

Retire your device from the Legacy MobileIron Platform

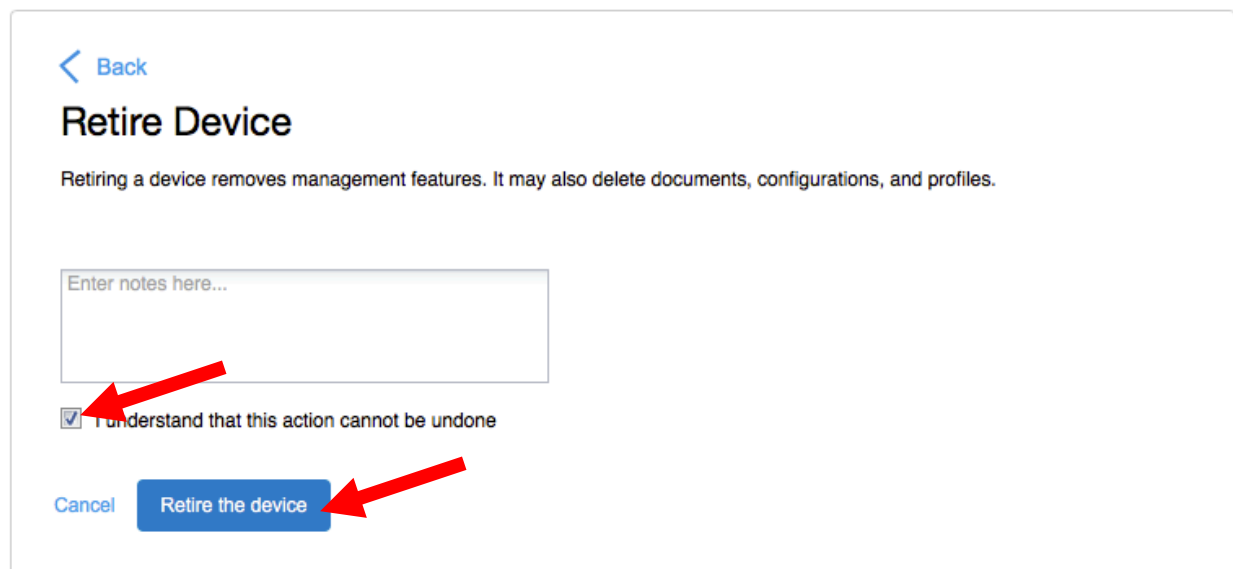

Log into the Legacy MobileIron User Portal using your State email address and password

<https://mdm.in.gov/mifs/user/login.jsp>

Click the “Retire” button for the device you wish to retire

On the next screen, check the box next to “I understand that this action cannot be undone” and then click on “Retire the device”

The device management, accounts, apps, configurations and policies that were added by MobileIron will be removed with no effect on your other data.
