RE: Final Adoption of Motor Fuel Rule – 410 IAC 12.1 (LSA Document #13-483)

The Indiana State Department of Health (ISDH) requests the Executive Board, at the Board's May 14, 2014 meeting, finally adopt the amendments to the motor fuel rule at 410 IAC 12.1.

The proposed amendments will update the rule to include the latest versions of the ASTM International (ASTM) and National Institute of Standards and Technology (NIST) standards that apply to motor fuel, octane and ethanol fuel blends and will update references to sections of the Indiana Code that were repealed.

The Notice of Intent to Adopt a Rule was published in the Indiana Register on October 16, 2013, starting the one year period to adopt this rule. The proposed rule was preliminarily adopted by the Executive Board at the November 13, 2013 meeting. Although minor changes have been made, the rule has not substantively changed.
