department is receiving a fair price for the construction services to deliver the project as designed. The Department will utilize an Independent Cost Estimator (“ICE”) to evaluate the CM/GC Contractor’s “Cost Model” and “Pricing Milestone Estimates” (“PME”). If the Department is satisfied with the performance of the CM/GC Contractor, its approach to building the project, and the price, then the Department would award the construction of the Project through execution of the “Construction Phase Amendment” with the CM/GC Contractor, capturing the price and finalizing other terms and conditions for project delivery. If the Department is not satisfied, the Department will have the right to terminate the agreement with the CM/GC Contractor (depending on the circumstances, either for convenience, failure to agreement upon Construction Phase terms, or CM/GC Contractor default – see Agreement Section 24 (*Breach of Contract*) and Agreement Section 25 (*Termination for Convenience; Failure to Agree on Construction Phase Amendment or Pricing Package Amendment*) of the Agreement for more information), and procure a construction contractor to deliver the project under its conventional project delivery method (or, depending upon when terminated, by another project delivery method).

Agreement Exhibit B (*Preconstruction Phase Requirements*) outlines potential services to be performed during the Preconstruction Phase of the Project. The scope of work for Preconstruction Phase services will be negotiated with each Preconstruction Phase Amendment, see Agreement Section 2.1 (*Preconstruction Phase*) for additional information.][NTD: **Include foregoing two paragraphs if procuring under CM/GC, and delete the alternative (PDB) above**]

For purposes of IC § 8-23-9.5(16)(a)(9) and (6), the “GMP” is the aggregate of Preconstruction Phase Work and, if the Department elects to pursue construction of the Project, the Pricing Package amendments.

2.3 Department Authorized Representative

The Department has designated the following individual to be its authorized representative for the procurement (“Department Authorized Representative”) who (or whose designee) will provide all official Project communications, as intended under Section 3.8.1 (*Proposer Communications*):

[NTD – insert Director of Major Projects information below]

[name]

Director of Major Projects

Indiana Department of Transportation
[physical address]
E-mail: [project-specific email address]@indot.IN.gov

2.4 Rules of Contact

The rules of contact remain in effect until identification of the Apparent Selected Proposer or until the formal cancellation of the procurement by the Department. The Proposer shall comply with all applicable Laws and refrain from lobbying any governmental authority in connection with the procurement. No employee, member, agent, advisor, or consultant of any Proposer or Identified Contractor may undertake any ex-parte communications, directly or indirectly, regarding this procurement with any representative of the State of Indiana, the Department, or FHWA, including staff, advisors, contractors, or consultants, except for communications expressly permitted by this RFP.

All communications between the Department and the Proposer, other than “Proposer Questions” under Section 2.5 (*Questions and Responses Regarding the RFP*) before grant of access to ACC and otherwise as expressly directed hereunder, shall be in writing utilizing the Department Authorized Representative’s e-mail listed in Section 2.3 (*Department Authorized Representative*). All communications thereafter (including “Proposer Questions” shall be via ACC. For avoidance of doubt, all communications with the Department’s External Audit division shall be as set forth under Section Error! Reference source not found. (*Key Personnel Fully-Loaded Hourly Rates*) and not with the Department Authorized Representative or via ACC.

2.5 Questions and Responses Regarding the RFP

The Proposer shall review the RFP and any RFP Amendments issued by the Department prior to the Proposal Due Date. If the Proposer identifies any real or perceived mistake, discrepancy, deficiency, ambiguity, error, or omission contained therein, the Proposer shall request written clarification or pose questions using Form G (*Proposer Questions*). Unless expressly agreed otherwise, in advance and in writing by the Department Authorized Representative, the Proposer may only submit any such requests for written clarification or to pose questions through the Proposer Authorized Representative.

Proposers may also request written clarification or pose questions using Form G (*Proposer Questions*) with respect to the RFP documents set forth in Section 1.2.1 (*Documents Comprising the RFP*). Clarification requests and questions in this regard should be in the nature of seeking additional information rather than proposing adjustments to risk apportionment, terms, or conditions.

The Department will consider questions in issuing the final RFP and any RFP Amendments. The Department also may elect, at its discretion, to respond to questions through written responses. Responses to questions will be issued on the dates specified in Section 1.5 (*Procurement Schedule*). Any written responses to questions given by the Department will be for the information of the Proposer only and will not become part of the Agreement, except to the extent that the Department, in its discretion, may incorporate the substance of a response into, as appropriate, the RFP, whether in the final RFP issuance or by means of any RFP Amendments.

The Department will only consider questions submitted using Form G (Proposer Questions) via ACC, after submission of the ACC Access/Proposer Authorized Representative Designation Form and thereafter access granted to the Proposer Authorized Representative.

Questions shall be submitted prior to the dates specified in Section 1.5 (Procurement Schedule) using Form G (Proposer Questions) in **Microsoft Word format**. If a question is submitted after a due date, the Department, at its discretion, may elect to respond to the question in a subsequent answers to questions issuance. In completing Form G (Proposer Questions), the Proposer shall specify the relevant document (e.g., the RFP, form of Agreement, etc.), including the relevant page and section number, for reference. With respect to each Question Deadline specified in Section 1.5 (Procurement Schedule), the Proposer is encouraged to submit all questions at one time and in one submission. All questions shall:

- (1) Be listed separately;
- (2) Not identify the Proposer in the body of the question or comment;
- (3) Be sequentially numbered;
- (4) Specifically reference the relevant document and Section (include the exact language in question) unless it is a general question;
- (5) Address a single issue per question on an eligible topic;
- (6) Clearly indicate why the comment was made; and
- (7) Conspicuously identify whether the Proposer views its question or comment as confidential or proprietary in nature by indicating on Form G (Proposer Questions). The question shall explain why the Proposer considers the question to be confidential or proprietary.

The Department, in its sole discretion, may disagree with a Proposer's assessment regarding confidentiality of a question in the interest of maintaining a fair process or complying with applicable Law. Under such circumstances, it will inform the Proposer and may allow the Proposer to withdraw the question, rephrase the question, or have the question answered non confidentially.

2.6 Pre-Proposal One-on-One Meetings

The Department may invite Proposers to participate in a one-on-one meeting. If invited, the Proposer shall submit an agenda for the one-on-one meeting by the date specified in Section 1.5 (Procurement Schedule). The agenda shall include a list of names of individuals from the Proposer who will be in attendance as well as general topics for discussion. This information will be used to assure that the Department includes appropriate representation at the meeting. One-on-one meetings will be held on the dates set forth in Section 1.5 (Procurement Schedule). One-on-one meetings may in the Department's sole discretion be held virtually, in-person at [100 North Senate, Indianapolis, Indiana 46204], or hybrid virtually/in-person.

During one-on-one meetings, the Proposer may ask questions and the Department may provide responses for informational purposes. Any responses provided by the Department during one-on-one meetings may not be relied upon; provided, however, that the Department may, in its discretion, and subject

to Section 2.5 (*Questions and Responses Regarding the RFP*), incorporate the substance of its responses into the RFP. The Department reserves the right to disclose to all Proposers any issues raised during the one-on-one meetings, except to the extent that the Department determines such disclosure would reveal a Proposer's confidential business strategies, intellectual property, or technical solutions. The Department will maintain the confidentiality of information related to Proposers and their Proposals to the extent permitted by Law.

2.7 Confidentiality

2.7.1 Release of Information and the Access to Public Records Act

All Proposals will be deemed, once submitted, to be the property of the Department. The Department will not disclose any portion of any Proposal prior to award to anyone outside the Department, other than representatives of the federal government (if required) and any State personnel or outside consultants engaged by the Department in connection with this procurement. Upon the execution of the Agreement, the Department will have the right to duplicate, use, or disclose all Proposal data submitted by Proposers in response to this solicitation as a matter of public record. The Department's requirements for the content of the Technical Proposal are not intended to include proprietary data or other information, nor does the Department seek proprietary information of any Proposer. No portion of any Proposal shall be designated as "confidential" or "proprietary" information under IC § 5-14-3-4 or otherwise, and it is the Department's intent to publish entire Proposals pursuant to Section 5.9 (*Public Posting of Scoring and Technical Proposals; Proposer Debrief*). Information declared by the Proposer to be confidential, either in whole or in part may be deemed unresponsive to the solicitation, and may be rejected.

Information declared by the Proposer to be confidential, either in whole or in part, other than described in this Section 2.7.1, may be deemed unresponsive to the solicitation, and may be rejected. Except as provided in this RFP, the Department will have the right to use all ideas, or adaptations of those ideas, contained in any received response to the solicitation. Selection or rejection of the Proposal shall not affect this right.

2.7.2 Observers During Evaluation

The Proposer is advised that observers from federal or other agencies including FHWA, as well as Department consultants, may observe the Proposal evaluation process and will be permitted to review the Proposals. All persons provided with access to the Proposals will maintain confidentiality of the information contained therein in accordance with Department policy.

2.8 Changes in Proposer's Organization and Identified Contractors

Except as provided in this RFP, a Proposer may not make any changes with respect to the ownership of the Proposer or any Identified Contractor following the Proposal Due Date. Between the Proposal Due Date and execution of the Agreement, the Department will consider requests by Proposers to make changes with respect to the ownership of the Proposer and any Identified Contractors, such determination to be made in the Department's sole discretion based upon its written determination that a legitimate reason exists for the subject replacement. Any violation of the foregoing restrictions may result in disqualification of the Proposer from the procurement, including invalidating award of the mandate.

2.9 Notice to Proposers

To report bid rigging activities call: 1-800-424-9071.

The U.S. Department of Transportation (DOT) operates the above toll-free “hotline” Monday through Friday, 8:00 a.m. to 5:00 p.m. ET. Anyone with knowledge of possible bid rigging, bidder collusion, or other fraudulent activities should use the “hotline” to report such activities.

The “hotline” is part of the DOT’s continuing effort to identify and investigate highway construction contract fraud and abuse and is operated under the direction of the DOT Inspector General. All information will be treated confidentially, and caller anonymity will be respected.

SECTION 3 GENERAL REQUIREMENTS FOR PROPOSERS

3.1 Organizational Conflicts of Interest

The Proposer is prohibited from receiving any advice or discussing any aspect relating to the Project or the procurement with anyone with an organizational conflict of interest. The Proposer shall include a full disclosure of all potential organizational conflicts of interest in the Proposal, including all relevant facts concerning any past, present, or currently planned interests which may present an organizational conflict of interest, as required by 23 CFR 636.116.

Each of the following circumstances shall be deemed an organizational conflict of interest disqualifying the Proposer:

- (1) Participation by any of the following firms on more than one Proposer team:
 - (a) Lead Contractor;
 - (b) [Lead Designer; **[NTD: delete for CM/GC]** or
 - (c) Key Personnel Firm.
- (2) Participation by an Affiliate of any such entity identified in clause (1) above, on another Proposer team.
- (3) [Participation by, or by an Affiliate of, the professional services consultant (designer) retained by the Department for the Project] **[NTD: CM/GC only]**

Without limiting the foregoing, the Proposer and Progressive Contractor shall comply in all respects with the Department Conflict of Interest Policy set forth in Agreement Exhibit H, Attachment 1 (*Department Conflict of Interest Policy*).

The Proposer and each Identified Contractor shall disclose all conflicts of interest, including all present or planned contractual arrangements with the Department’s project management team in Form B (*Proposer and Identified Contractor Certification*). The Proposer and each Identified Contractor shall, in the disclosure, identify planned efforts to avoid, neutralize, or mitigate any potential conflict of interest between such entity on the Project and such other contractual arrangements.

The Proposer is encouraged to disclose all potential organizational conflict of interest in advance of the Proposal Due Date for determination by the Department if such organizational conflict exists. If an organizational conflict of interest is determined to exist at the time of Proposal submittal, the Department may, in its sole discretion, disqualify the Proposer from the procurement. If the Proposer was aware of an organizational conflict of interest prior to the award of the Agreement and did not disclose the conflict to the Department using the prescribed form of notification in this RFP, the Department may terminate the Agreement for breach of contract.

3.2 Ineligible Individuals and Firms

No entity that has been debarred or suspended from bidding or is otherwise ineligible for state or federal contracts may participate on any Proposer team.

At the time of submitting its Proposal, the Proposer, and each Identified Contractor shall certify on Form B (*Proposer and Identified Contractor Certification*) that it is not presently debarred, suspended, proposed for debarment, voluntary excluded, or disqualified from bidding by any federal or state agency and shall certify and indicate exceptions to the statements identified in Form B (*Proposer and Identified Contractor Certification*).

The Department, in its sole discretion, may reject a Proposal based on any such exception except to the extent the Department has evaluated the item during Proposal evaluation as provided in Section 5.1 (*Responsiveness and Pass/Fail Evaluation*) and there is no new information following Proposal submission that warrants rejection of the Proposal.

3.3 Restricted Firms

The following firms are not allowed to participate on any Proposer team due to a conflict of interest:

(1) [_____]; ***[NTD – list out any firms that would be prohibited by conflict of interest guidelines from participating on a Proposer Team]***

3.4 Registration with the Secretary of State

The Apparent Selected Proposer will be required to provide to the Department evidence of the Apparent Selected Proposer's and each Identified Contractor's authorization to transact business in the State, prior to execution of the Agreement and as a condition precedent to the Department's execution thereof. Depending on the form of organization, such evidence may be in the form of (i) a certificate of authority to do business in the State along with a "certificate of good standing" (or equivalent) from the state of organization of such party; (ii) a "Certificate of Existence" from the Indiana Secretary of State; or (iii) other evidence acceptable to the Department, in its sole discretion. Each such party shall also provide a valid State business license.

3.5 Department Prequalification

In order to submit a Proposal applicable Identified Contractors shall be prequalified with the Department prior to the Proposal Due Date for all classifications of work identified in Section 3.5. If any such party is a partnership, joint venture, or consortium, then the foregoing shall be construed to apply to its partners or members. All subcontractors utilized by the Proposer on the Project shall satisfy the

prequalification requirements set forth in Section 3.5.1 (Prequalification Types) prior to performing applicable work.

See Section 3.5.1 (Prequalification Types) for additional, specific information as to the particular prequalifications required and those entities that must be prequalified. Responses that do not have all mandatory areas of prequalification fulfilled will be deemed nonresponsive.

SECTION 5 PROPOSAL EVALUATION PROCESS

5.1 Proposal Evaluations Generally

The Department will appoint such persons, and conduct the evaluations of the Proposals in accordance with Section 4.2.5 of the Department’s “Alternative Project Delivery Manual” and this Section 5 (Proposal Evaluation Process). Without limiting the Department’s internal conflict of interest disclosures and policies, and to the extent permitted under applicable laws, by submitting Proposals, Proposers acknowledge and agree that (a) Department personnel’s personal knowledge of and experience with Proposer, Identified Contractors, as well as the individual persons (to include proposed Key Personnel) and (b) Department’s corporate experience with Proposer, Identified Contractors, and any of their Affiliates are not, in each case, in themselves, irrelevant to the evaluation of the Proposals.

5.2 Responsiveness and Pass/Fail Evaluation

The Department will review each Proposal to confirm that it is responsive. A responsive Proposal shall be complete and shall not deviate from the RFP requirements in any material respect.

Following the Department’s determination of responsiveness, the Department will evaluate each Proposal based upon the following pass/fail criteria:

- (1) The Proposer has presented evidence showing the makeup of its organization and evidence that its organization has the legal ability to enter into and perform the Agreement to deliver the Project;
- (2) The Proposer and each Identified Contractor identified on Form D (*Identified Contractors*) is not currently suspended, debarred, voluntarily excluded, or disqualified from performing or bidding on work for any federal or state agency;
- (3) The information disclosed in Form B (*Proposer and Identified Contractor Certification*) does not, in the Department’s sole determination, materially adversely affect the Proposer’s responsibility, including its integrity and ability to carry out the Project responsibilities potentially allocated to it;
- (4) The information disclosed in Form B (*Proposer and Identified Contractor Certification*) does not identify any restricted firms listed in Section 3.3 (*Restricted Firms*), and Proposer’s submitted

Form B (*Proposer and Identified Contractor Certification*) does not modify the certification that it has not and will not engage any such restricted firms, if selected as the Progressive Contractor, to carry out the Project responsibilities potentially allocated to it;

(5) The Proposer demonstrates, in the Department’s sole determination, that the Proposer is capable of obtaining the P&P Bonds in the amount set forth in Section 4.2.1.2 (*Surety Letter*).

(6) The Proposer [has received and] submits in its Proposal evidence of the Department’s External Audit division’s [written approval as to the conformance]/[submission] of all such Key Personnel hourly rates to the Department’s provided rate policy. **[NTD: INDOT’s project-specific basis determination whether submission is sufficient (at this point) or approval is required]**

(7) Proposer has delivered the Proposal Security in accordance with the requirements of Section 4.3.1 (*Proposal Security Requirements and Delivery*).

A Proposal that does not achieve a “pass” rating on any pass/fail element will be deemed unacceptable and will not progress to further evaluation and scoring.

5.3 Proposal Evaluation

The Department intends to identify the Proposer with the highest overall score as the Apparent Selected Proposer. The Proposer’s scores are the sum of the Technical Proposal score and the interview score. Table 4 (*Distribution of Points*) shows the maximum points allocated to each category.

Table 2: Distribution of Points

Evaluation Criteria		Maximum Score
Technical Proposal	Experience of the Firms	[15] points
	Key Personnel Experience	[30] points
	Preconstruction Phase Approach & Organization	[25] points
	Construction Phase Approach & Organization	[10] points
Interview <i>(top 3 Proposers, following Technical Proposal evaluation)</i>		[20] points
Total		100 points

[NTD: this is a fairly standard point distribution to be tailored as necessary for each project]

5.4 Technical Proposal Evaluation

The Technical Proposal evaluation consists of the scoring of Department evaluators for the following categories:

5.4.1 Experience of the Firms

Firm experience will be evaluated on:

(1) The extent to which the Proposer's experience demonstrates experience relevant to the size, complexity, and composition of the anticipated Project in the areas of the ability to maintain the project schedule, coordinate with adjacent projects, develop and maintain an agile design and construction environment, and construct using innovative methods or materials; and

(2) The extent to which the Proposer demonstrates proven experience working with owners to develop and implement innovative, cost saving, and value additive concepts on prior projects.

(3) The extent to which the Proposer's experience demonstrates relevant experience that will improve the likelihood of successful project delivery.

The Department will consider all relevant firm experience that demonstrates the likelihood of successful project delivery in its evaluation and scoring.

5.4.2 Key Personnel Experience

Key Personnel Experience will be evaluated based on the extent to which:

(1) The Key Personnel meet or exceed preferred requirements for qualifications and experience;

(2) The experience of each Key Personnel included work of a similar scope, nature, and complexity as the Project; and

(3) The Key Personnel can demonstrate a history of commitment to collaboration among all parties.

5.4.3 Preconstruction Phase and Construction Phase Approach

The evaluation of the Proposer's approach (preconstruction and construction) will be based on the extent the Proposer demonstrates:

(1) a general management structure and corporate culture that facilitates coordination and collaboration among the parties involved in the Project in a manner that is aligned with [progressive design-build]/[construction manager/general contractor]**[NTD: adjust based upon project delivery method]** delivery;

(2) an understanding of the Project and alignment of the approach with Project goals;

(3) technical expertise and management approaches that will increase the likelihood of Project success; and

(4) an understanding of key points of [progressive design-build]/[construction manager/general contractor][**NTD: adjust based upon project delivery method**] delivery including the Progressive Contractor's role in Project advancement at each Project phase, likely issues and Project stressors at each Project phase, and understanding of the GMP process and pricing transparency.

5.5 Interviews

All Proposers that submitted Proposals and whose Proposals were determined to be responsive and passed all pass/fail criteria shall be offered an interview with the Department. All such Proposers' respective Proposer Authorized Representative will be notified provided with their Technical Proposal evaluation score (as scored in accordance with Section 5.3 (*Technical Proposal Evaluation*)), the difference between their score and the then-highest scoring Proposer's score, and whether they are among the Proposers with the three then-highest scoring Technical Proposals. Proposers may elect to accept the Department's offer or decline participation in an interview, in which latter case, the Proposer will have been deemed to waived any right at law or in equity to protest any part of the solicitation. Proposers that accept the Department's offer of an interview, but were not among the those Proposers that submitted the three highest scoring Technical Proposals, will not be eligible for selection pursuant to the Commissioner's final determination under Section 5.6 (*Final Scoring and Announcement*); provided, however, that in the exercise of any of the Department's relevant reserved rights under Section 6.1 (*Reserved Rights*) (e.g., disqualification of a Proposer) or if a Proposer withdraws its Proposal under Section 4.3 (*Proposal Validity Period; No Withdrawal of Proposals*), then the Proposer may be eligible, as among the three highest scoring Technical Proposals as thereafter determined, for selection. For avoidance of doubt, Proposers that decline the Department's offer of an interview with the Department are not deemed to have withdrawn from the solicitation under Section 4.3 (*Proposal Validity Period; No Withdrawal of Proposals*).

The Proposers that submitted the three highest scoring Technical Proposals will be required to attend an interview with the Department³. For avoidance of doubt, but without limiting the proviso in the preceding paragraph, only those Proposers that submitted the three highest scoring Technical Proposals will be eligible for the Commissioner's final determination under Section 5.6 (*Final Scoring and Announcement*).

The interviews are anticipated to occur in-person at the Department Central Office. The interview will last 60 minutes and will consist of a 30-minute presentation from the Proposer followed by a 30-minute question and answer period. All Proposers will be asked the same questions. Questions will either be posed to specific Key Personnel or to the team as a whole. No such interview shall be open to the public.

The Proposer may bring to its interview any material it believes may assist the Department in the evaluation process. The Proposer shall attend the interview with all Key Personnel. The Proposer may bring other individuals so long as the total number of attendees does not exceed 10 individuals.

³ Internal note for INDOT – the panel that performs the interviews needs to be the same panel that determines final scoring.

Interviewing Proposers will be evaluated on the quality of the information presented in the interview, including the extent to which:

- (1) the Proposer communicated Project understanding in a clear and concise manner that was easy to understand;
- (2) the Proposer demonstrated technical expertise, ability to anticipate technical issues, and required levels of expertise for each Project phase; and
- (3) the Proposer demonstrated recognition of key points and ideas, including the Progressive Contractor's role in Project advancement at each Project phase, likely issues, and Project stressors at each Project phase, understanding of the GMP process and pricing transparency, and ideas and ability necessary to effectively collaborate with the Department and other stakeholders to achieve Project goals.

5.6 Final Scoring and Announcement

Following completion of the interviews conducted pursuant to Section 5.5 (Interviews), the Department shall finalize scoring for each Proposer that was interviewed, as well as those Proposers that were not, and as among the Proposers that had submitted the three highest scoring Technical Proposals as of the last interview, the Commissioner of the Department shall make a final determination as to the Apparent Selected Proposer in accordance with IC § 8-23-9.5. Following such determination, the Department shall notify the Proposers of such selection, following which the Department and the Apparent Selected Proposer shall each endeavor to negotiate mutually acceptable Contract Documents. For avoidance of doubt, only the scores for those Proposers that submitted the three highest scoring Technical Proposals will be relevant to the Commissioner's final determination.

5.7 Finalization and Execution of Agreement

Except as expressly set forth in this Section 5.7, the form of Agreement, however, attached as Attachment A (Form of Agreement), is not intended to be negotiated in form or substance with the Apparent Selected Proposer. By submitting its Proposal, each Proposer commits to enter into the form of Agreement, without variation, except to fill in blanks and include information that the form of Agreement indicates is required from the Proposal.

Promptly upon notification of selection as the Apparent Selected Proposer, the Apparent Selected Proposer and the Department shall engage in negotiations to determine the "Preconstruction Phase Cost Cap" under the Agreement. The Preconstruction Phase Cost Cap amounts to valuation of the anticipated Preconstruction Phase scope of work and shall be determined utilizing the hourly rates submitted in Form C (Key Personnel Hourly Rates) to and approved by the Department's External Audit division pursuant to Section 3.7 (Key Personnel Fully-Loaded Hourly Rates), unless the Department elects in its sole discretion to further negotiate such hourly rates. The Department anticipates seeking hours estimates from the Apparent Selected Proposer, and when agreed, shall calculate the Preconstruction Phase Cost Cap based upon those hours and the previously-submitted, binding Key Personnel hourly rates. The Department may also elect, in its sole discretion, to negotiate various other aspects of the Contract Documents and scope of Work with the Apparent Selected Proposer. The Apparent Selected Proposer shall be deemed to have committed to attend and actively participate in reasonably scheduled negotiation meetings with the Department.

If the Department is unable to negotiate mutually acceptable Contract Documents with the Apparent Selected Proposer (including a failure to agree on a Preconstruction Phase Cost Cap that the Department and highest scoring Proposer each determine to be fair and reasonable, or if the Apparent Selected Proposer does not provide sufficient information or timely feedback to finalize the Agreement in accordance with schedule set forth in Section 1.5 (Procurement Schedule)), then the Department shall terminate negotiations with the Apparent Selected Proposer and may then undertake negotiations with the Proposer with the next Proposer, designated by the Commissioner, as the new Apparent Selected Proposer, and continue in this manner until an agreement is reached or until a determination is made by the Department to reject all submitted Proposals. The first Proposer designated by the Commissioner (or where the Department is unable to negotiate a contract with the first such designee, the Proposer with which the Department is engaged with in negotiations in accordance with the procedures set forth in this Section 5.6 (Final Scoring and Announcement)), shall be the “Apparent Selected Proposer”.

Upon finalization of the Agreement, the Apparent Selected Proposer shall provide the Department with an executed copy within five business days of the Department’s request therefore.

5.8 Delivery of P&P Bonds

The P&P Bonds, in accordance with Agreement Section 29 (Payment and Performance Security), shall be in place for the Apparent Selected Proposer at the time of the Progressive Contractor’s execution of the Agreement and as a condition precedent to the Department’s execution thereof. Failure of the Apparent Selected Proposer to comply with the foregoing requirement may result in the Department disqualifying such Proposer and undertaking negotiations with the next highest scoring Proposer, and preclusion of the Proposer from future contracting opportunities with the Department.

5.9 Public Posting of Scoring and Technical Proposals; Proposer Debrief

The Department shall, following execution of the Agreement, publish on its website the Department’s final scoring of each Proposal and a copy of the “Technical Proposal” section of each Proposal.
