

Savvas Reading Curriculum

Overview

Savvas Reading is a comprehensive, research-based reading program designed to help students develop strong foundational literacy skills and become confident, engaged readers. The curriculum combines proven instructional strategies with engaging, high-quality literature to support reading development across elementary grade levels.

Key Features and Approach

Savvas Reading emphasizes a **balanced literacy approach** that integrates:

- **Phonics and phonemic awareness** instruction for decoding skills
- **Guided reading** with leveled texts matched to student proficiency
- **Comprehension strategies** to deepen understanding
- **Vocabulary development** in context
- **Writing connections** that reinforce reading skills
- **Culturally responsive literature** reflecting diverse perspectives and experiences

Grade Levels Served

The program serves students in grades K–6, with scaffolded instruction that progresses from foundational phonics through complex text comprehension and critical thinking.

Supporting Student Learning

Savvas Reading supports learners through:

- **Differentiated instruction** tailored to individual student needs
- **Regular progress monitoring** to track skill development
- **Interactive digital resources** that engage students in meaningful practice
- **Teacher guides** with clear, actionable lesson plans
- **Decodable texts** that reinforce phonics instruction
- **Authentic literature** that motivates reading for pleasure and information

Program Components

The curriculum includes:

- Core instructional materials and student readers
- Teacher's guides and professional development resources
- Digital learning platforms and interactive activities
- Assessment tools for monitoring progress
- Intervention materials for struggling readers
- Family engagement resources to support reading at home
