NOTE: Submission Unit bank accounts must be set up well in advance of the first ERM wage and contribution submission, as it may take up to 10 business days to authenticate bank account information. If you are a user for multiple Submission Units, you must set up bank accounts for each Submission Unit separately.

4.3 Confirm Payroll Dates

For creation and management of the **Payroll Calendar**, contact the EA Team.

- You are able to view, review, and confirm the entries. For any questions or changes, contact the EA Team.
- If you are a user for multiple Submission Units, you must confirm payroll dates for each Submission Unit separately.
- INPRS expects that the wage and contribution reporting occurs on the dates shown in the **Payroll Calendar**. For changes to the Payroll Calendar, contact the EA Team.

NOTE: **Effective 12/31/2009**, employers are to submit contributions, records, and reports electronically in a uniform format through a secure connection over the Internet. Set up of employer, users, wage and contribution submissions and instructions on completing tasks are included in the manuals and QRGs available on the [ERM – Manuals](#) page and the [ERM – Quick Reference Guides](#) page of the INPRS website.

NOTE: To ensure that both employers and INPRS staff perform functions in ERM consistently and efficiently, the ERM documents have been written for Employer and Staff. The Employer versions are available from the [Employer Reporting & Maintenance](#) page of the INPRS website. (IC 5-10.2-2-12.5)
