Stony Creek				
Consumption of any fish from Stony Creek downstream of S.R. 37 in Hamilton County should be limited to no more than one meal per month (Group 3) for the general population and NO CONSUMPTION of any fish for the sensitive population. Exceptions for the general population are listed below.				
Hamilton County downstream State Road 37 to the confluence with the West Fork White River.	Common Carp	ALL	PCB	Do not eat
	Smallmouth Bass	10+	PCB	1 meal / 2months (8 ounces / 2 months)
Consumption of any fish from Stony Creek upsteam of S.R. 37 in Hamilton County should be limited to no more than one meal per week (Group 2) by the general population and limited to one meal per month by the sensitive population. Exceptions for the general population are listed below.				
Hamilton County upstream S.R. 37	Channel Catfish	23+	PCB	1 meal / month (8 ounces / month)
	Smallmouth Bass	up to 17		unrestricted

General Population

*Sensitive populations include: pregnant or nursing women, women that will become pregnant, and children under 6 years of age. These consumers should use caution when eating some types of sportfish.

**The maximum amount for adults to eat is determined by fishing location, species and fish length. For instance, if you eat the maximum amount of one species during a week, you should not eat any other fish which has a consumption limitation until the following week. Example - if you eat the limit (4 ounces) of a 20 inch long Carp from the Easy Catch River, then you should not eat any other sportfish from the list until the following week.
