   ISDH Reporting a Complaint website https://www.in.gov/isdh/21533.htm
   State and federal rules specify that ISDH must investigate any allegation of client abuse, neglect, or misappropriation of a client’s property by an aide. The rules indicate that once an investigation is completed and appeal rights have been exhausted, the
Department can enter a substantiated finding on the Registry. The placement of a finding on the registry prohibits the aide from employment as an aide. Specialized QMA findings may be made related to fraudulent QMA certification or medication theft or misuse.

Upon identification of potential misconduct of an aide, providers should first follow their own policy to assist the client or patients. Some steps could include (1) finding a new aide for needed care, (2) recommending family members contact the police for an investigation, and (3) suspending or terminating the aide.

Individuals can file a complaint about any licensed or certified Indiana health care facility, provider, or supplier. An individual may submit the completed Complaint report form or a description of the issue via:
