Meeting Notes:

1. Website Updates
 - a. No DAP website updates since December of 2018
 - b. Would like to add stakeholder organization names, representatives, and contact information
 - i. DAP has a footnote, but not all current members are included and there are no links.
 - ii. Allen Haynes recommended contact information be added as an appendix rather than full website updates
 - c. Appendix II: monitoring subcommittee will meet to discuss possible updates to this part of the DAP
 - d. Appendix III: old content, remains part of the DAP as record
 - e. Background
 - i. Changed wording: meet up to 4 times per year
 - f. Advisory Committee
 - i. Create a new section for current events:
 1. Update section with current meetings, talked about having local events in this section as well
 - g. Contacts
 - i. Updated contacts
 - h. Resources
 - i. Removed "support/effort within Indiana's portion of the WLEB"
 - ii. Removed Pennsylvania's DAP link

2. Story Map Discussion
 - a. The story map is not a replacement of ErieStat
 - b. We already report items that other states do not
 - c. Discussion about how to best represent WLEB's "Story"
 - i. Adding projects to Conservation Efforts tab
 1. Flagship projects
 2. Action and Milestone Table
 3. Concerns about privacy, need to make sure that points do not represent exact location of projects for privacy
 4. Discussion about where this information would be most applicable:
 - a. Conservation Efforts maybe not the best place
 - b. Add a new tab with Action and Milestone information
 - c. Add parts of the information to other tabs, like Urban, Rural, etc.
 - ii. Add a place to have local upcoming events
3. Action and Milestone Table Updates
 - a. Requested periodic reminders for updates
 - b. Requested an editable, shareable document
 - c. If there are no target reductions, the outcomes column can be used for accomplishments like education events, etc.
 - d. Groups can report % complete for projects
4. Updates to DAP
 - a. A total revision is not due until 2023
 - b. We would like to update the partners to better reflect the organizations that participate in the AC
 - c. AC members should go through the section to make sure things are represented as they would like (pages 18-23)
 - d. Lou will also work on updating other items that are outdated
 - i. Small consistency edits
 - ii. Monitoring subcommittee decisions
 - iii. Mapping progress
5. Advisory Committee Membership
 - a. Would like to engage more partners working with hydrological modification
 - i. MRBC will invite local county surveyors to participate
6. Understanding Algal Blooms: State of the Science Virtual Conference
 - a. The talks Lou mentioned specifically are from Jim Hood from and Will Osterholz from ARS in Columbus. Both of the following recordings are from the conference mentioned above, and these links should start at the beginning of their talks.
 - i. The full recording can be found here: <https://ohioseagrant.osu.edu/news/calendar/2020/09/02/c5mvk/state-of-the-science>
 - ii. Will Osterholz, ARS: From "Understanding Algal Blooms: State of the Science" virtual conference 2020: <https://youtu.be/o5UWPmk05p8?t=3414> (watch until 1:23:46)
