

# Percent of Living Green Cover Planted After Corn in 2025

## Acres of Living Green Cover - Corn

### LGC Corn Percent

Estimated of living green cover are produced by Indian Conservation Transect, a windshield survey of agricultural fields across the state of Indiana, which is conducted annually by the Indiana Conservation partnership every late winter / early spring. For more information about the conservation transect see: <https://www.in.gov/isda/divisions/soil-conservation/conservation-transect/>
