Introduction to Wage and Contribution for Employer Users

Employer Users may enter and maintain wage and contribution information in the Employer Reporting and Maintenance (ERM) application. Based their security roles, Employer Users can perform these wage and contribution functions:

- Upload Wage and Contribution, Adjustment and Settlement Adjustment files.
- Enter wage and contribution online.
- Complete an online wage and contribution adjustment.
- View and manage wage and contribution submission reports.
- Process wage and contribution submission reports for payment.
- Resolve wage and contribution errors in the Exception Queue.

This user manual introduces all the features and screens associated with wage and contribution management in the ERM application.

**NOTE:** Wage and contribution reports must be entered and paid in sequential order, according to payroll dates. A payroll date may be skipped if the Submission Unit does not have any transactions for that period.

**NOTE:** It is very important to keep the Exception Queue clear and resolve errors in a timely manner. If there are any transactions that have been in the Exception Queue for 30 days or more, wage and contribution reports for payment cannot be submitted until those errors are resolved.
Glossary of Important ERM Terms

See the *Glossary of Important ERM Terms* document for a complete list and definitions.

**Figure 5: Wage and Contribution > File Upload Screen**

The **Wage and Contribution > File Upload** screen contains four sections that allows uploading of the Wage and Contribution, Adjustment, or Missed Wage and Contribution or Settlement Adjustment file:

- Use the radio buttons in the **Select File Upload Type** section to identify the type of file to be uploaded.
  - The **Wage & Contribution Or Adjustment File Upload Or Missed Wage and Contribution** radio button allows the Wage and Contribution or Adjustment file or Missed Wage and Contribution to be uploaded.

Use the File Upload section to identify the location of the Wage and Contribution, Adjustment, Missed Regular Wage and Contribution or Settlement Adjustment File and upload it to the ERM application.

**NOTE:** Certain adjustment transactions may be included on the same file as regular wage and contribution transactions if they are for the same payroll date.

A sample of the required file format can be found at [http://www.in.gov/inprs/erm_file_templates.htm](http://www.in.gov/inprs/erm_file_templates.htm).

The file type is a pipe delimited ( | ) text file (.txt extension). The file layout includes the following fields:

- A header containing the following required fields:
  - Payroll Date
  - Row Count
- A body containing the following fields for each member (required fields are marked with an asterisk):
  - Submission Unit Number*
  - Submission Unit Fund*
  - Social Security Number (SSN) (Require at least 2 of the following: SSN, Pension ID or Last Name of Member)
  - Pension ID (Require at least 2 of the following: SSN, Pension ID or Last Name of Member)
  - Last Name of Member (Require at least 2 of the following: SSN, Pension ID or Last Name of Member)
  - Pensionable Wages
  - Mandatory Post-tax Contributions
  - Mandatory Pre-tax Contributions
  - Employer Share
    - For My Choice Retirement Savings Plan (formerly ASA Only) participating employers, the employer share field includes:
      - Normal Cost
      - Supplemental Cost
      - Matching Contribution Percentage
    - For all other Funds, the employer share field includes only the employer contribution percentage.
  - FSP Wages (TRF only)
**Voluntary Pre-Tax Contributions continue for members who elected the option before 1/1/2018. As of 1/1/2018, members can no longer elect this option. The election is irrevocable so members enrolled prior to 1/1/2018 continue with pre-tax contributions as long as they are employed with the same employer in an INPRS-covered position. Members who elected the Voluntary Pre-Tax Contribution option, who leave employment and return to the same employer are required to continue with voluntary pre-tax contributions because the election is irrevocable.

### Upload a Wage and Contribution or Adjustment File

To upload a wage and contribution or adjustment file:

1. Click the **Wage & Contribution or Adjustment File Upload or Missing Wage and Contribution** radio button in the Select File Upload Type section of the **Wage & Contribution or Adjustment File Upload** screen, as shown in Figure 6.
2. Enter the payroll date for the wage and contribution or adjustment in the **Payroll Date** field by typing the date or clicking on the calendar icon as shown in Figure 7. Available payroll dates display in bold font on the calendar. Only payroll dates that are applicable to the Submission Unit(s) the employer has access to are available for entry.

**Figure 7: Access the Payroll Calendar**
3. Choose the Submission Unit(s)/payroll frequency combinations that are included in the file from the list displayed in the grid in the Select Submission Unit(s) section of the screen as shown in Figure 8. To select multiple Submission Units, or multiple payroll frequencies of the same Submission Unit, press the CTRL key and make selection(s).

**NOTE:** When a payroll date is selected, ERM filters the Submission Unit grid for all payroll frequencies that fall on that date. This allows a single file upload to contain payroll data for multiple payroll frequencies. For example, an employer may pay some employees weekly and others bi-weekly. On payroll dates where those two cycles fall on the same date, a single payroll file may be uploaded to ERM containing wage and contribution data for both. However, they may be submitted separately.

**NOTE:** For multiple payroll frequencies that pay on the same payroll date, upload a file for each payroll frequency, or upload a single file containing multiple frequencies. Uploading a file containing multiple frequencies, each frequency included in the file must be selected from the grid. This can be done by holding down the CTRL key and clicking on each applicable frequency in the grid.

4. Click the **Browse** button next to the **Upload File** field in the File Upload section of the screen.

5. An explorer window opens, as shown in Figure 9. Browse for and select the wage and contribution or adjustment file to be uploaded. Click the file name to populate the **Upload File** field.
6. Select the file to be uploaded, click the **Upload** button. This begins a structural validation process that ensures the file meets the file layout specifications provided by INPRS.

7. When the file name displays above the **Upload File** field, click the **Submit** button to submit the **Wage and Contribution or Adjustment file**.

**NOTE:** If adjustments are included with regular wage and contribution transactions, they must be paid on the same payroll date as the regular wage and contribution transactions. If they are being paid on an off-cycle payroll, they must be entered online using the *Online Adjustment* section of the ERM application.

**NOTE:** If a payroll date is skipped, the notification screen displays, as shown in Figure 10. This notification asks the Employer User to do one of the following:

- Acknowledge that the Employer User intended to skip a payroll date because there is nothing to report for the payroll date
- Cancel the wage and contribution submission and submit wage and contribution transactions for the skipped payroll date if the Employer User did not intend to skip a payroll date.
8. Once the file is submitted, the confirmation notification is received, as seen in Figure 11. This confirmation screen states that the file is beginning the validation process and the validation results can be viewed from the Submission Reports Status grid.

NOTE: If an uploaded file contains both regular wage and contribution and adjustment transactions, separate reports will be created for the wage and contribution transactions and adjustment transactions by Submission Unit.
Upload a Settlement Adjustment File

To upload a settlement adjustment file:

1. Click the Settlement Adjustment File Upload radio button, as shown in Figure 12.

   ![Figure 12: Settlement Adjustment File Upload Screen](image)

   **NOTE:** Submitting the file to the application does not mean it has been submitted for payment. To submit for payment any wage and contribution or adjustment reports entered via file upload, access the report through the Submission Reports section of the ERM application.

2. Enter the payroll date the settlement adjustment is being paid in the Payroll Date field. Click the Payroll Date field, a pop-up bubble displaying the required date format for the field displays.

3. Choose the Submission Unit included in the file from the list displayed in the grid in the Select Submission Unit(s) section of the screen.

This begins a structural validation process that ensures the file meets the file layout specifications provided by INPRS, which can be found at [http://www.in.gov/inprs/erm_file_templates.htm](http://www.in.gov/inprs/erm_file_templates.htm). **Figure 56: Process for Payment Screen for PERF Hybrid, PA, JU, CE, 77**

The **Process for Payment** screen has two sections:

- The top section displays the report number, report status, payroll date and report type. It also contains a line item breakdown of the total payments contained in the report.

**NOTE:** If the report is being submitted late for payment, interest may be added to the report.
The bottom section contains four fields that display detailed information about the report being submitted for payment:

- The **Invoice Amount** field shows the total amount due for the selected report.
- The **Account Balance** field shows the credit or debit balance of the Submission Unit’s account.
  - If the amount shown in this field displays in red, the amount is a credit and automatically applies toward the payment being made.
  - If the amount shown in this field is in black, the amount is a debit. Debits are added to the amount due on the report being submitted for payment.
- The **Total Amount Due** field shows the invoice amount plus any debit balance or minus any credit balance.
- The **Amount Unassigned** field shows any remaining balance that has not yet been assigned for payment.

This section also contains fields used to assign payment amounts for each bank account (if applicable).

**NOTE:** If there is a credit on the Submission Unit account, it is automatically applied to the submitted report, reducing the total amount owed.

To assign payments:

1. Select an account number from the drop-down menu in the **Account Number** field.
2. Identify the amount to be paid from the chosen account in the **Amount** field.
3. Click the **add** button to add the payment to the Bank Account Number table in the **Assign Payments** section of the screen.
4. To make payments from more than one account, identify another bank account using the **Account Number** field, then identify the amount to be paid in the **Amount** field.
5. When the value in the **Amount Unassigned** field is zero, click the **Submit For Payment** button.

**NOTE:** Credits created in the TRF 1996 and Pre-1996 accounts can only be used towards payments in the same fund. Credits created in the My Choice Plan and the PERF Hybrid fund can only be used towards payments in the same fund.

In the process for payment screen, the assign payments section for TRF submission units detail pre-1996 and 1996 amounts, as shown in Figure 57.
In the process for payment screen for PERF My Choice and PERF Hybrid participating submission units, the Assign Payments section details the invoice amount, applied balance, and net payment due for both the Hybrid and My Choice Plan, as shown in Figure 58.
Line items for Retro Contributions include links to reflect the breakdown of cost per member:

- **Total Retro Contributions Due for Undecided Members** link
  - The cost detail is shown per member, per plan to reflect what would be owed depending on the member’s choice, since the member has yet to make an election to participate in the PERF Hybrid Fund or PERF My Choice Plan. The employer cost could differ if the member chooses the Fund or Plan, as shown in Figure 59.
Total Retro Contributions Due Now

- The cost detail is shown per member according to the election that has been made since the last report was submitted. This link provides cost details reflecting only what is owed now, since the election has been made, as shown in Figure 60.

**Figure 60: Pending Transactions Due Now Pop Up Screen (My Choice)**

Click the **Submit For Payment** button on the Process for Payment screen and the Confirm Payment screen displays as shown in Figure 61.

2. Identify the payment date in the **Payment Date** field found in the **Assign Payment Date** section of the screen. Choose from the following options:
   - Immediate Payment
   - Future Payment Date

   **NOTE:** For **Future Payment** the date entered cannot be after the Payroll Date. **Future Payment** cannot be chosen when submitting an adjustment report.

3. Click the **Submit** button. The **Payment Confirmation** screen, as shown in Figure 62, opens. Review the details on the screen, including the payment summary and the bank account(s) and payment(s) shown in the Bank Account Number grid.

4. Click the **Done** button to return to the **Report Summary** screen.
The Report Summary screen for PERF My Choice and PERF Hybrid employers reflects additional fields in the table. As illustrated in Figure 63, Normal Cost, Supplemental Cost, Matching Contribution, and Hybrid ER Share show in the scrollable grid, which are distinct to employers participating in both plans. All employers, including PERF My Choice and Hybrid employers, see fields in the grid summarize Wage and Severance Wage amounts in the following categories:

- Mandatory Pre-Tax Contributions
- Mandatory Post-Tax Contributions
- Voluntary Pre-tax Contributions**
- Voluntary Post-Tax Contributions
- Employer Contribution Share
- Total

** Voluntary Pre-Tax Contributions will continue for members who elected the option before 1/1/2018. As of 1/1/2018, members can no longer elect this option. The election is irrevocable so members enrolled prior to 1/1/2018 will continue with pre-tax contributions as long as they are employed with the same employer in an INPRS-covered position. Members who elected the Voluntary Pre-Tax Contribution option, who leave employment and return to the same employer will be required to continue with voluntary pre-tax contributions because the election is irrevocable.

**NOTE:** All settlement adjustments submitted by Employer Users automatically go into a settlement hold status until an INPRS Staff User reviews and approves the settlement information and releases the settlement adjustment for payment. Only then can the Employer User submit the settlement adjustment for payment.
