City - Rural addresses should include the city of the nearest post office.

County - County refers to parish name in Louisiana and township name where appropriate in the New England States.

State - For U.S. possessions and trust territories, name is included in lieu of the State.

Block F11 - The hospital provider number is the hospital's assigned six-digit Medicare provider number.

Block F12 - Identify the type of organization that controls and operates the facility. Enter the code as identified for that organization (e.g., for a for profit facility owned by an individual, enter 01 in the F12 block; a facility owned by a city government would be entered as 09 in the F12 block).

Definitions to determine ownership are:

FOR PROFIT - If operated under private commercial ownership, indicate whether owned by individual, partnership, or corporation.

NONPROFIT - If operated under voluntary or other nonprofit auspices, indicate whether church related, nonprofit corporation or other nonprofit.

GOVERNMENT - If operated by a governmental entity, indicate whether State, City, Hospital District, County, City/County, or Federal Government.

A Multi-Facility Organization is an organization that owns two or more long term care facilities. The owner may be an individual or a corporation. Leasing of facilities by corporate chains is included in this definition.

Block F14 - If applicable, enter the name of the multi-facility organization. Use the name of the corporate ownership of the multi-facility organization (e.g., if the name of the facility is Soft Breezes Home and the name of the multi-facility organization that owns Soft Breezes is XYZ Enterprises, enter XYZ Enterprises).

Block F15 – F23 - Enter the number of beds in the facility's Dedicated Special Care Units. These are units with a specific number of beds, identified and dedicated by the facility for residents with specific needs/diagnoses. They need not be certified or recognized by regulatory authorities. For example, a SNF admits a large number of residents with head injuries. They have set aside 8 beds on the north wing, staffed with specifically trained personnel. Show "8" in F19.

Block F24 - Check "yes" if the facility currently has an organized residents' group, i.e., a group(s) that meets regularly to discuss and offer suggestions about facility policies and procedures affecting residents' care, treatment, and quality of life; to support each other; to plan resident and family activities; to participate in educational activities or for any other purposes; otherwise check "no."

Block F26 - Check "yes" if the facility conducts experimental research; otherwise check "no." Experimental research means using residents to develop and test clinical treatments, such as a new drug or therapy, that involves treatment and control groups. FACILITY STAFFING

GENERAL INSTRUCTIONS

This form requires you to identify whether certain services are provided and to specify the number of hours worked providing those services. Column A requires you to enter "yes" or "no" about whether the services are provided onsite to residents, onsite to nonresidents, and offsite to residents. Columns B-D requires you to enter the specific number of hours worked providing the service. To complete this section, base your calculations on the staff hours worked in the most recent complete pay period. If the pay period is more than 2 weeks, use the last 14 days. For example, if this survey begins on a Tuesday, staff hours are counted for the previous complete pay period.

Definition of Hours Worked - Hours are reported rounded to the nearest whole hour. Do not count hours paid for any type of leave or non-work related absence from the facility. If the service is provided, but has not been provided in the 2-week pay period, check the service in Column A, but leave B, C, or D blank. If an individual provides service in more than one capacity, separate out the hours in each service performed. For example, if a staff person has worked a total of 80 hours in the pay period but has worked as an activity aide and as a Certified Nurse Aide, separately count the hours worked as a CNA and hours worked as an activity aide to reflect but not to exceed the total hours worked within the pay period.
