EXCISE FUND AT A GLANCE

Survivor Benefits, continued

As of July 1, 2020, if a member dies in the line of duty after Jan. 31, 2018, the surviving spouse, parent, or eligible surviving child nominated by the member is entitled to 100 percent of the amount to which the member would have been eligible for with 25 years of service at 50 years of age.

If a member died in the line of duty after Jan. 31, 2018 and before Jan. 1, 2020, their survivor may repay the full amount distributed to them in return for the full annual survivors’ allowance plus interest, or the annual survivor’s allowance will be reduced by the amount already distributed.

If a member dies other than in the line of duty after Jan. 31, 2018 with at least 15 years of creditable service, the surviving spouse, parent, or eligible child is entitled to 50 percent of what the member would have been entitled if the member had retired with 25 years of service at 50 years of age. Survivors of inactive members with at least 15 years of service who did not receive a disability are entitled to a lump-sum refund of all contributions to the participant’s credit, plus interest.

If you don’t name a beneficiary or if your beneficiary predeceases you, your estate will receive a lump sum payment of funds plus accrued interest.

Service Credit

- You are entitled to service credit for the time you receive state disability benefits, or serve in the military.
- You may purchase service credit under the terms of this plan.

Lump Sum Distributions

You may withdraw your savings account if you separate from employment with less than the minimum service required to be vested in a retirement benefit.

Deferred Retirement Option Plan (DROP)

Effective July 1, 2008, a Deferred Retirement Option Plan (DROP) was established for all eligible plan participants.

If you are eligible to retire and immediately begin drawing unreduced benefits, you may enter the DROP and declare a retirement date.

The DROP frozen benefit will be based on average annual salary and years of creditable service on the date you enter the DROP.

If you retire on your DROP retirement date, you may elect to receive an annual retirement allowance:
- Calculated as if you had never entered the DROP; or
- Consisting of the monthly DROP frozen benefit, plus an additional one-time DROP benefit paid as you elected, determined by multiplying the monthly DROP frozen benefit by the number of months you were in DROP.
