

Which option is right for you?

For TRF Members

As a new employee entering into TRF-covered employment, you have 60 days from your start date to choose between two retirement options. You will receive a PIN number in the mail with instructions on how to access your online account in order to make an election. If you do not make a choice within the 60 day election window, you will default to the TRF Hybrid plan. Your plan selection is irrevocable, regardless of whether you choose between the two options or default.
