State Health Commissioner

DATE: October 15, 2015
TO: All Local Health Departments
Attn: Chief Food Inspection Officer
FROM: *Laurie Kidwell*
Laurie Kidwell, RRT Supervisor
Food Protection Program
SUBJECT: Dole Fresh Vegetables - RECALL [Food]

AFFECTED PRODUCT: Dole Spinach

SUMMARY: Unclassified Recall; The recall has been initiated due to a possible health risk from Salmonella.

The product being recalled is Dole Spinach coded A27409B & A27409A, with an Enjoy By date of October 15 and UPC 7143000976. The product code and Enjoy By date are in the upper right-hand corner of the package; the UPC code is on the back of the package, below the barcode.

The salads were distributed in Indiana, Kentucky, Michigan, and Ohio.

SUGGESTED ACTION: Recommend notification of affected parties via phone, fax, or e-mail. Consumers who have any remaining product with these Product Codes should not consume it, but rather discard it. Retailers and consumers with questions may call the Dole Food Company Consumer Response Center at (800) 356-3111, which is open 8:00 am to 3:00 pm (PT) Monday - Friday. Furthermore, if any recalled products are found, notify this office at 317-233-8475.

Firm Press Release
[View Product Photos](#)

Dole Fresh Vegetables is voluntarily recalling a limited number of cases of bagged salad. The product being recalled is Dole Spinach coded A27409B & A27409A, with an Enjoy By date of October 15 and UPC 7143000976 due to a possible health risk from *Salmonella*. Dole Fresh Vegetables is coordinating closely with regulatory officials. No illnesses have been reported in association with the recall.

The product code and Enjoy By date are in the upper right-hand corner of the package; the UPC code is on the back of the package, below the barcode. The salads were distributed in 13 U.S. states (Connecticut, Indiana, Kentucky, Maryland, Massachusetts, Michigan, Missouri, New Jersey, New York, Ohio, Pennsylvania, Tennessee, Wisconsin).

No illnesses have been reported in association with the recall. This precautionary recall notification is being issued due to an isolated instance in which a sample of Dole Spinach salad yielded a positive result for *Salmonella* in a random sample test conducted by the Michigan Department of Agriculture & Rural Development; Laboratory Division.

Neither Baby Spinach nor any other salads, are included in the recall. Only the specific Product Codes, UPC codes and October 15, 2015 Enjoy By date identified above are included in the recall. Consumers who have any remaining product with these Product Codes should not consume it, but rather discard it. Retailers and consumers with questions may call the Dole Food Company Consumer Response Center at (800) 356-3111, which is open 8:00 am to 3:00 pm (PT) Monday - Friday.

Dole Fresh Vegetables customer service representatives are already contacting retailers and are in the process of confirming that the recalled product is being removed from the stream of commerce.

Salmonella is an organism that can cause foodborne illness in a person who eats a food item contaminated with it. Symptoms of infection may include fever and gastrointestinal symptoms such as nausea, diarrhea, vomiting or abdominal pain. The illness primarily impacts young children, frail and elderly people and those with weakened immune systems. Most healthy adults and children rarely become seriously ill.
