

SAVE THE DATE: VIP EVENT

Three Events. One Location. One Goal:

To benefit first responders and the public they serve

10 am - 5 pm

Integrated Public Safety Commission Communications Conference

Hosted by the Integrated Public Safety Commission (IPSC) this conference for local government leaders and decision makers will focus upon rapid developments in public safety communications technology. Sessions include:

- Saving Money, Saving Lives: Budgeting for NextGen Technology
- Indiana Data Sharing Initiative (ShareIN)
- FirstNet and Emergency Communications Response

5 pm -10 pm

Indy Public Safety Foundation Frontline Experience

Conference attendees are invited to stay after for the Indy Public Safety Foundation "Frontline Experience" - one of the most unique and engaging events of the year. From putting on police gear to soaring four-stories high in a ladder truck, the Frontline Experience is an experience like no other. In addition to hands-on experiences, food, beverage, and a silent auction will be offered.
