### Summary of meeting:

#### General Discussion on Evaluation Report V

Maureen Greer asked about the validity of the sampling of the Core Partner survey due to the number of responses. There were only ten respondents out of thirty nine Core Partners. The group concurred that it would be better data if we could get more Core Partners to respond. In hopes of increasing participation, a second request to complete the survey will be sent out again by Andrea Wilkes. A note to the Core Partners will be included in the request that explains the importance of completing the survey and that it will help the project move forward.

#### Specifics on Evaluation Report

Page 10 – Remove names and refer to them as “project leadership”

Page 16 – Aggregate number used instead of the December 1st Child Count. This will be changed to

Page 31 – Conclusions Section - Add commentary on the decrease in Children’s Special Health Care Services applications. This issue will be further evaluated by ISDH.

Under the first paragraph in the section titled “Areas for Improvement” it should be noted what evidence is used to suggest that managed care programs and the medical home they provide lead to a higher rate of

preventative and screening care.

Page 18 – Add age range to immunization table.

Page 23 – When talking about the Zero to Three training, it should be mentioned that the people who participated are now certified to train themselves.

Page 25 – Daniel will check with Michael Conn-Powers to get more up to date data on the Early Childhood meeting place as data only goes through November of 2007.

**Next Steps**

Daniel will make the changes and they will be forwarded to the Evaluation Committee. The report will then be redistributed to the Core Partners and posted on the Sunny Start Website.

Daniel will present the report with a special emphasis on the Core Partner survey section at the October 28 Core Partner meeting.
