This visit was for a federal home health agency recertification survey. This visit resulted in an extended survey.

Survey date: June 12 - 18, 2012

Facility #: 7377

Medicaid #: 200873250

Surveyor: Ingrid Miller, RN, PHNS

Incare Home Healthcare, Inc. is precluded from providing its own home health aide training and competency evaluation program for a period of two years beginning June 18, 2012, to June 18, 2014, due to being found out of compliance with the Condition of Participation 42 CFR 484.10 Patient Rights.

Census: 246 skilled patients

Quality Review: Joyce Elder, MSN, BSN, RN

June 25, 2012

The patient has the right to be informed of his or her rights. The HHA must protect and promote the exercise of those rights.

Based on clinical record review, interview, observation, and policy review, the agency failed to ensure that 1 of 12 clinical records (#10) had the patient rights signed and 2 of 12 patients were treated with dignity while showering (1 and 4) with the potential to affect all the agency's patients.

**Findings**

1. Clinical record #10, SOC 12/2/11, evidenced the patient rights were not signed by the patient's power of attorney.

   a. The clinical document titled "Admission Services Agreement" with a date of 12/2/11 and signature of Employee P, RN, stated, "Verbal order ok'd [okayed] per [family member]."

   b. On 6/13/12 at noon, Employee A, administrator, indicated the patient was not able to sign the patient rights due to dementia and did have a power of attorney responsible for making the patient's decisions. This caregiver was not informed of the patient rights or requested to sign these documents.

**COMPLETION DATE:** 07/18/2012
c. On 6/19/12 at 11 AM, the power of attorney for patient #10 indicated he/she had not signed the patient rights.

2. Regarding the patient being treated with dignity

A. On 6/13/12 at 8:30 AM, Employee F, home health aide (HHA), was observed to give a shower to Patient #1. The shower failed to evidence the patient was treated with dignity as evidenced by the following:

1). During the shower, Employee F failed to cover Patient #1 with a bath blanket or towel as the shower was completed. The patient was undressed and exposed with no covering for 5 minutes prior to the shower and 5 minutes after the shower was completed.

2.) On 6/13/12 at 11:50 AM, Employee C, director of nursing (DON), indicated the patient was not covered during the observed shower and was not treated with dignity.

B. On 6/14/12 at 9:30 AM, Employee K, HHA, was observed to give a shower to Patient #4. The HHA did not cover the patient after he/she was undressed for several minutes prior to the shower and...
INCARE HOME HEALTHCARE INC

### Summary Statement of Deficiencies

1. During the undressing prior to the shower and dressing after the shower, the patient was undressed completely without a towel or bath blanket for dignity.

2. On 6/14/12 at 3:45 PM, the director of nursing indicated patient #4 was not covered for respect and privacy during the observed shower.

3. The agency document titled "Patient Bill of Rights and Responsibilities" with no effective date noted stated, "The patient or the patient's legal representative has the right to informed of the patient rights through effective means of communication. The home health agency must protect and promote the exercise of these rights as follows: the home health agency shall provide the patient with a written notice of the patient's rights in advance of furnishing care to the patient or during the initial evaluation visit before the initiation of treatment. The home health agency must maintain documentation showing that has complied with the requirements of this section ...

SUMMARY STATEMENT OF DEFICIENCIES  
(EACH DEFICIENCY MUST BE PRECEDED BY FULL)  
REGULATORY OR LSC IDENTIFYING INFORMATION)

484.10(a)(1)  
G0102  
NOTICE OF RIGHTS  
The HHA must provide the patient with a  
written notice of the patient's rights in  
advance of furnishing care to the patient or  
during the initial evaluation visit before the  
initiation of treatment.

Based on clinical record review,  
interview, document review, and policy  
review, the agency failed to ensure that 1  
of 12 clinical records (#10) had the  
patient rights signed with the potential to  
affect all the agency's patients.

Findings  
1. Clinical record #10, SOC 12/2/11,  
evidenced the patient rights were not  
signed by the patient's power of attorney.

a. The clinical document titled  
"Admission Services Agreement" with a  
date of 12/2/11 and signature of  
Employee P, RN stated, "Verbal order  
ok'd [okayed] per [family member]."

b. On 6/13/12 at noon, Employee A,  
administrator, indicated the patient was  
not able to sign the patient rights due to  
dementia and did have a power of  
attorney responsible for making the  
patient's decisions. This caregiver was  
not informed of the patient rights or  
requested to sign these documents.

G 0102-The Administrator and DON  
have in-serviced staff regarding  
patient rights. Respective  
disciplines/case manager/RN will  
clearly explain the patient rights to  
the patient and/or the patient's  
appropriate caregiver/legal guardian  
and ensure they are signed by the  
appropriate person upon initial visit  
and ensure the agency will have the  
copy of power of attorney if the  
patients had one. The Administrator  
and DON have developed a plan and  
put into place this plan to ensure all  
clinical records are checked and  
maintained appropriately and file in  
secure, locked cabinet and not  
accesable by unauthorized  
individuals. All documents with  
confidential information that are no  
longer needed will be placed in a bin  
for shredding. The Administrator and  
DON will be responsible to insure  
the deficiency is corrected and will  
continue to monitor so it does not  
recur in the future.
c. On 6/19/12 at 11 AM, the power of attorney for patient #10 indicated he/she had not signed the patient rights.

2. The agency document titled "Patient Bill of Rights and Responsibilities" with no effective date noted stated, "The patient or the patient's legal representative has the right to informed of the patient rights through effective means of communication. EXERCISE OF RIGHTS AND RESPECT FOR PROP

The patient has the right to voice grievances regarding treatment or care that is (or fails to be) furnished, or regarding the lack of respect for property by anyone who is furnishing services on behalf of the HHA and must not be subjected to discrimination or reprisal for doing so.

Based on clinical record review, policy and document review, and interview, the agency failed to ensure the patient and/or patient's power of attorney had been informed of the right to voice grievances for 1 (#10) of 12 records reviewed with the potential to affect all the agency's patients.

Findings

1. Clinical record #10, SOC 12/2/11, evidenced the patient rights were not signed by the patient's power of attorney.
   a. The clinical document titled "Admission Services Agreement" with a date of 12/2/11 and signature of Employee P, RN stated, "Verbal order ok'd [okayed] per [family member]."
   b. On 6/13/12 at noon, Employee A, administrator, indicated the patient was not able to sign the patient rights due to dementia and did have a power of attorney responsible for making the decision.

G 0106-The Administrator and DON have in-serviced staff regarding patient rights. Respective disciplines/case manager/RN will clearly explain the patient rights to the patient and/or the patient's appropriate caregiver/legal guardian and ensure they are signed by the appropriate person upon initial visit and ensure the agency will have the copy of power of attorney if the patients had one. The Administrator and DON have developed a plan and put into place this plan to ensure all clinical records are checked and maintained appropriately and file in secure, locked cabinet and not accessible by unauthorized individuals. All documents with confidential information that are no longer needed will be placed in a bin for shredding. The Administrator and DON will be responsible to insure the deficiency is corrected and will continue to monitor so it does not recur in the future.

Patient's decisions. This caregiver was not informed of the patient rights or requested to sign these documents.

c. On 6/19/12 at 11 AM, the power of attorney for patient #10 indicated he/she had not signed the patient rights.

2. The agency document titled "Patient Bill of Rights and Responsibilities" with no effective date noted stated, "The patient or the patient's legal representative has the right to informed of the patient rights through effective means of communication. The home health agency must protect and promote the exercise of these rights as follows: the home health agency shall provide the patient with a written notice of the patient's rights in advance of furnishing care to the patient or during the initial evaluation visit before the initiation of treatment. The home health agency must maintain documentation showing that has complied with the requirements of this section ... The patient has the right to exercise his or her right as a patient of the home health agency as follows: the patient's family or legal representative may exercise the patient rights as permitted by law ... the patient has the right to participate in the planning of care or treatment and in planning changes in the care or treatment ... The patient has the right to be free from..."
verbal, physical, and psychological abuse and to be treated with dignity."

3. The agency policy titled "Home Care Bill of Rights/Grievance Procedure" with an effective date of 4/30/7 stated, "Patients will be informed of their right to voice grievances and request changes ... To consistently inform patients verbally and in writing, or by other means understood by the patients, of their right to make informed decisions regarding their care, to protect and promote the exercise of patient rights ... a designated Registered Nurse / Therapist shall provide the patient with a written notice of the Home Care Bill of Rights in advance of furnishing care to the patient or during the initial evaluation visit before treatment is initiated. In the event the patient is unable to make decisions, the Home Care Bill of Rights shall be given to the patient's legal guardian."

The HHA complies with the requirements of Subpart I of part 489 of this chapter relating to maintaining written policies and procedures regarding advance directives.

The HHA must inform and distribute written information to the patient, in advance, concerning its policies on advance directives, including a description of applicable State law. The HHA may furnish advance directives information to a patient at the time of the first home visit, as long as the information is furnished before care is provided.

Based on clinical record review, policy and document review, and interview, the agency failed to ensure the patient /patient's power of attorney had been informed of the agency's policies on advance directives and was provided a copy of state law for 1 of 12 clinical records (Clinical record #10) reviewed with the potential to affect all the agency's patients.

Findings
1. Clinical record #10, SOC 12/2/11, evidenced the patient rights were not signed by the patient's power of attorney.

Findings include:

1. On 6/15/12 at 10 AM, many documents were observed in two back rooms of the agency. These documents were located in piles and singly placed around these back rooms with other debris including food wrappers, paper clips, and pieces of paper. A document from one record was located near the first door of the entrance to these back rooms. Another box of discharge records was placed by this door. In the second room,
which was behind the first room, employee files of terminated employees and patient records were found located in window sills and on the floor in no apparent order. Outside the room in the main office, a referral from File #19 was found wadded up in the trash can of Employee E, an office assistant. Documents from Patient #s 13 - 18 were found in piles in the back two rooms of the agency and on the window sill, unsecured from view of anyone who entered the room.

2. #13 evidenced a document titled "Staff Communication Note" and signed by Employee W, Registered Nurse (RN) on 3/12/12. This document stated, "Patient #13 communication regarding supervisory visit Narrative documentation. Did supervisory visit patient today and asked about his services ... Patient was consuming alcohol at time of visit."

3. #14 evidenced a document titled "Fax" with a date of 2/23/12 with a sticky note on top of the record which stated, "Patient #14 for D/C file not most recent file her 8/3/11 SOC [start of care] chart and Employee E signature." This document stated, "Patient #14 9/29/11 Recertify home health cert ... Parkinson's, Incontinence, R/O UTI [rule out urinary tract infection] Bedbound, Prone to skin
4. #15 evidenced a document titled "Care Summary including Oasis elements for transfer to inpatient facility" with a date of 8/15/11 and signed by Employee L. This document had a sticky note on top that stated, "D/C [discharge] done." This document stated, "Reason for hospitalization Respiratory infection."

5. #16 evidenced a document titled "Oasis Care Summary including Oasis element for transfer to inpatient facility" and dated, "8/7/11 and signed by Employee P, RN. This document stated, "Clinical record items ... Pt up to BP [infers with bathroom or blood pressure] got dizzy, weak, 911 called. Pt with cardiac blockage 3 stents placed MI [myocardial infarction] noted Pt [patient] transferred to hospice care."

6. #17 evidenced a document titled "Oasis Care Summary including Oasis elements for transfer to inpatient facility" with a date of 8/8/11 and signed by employee X stated, "Clinical record items ... Reason for admission to home health and summary of care to date pneumonia, HTN [hypertension] and incontinent."

7. #18 evidenced a document titled breakdown ... " This was signed by Employee P on 2/23/12.
"Oasis Care Summary including Oasis elements for transfer to inpatient facility" with a date of 6/25/11 and signed by employee P stated, "Clinical record items ... Reason for admission Patient back from LPH [Laporte Hospital] 6/24/11 This pt saw for ROC [resumption of care] 6/25/11 increased wheezing [SOB] confusion Dr. instructed pt. to ER agreed consider hospice referral. Family switching to VNA HHC [Visiting Nurse Association home health care] for easier transition to hospice past d/c LPH."

8. #19 evidenced a document titled, "Fax" with the signature of Employee C, director of nursing, and date of 6/7/12 date. This document stated, "Patient #19 and patient's birth date. Skilled nurse to evaluate home health care services."

9. On 6/15/12 at 10 AM, the administrator indicated the records above were not kept confidential.

10. The agency policy titled "Clinical record confidentiality" with an effective date of 4/31/07 stated, "Clinical records will be stored in a locked cabinet or room. When in use, the record will be kept in a secure area and not left unattended in areas accessible to unauthorized individuals."
11. The agency policy titled "Patient security and privacy" with an effective date of 4/30/07 stated, "Patient records and protected health information will be maintained in clinical records and on computers as needed."

12. Clinical record #10, SOC 12/2/11, evidenced the patient rights were not signed by the patient's power of attorney.
   a. The clinical document titled "Admission Services Agreement" with a date of 12/2/11 and signature of Employee P, RN stated, "Verbal order ok'd [okayed] per [family member]."
   b. On 6/13/12 at noon, Employee A, administrator, indicated the patient was not able to sign the patient rights due to dementia and did have a power of attorney responsible for making the patient's decisions. This caregiver was not informed of the patient rights or requested to sign these documents.
   c. On 6/19/12 at 11 AM, the power of attorney for patient #10 indicated he/she had not signed the patient rights.

The patient has the right to be advised of the availability of the toll-free HHA hotline in the State.

When the agency accepts the patient for treatment or care, the HHA must advise the patient in writing of the telephone number of the home health hotline established by the State, the hours of its operation, and that the purpose of the hotline is to receive complaints or questions about local HHAs. The patient also has the right to use this hotline to lodge complaints concerning the implementation of the advanced directives requirements.

Based on clinical record review, policy and document review, and interview, the agency failed to ensure the patient/patient's power of attorney had been informed of the state hotline number for 1 of 12 clinical records (Clinical record #10) reviewed with the potential to affect all the agency's patients.

### Findings

1. Clinical record #10, SOC 12/2/11, evidenced the patient rights were not signed by the patient's power of attorney.

   a. The clinical document titled "Admission Services Agreement" with a date of 12/2/11 and signature of

Based on clinical record review, policy review and interview, the agency failed to ensure it had followed its own policies regarding the incident log and infection control for 4 of 12 records reviewed with the potential to affect all the agency's patients (patient 2, 4, 10, 12).

Findings
Regarding incident reports and fall prevention policy

1. The agency policy titled "Incident Log" with a date of 4/30/07 stated, "The incident report form is to be completed whenever there is an incident involving a staff member or patient."

2. Clinical record #2, start of care (SOC) 4/12/12 with a certification period of 4/19/12 - 6/17/12, noted falls on 5/25/12, 5/29/12, 6/1/12, 6/12/12, and 6/13/12 with no incident reports completed for any of these falls. This was evidenced by the following:

G0121 - The Administrator and DON have inserviced staff regarding patient rights. Respective disciplines/case manager/RN will clearly explain the patient rights to the patient and/or the patient's appropriate caregiver/legal guardian and ensure they are signed by the appropriate person upon initial visit and the Home Health Hotline number will be given upon admission. The Administrator and DON will have a care coordination plan for fall occurrences between the assisted living facilities and the agency. The Administrator and DON will be responsible to insure the deficiency is corrected and will continue to monitor so it does not recur in the future.

Event ID: 2SRZ11  Facility ID: 007377  If continuation sheet | Page 63 of 221
Based on interview and review of personnel files and policy, the agency failed to ensure 11 of 11 staff member files reviewed of staff (files A, B, C, F, H I, J, K, L, P, and Q) hired prior to 6/12/11 had performance evaluations completed and 13 of 13 direct care employees hired prior to January 1, 2012, attended professional inservices (C, F, G, H, I, J, K, L, N, P, Q, R, and T) with the potential to affect all the agency's patients.

Findings

1. On 6/28/12 at 2:45 PM the administrator indicated no inservices had been held in 2012 or 2011 with any personnel and no performance evaluations were completed in 2011 and 2012.

2. The agency policy titled "Inservice Education /Staff Development" with an effective date of 4/30/07 stated, "All staff members providing direct client care will attend in-service education programs annually. These programs will be based on identified staff needs."
3. The agency policy titled "Performance Evaluations" with an effective date of 4/30/07 stated, "A competency-based performance evaluation will be conducted for all employees after one year of employment and least annually thereafter."

Personnel files lacking annual performance evaluations

4. Personnel file A, date of hire (DOH) 2/5/09, lacked an annual performance evaluation.

5. Personnel file B, DOH 2/19/09, lacked an annual performance evaluation.

6. Personnel file C, DOH 7/19/10, lacked an annual performance evaluation.

8. Personnel file H DOH 10/18/10, lacked an annual performance evaluation.

11. Personnel file K, DOH 8/23/08,

#### Summary Statement of Deficiencies

- **484.14(g) Coordination of Patient Services**
  - All personnel furnishing services maintain liaison to ensure that their efforts are coordinated effectively and support the objectives outlined in the plan of care.
  - Based on clinical record review, interview, and policy review, the agency failed to ensure the personnel furnishing services implemented effective communication to promote the objectives in the plan of care for 1 of 6 patients reviewed (Clinical record #2) at home visit observations.

#### Findings

1. Clinical record #2, start of care (SOC) 4/19/12, included a plan of care for the certification period of 4/19/12 - 6/17/12 that failed to include an order for a wound dressing change on the left heel and coordination of care with the person changing the dressing. This was evidenced by the following:
   - a. On 6/14/12 at 8 AM, Employee K, home health aide (HHA), indicated patient #2 had a dressing on the left heel for an abrasion. Employee K indicated he/she removed this dressing prior to showering the patient at HHA visits on 6/8/12 and 6/12/12. Employee K indicated the Employee L was aware of the abrasion. This patient lived in an
b. Clinical record #2 failed to indicate orders for the left heel dressing or any documentation concerning the left heel wound or dressing or a record that the dressing change was being done by the assisted living. The occurrence of the dressing removal by the aide was also not documented in the patient's clinical record or included on the aide care plan.

2. The agency policy titled "Plan of Care" with an effective date of 4/30/07 stated, "An individualized Plan of Care signed by the physician shall be required for each patient receiving home health and personal care services. The Plan of Care shall be completed in full to include … medications, treatments, and procedures … all of the above items must always be addressed on the Plan of Care."

3. The agency policy titled "Coordination of Patient services" with an effective date of 4/30/07 stated, "All personnel furnishing services shall maintain a liaison to assure that their efforts are coordinated effectively and support the objectives outlined in the Plan of Care. This may be done through formal care conferences, maintaining complete, current Care plans and written and verbal
interaction ... Interdisciplinary care conferences shall be conducted as often as necessary to respond to changes in the patient's needs, services, care, or goals ...

Ongoing care conferences shall be conducted to evaluate the patient's status and progress. Any problems will be discussed and an action plan developed."

4. On 6/15/12 at 1:50 PM, Employee C, the director of nursing, indicated the dressing and dressing removal were not included on the plan of care or included in coordination of care notes or other clinical documentation.

b. On 6/18/12 at 11 AM, Employee C indicated the physician signature was late.

4. Clinical record #11, SOC 4/25/12, included a plan of care for the certification period of 4/25/12 - 6/23/12 that failed to evidence a physician signature. This was evidenced by the following:

   a. A clinical document titled "Home health Certification and Plan of treatment" with a certification period of 4/25/12 - 6/23/12 was not signed by the physician.

   b. On 6/13/12 at 12:40 PM, Employee S indicated the physician signature was not present.

5. The agency policy titled "Physician Orders" with an effective date of 4/30/12 stated, "All medications, treatments, and services provided to patients must be ordered by a physician the orders must be initiated via telephone or in writing and must be countersigned by the physician in a timely manner ... A system will be used by the agency to ensure the telephone orders are signed and dated by the physician and returned to the patient's clinical record within appropriate time frame."
6. The agency policy titled "Plan of care" with an effective date of 4/30/12 stated, "An individual Plan of care signed by a physician shall be required for each patient receiving home health and personal care services ... The written Plan of Care shall be signed by the physician and returned to the agency ... Signed physician orders will be obtained as quickly as possible."
### DUTIES OF THE REGISTERED NURSE

The registered nurse regularly re-evaluates the patient's nursing needs.

Based on clinical record review, document review, interview, and policy review, the agency failed to ensure the registered nurse completed a comprehensive assessment to reevaluate the patient's needs after the patient returned home after hospitalization for 1 of 6 home visit observations (Clinical record #4.)

**Findings**

1. Clinical record #4, SOC 2/1/12 with a certification period of 4/1/12 - 5/30/12. Failed to evidence a comprehensive assessment was completed when the patient returned from hospitalization after a fall that resulted in subdural hematoma. This was evidenced as follows:

   a. A clinical document titled "Fall Occurrence Report" and signed by Employee L on 4/27/12 stated, "Date of fall 4/27/12 reported by ALF RN, location of fall in Settler's House Room, Witnessed by aide - Settlers, Reported to [Employee L], Contributing factors poor decision making, Details of fall: what was
the patient trying to do? Get up from chair ... physical therapy to eval .. notification given to DON, PT, POC [plan of care] reviewed." This was signed by the physician on 5/4/12.

b. A clinical document titled "Skilled Nursing Note" and dated on 5/7/12 by Employee L and the patient stated, "Homebound status taxing effort / needs assist to leave, confusion, weakness, unsafe to leave unassisted ... Blood Pressure 160/76 ... States he was reaching for a shirt and fell few days ago. No apparent injury noted. Denies any pain. Instructed pt on home safety and emergency precautions."

c. A clinical document titled "Care summary including oasis elements for transfer to inpatient facility" with Employee L's signature and date of 5/8/12 stated, "Emergent care injury caused by fall ... to which inpatient facility has the patient been admitted Hospital ... Reason for hospitalization 2 injury caused by fall date of last visit 5/7/12 ... reported from Settlers House pt fell while trying to get up ... patient tried to transfer without assistance."

d. A clinical document titled "Hospital Physician Orders Patient transfer order form" was dated 5/11/12 and signed
by the physician." The faxed cover sheet of this document was written to Incare on 5/11/12 from a ALF nurse and stated, "Readmit."

e. A clinical document titled "Skilled Nursing Addendum" with a signature of Employee L on 5/12/12 stated, "head to toe assessment conducted. Pt has small hematoma on posterior head which he has no c/o [complaints of] pain. Has weakness in legs and requires assistance c transfers. Uses walker with supervision and wheelchair for long distances for safety. Alarm attached to cord for altered fall prevention. Has some difficulty with speech. Speaks very little and answers questions with few words ... Dr. notified of assessment conducted. No new orders."

f. A clinical document titled "Skilled Nursing Note" and dated on 5/16/12 and signed by Employee L and the patient stated, "Homebound status taxing effort / needs assist to leave, confusion, weakness, unsafe to leave unassisted ... fall prevention cord attached clothing ... incont [incontinent] care ... Fall prevention alarm cord attached clothing ... States his / her legs still feel weak. Speaks very little only answers c a few words. Instructed pt on Prozac use, action, se [side effects] Instructed pt on
safety measures, fall prevention, how to call for help."

g. The clinical document titled "Occupational Therapy Initial evaluation" with a signature of Employee V, OT on 5/16/12 stated, "Patient name #4 ... Treatment diagnosis functional decline ... decreased strength and balance to complete ADLs [Activities of Daily Living]."

h. A clinical document titled "Skilled Nursing Note" and dated on 5/21/12 and signed by Employee L and the patient stated, "Homebound status taxing effort / needs assist to leave, confusion, weakness, unsafe to leave unassisted ... fall prevention cord attached clothing ... incont [incontinent] care."

2. The agency policy titled "Comprehensive Patient Assessment" with an effective date of 4/30/07 stated, "To determine the appropriate care, treatment and services to meet patient initial needs and his/her changing needs ... Reassessments are conducted based on patient needs, physician orders, professional judgement or other regulatory requirement."

| G0176 | 484.30(a) | DUTIES OF THE REGISTERED NURSE  
The registered nurse prepares clinical and progress notes, coordinates services, informs the physician and other personnel of changes in the patient's condition and needs.  

Based on home visit observation, clinical record review, interview and policy, the agency failed to ensure the registered nurse (Employee L) maintained effective care coordination and informed the physician of changes in patient condition for 1 of 6 patients reviewed (Clinical record #2) at home visit observations.  

Findings  

1. Clinical record #2, start of care (SOC) 4/19/12, included a plan of care for the certification period of 4/19/12 - 6/17/12 that failed to include an order for a wound dressing change on the left heel and coordination of care for this treatment. This was evidenced by the following:  

      On 6/14/12 at 8 AM, Employee K, home health aide (HHA), indicated patient #2 had a dressing on the left heel for an abrasion to the left heel. Employee K indicated he / she removed this dressing prior to showering the patient at HHA visits on 6/8/12 and 6/12/12. Employee K indicated the Employee L, Registered Nurse, was aware of the abrasion. This patient lived in an assisted living and an
1. An assisted living nurse was changing this dressing. The record failed to evidence any communication with the nurse providing the dressing change or that the physician had been notified of the abrasion.

2. The agency policy titled "Plan of Care" with an effective date of 4/30/07 stated, "An individualized Plan of Care signed by the physician shall be required for each patient receiving home health and personal care services. The Plan of Care shall be completed in full to include ... medications, treatments, and procedures ... all of the above items must always be addressed on the Plan of Care."

3. The agency policy titled "Coordination of Patient services" with an effective date of 4/30/07 stated, "All personnel furnishing services shall maintain a liaison to assure that their efforts are coordinated effectively and support the objectives outlined in the Plan of Care. This may be done through formal care conferences, maintaining complete, current Care plans and written and verbal interaction ... Interdisciplinary care conferences shall be conducted as often as necessary to respond to changes in the patient's needs, services, care, or goals ... Ongoing care conferences shall be conducted to evaluate the patient's status.
4. On 6/15/12 at 1:50 PM, Employee C, the director of nursing, indicated the dressing and dressing removal were not included on the plan of care or included in coordination of care notes or other clinical documentation. The physician had not been notified of the abrasion.

</tr>
</tbody>
</table>

Findings include:

1. On 6/13/12 at 4 PM, Employee M, occupational therapist, was observed at a occupational therapy visit with patient #2. This patient lived at an assisted living facility. Patient indicated had two falls in past two days (6/12/12 and 6/13/12) as patient was transferring from bed to wheelchair. Patient had a bruise on left cheek and left buttocks area that was visible between the shirt and pants worn and also painful knees. The occupational therapist did not do a skin assessment or other physical assessment before preceding to an observation of the patient's skills with transferring from
1. Recliner to wheelchair to bed despite the patient's complaints of pain in knees and bruising noted.

2. The agency policy titled "Position: Occupational Therapist" with an effective date of 4/07 stated, "Provides services to home care clients in accordance with the Plan of Care. Services are provided under the direction of the attending physician with participation of the family and other members of the interdisciplinary team, as indicated ... Essential Functions/Areas of Accountability 1. Performs occupational therapy assessments, diagnostic tests, skilled treatments, and ongoing evaluation of clients who are receiving services under a medically approved Plan of Care. a. completes assessments in a timely manner and in accordance with Agency Policy ... c. Provides assessment findings and goals to assist in developing the client care plan and obtains specific physician orders as needed."

3. On 6/15/12 at 1:50 PM, Employee C, the director of nursing indicated the occupational therapist did not evaluate the patient despite the patient's complaints of pain and bruising noted and report of additional falls on 6/12 and 6/13/12.

**SUMMARY STATEMENT OF DEFICIENCIES**

**PROTECTION OF RECORDS**

Clinical record information is safeguarded against loss or unauthorized use.

Based on observation, interview, review of policies, and clinical documents, the agency failed to ensure clinical records were safeguarded against unauthorized use for 6 of 6 patient records not reviewed (patients' 13 - 18) and 1 of 1 potential patient record (#19) observed on the floor and in window sills of the agency with the potential to affect all the agency's patients.

Findings include:

1. On 6/15/12 at 10 AM, many documents were observed in two back rooms of the agency. These documents were located in piles and singly placed around these back rooms with other debris including food wrappers, paper clips, and pieces of paper. A document from one record was located near the first door of the entrance to these back rooms. Another box of discharge records was placed by this door. In the second room, which was behind the first room, employee files of terminated employees and patient records were found located in window sills and on the floor in no
apparent order. Outside the room in the main office, a referral from File #19 was found wadded up in the trash can of Employee E, an office assistant. Documents from Patient #s 13 - 18 were found in piles in the back two rooms of the agency and on the window sill, unsecured from view of anyone who entered the room.

2. #13 evidenced a document titled "Staff Communication Note" and signed by Employee W, Registered Nurse (RN) on 3/12/12. This document stated, "Patient #13 communication regarding supervisory visit Narrative documentation. Did supervisory visit patient today and asked about his services ... Patient was consuming alcohol at time of visit."

3. #14 evidenced a document titled "Fax" with a date of 2/23/12 with a sticky note on top of the record which stated, "Patient #14 for D/C file not most recent file her 8/3/11 SOC [start of care] chart and Employee E signature." This document stated, "Patient #14 9/29/11 Recertify home health cert ... Parkinson's, Incontinence, R/O UTI [rule out urinary tract infection] Bedbound, Prone to skin breakdown ... " This was signed by Employee P on 2/23/12.

4. #15 evidenced a document titled "Care

G0324 484.20(c)(2)
TRANSMITTAL OF OASIS DATA
The HHA must, for all assessments completed in the previous month, transmit OASIS data in a format that meets the requirements of paragraph (d) of this section.

Based on clinical record review, agency document review, interview, and policy review, the agency failed to ensure a transfer assessment was transmitted for 1 of 2 closed records reviewed (Clinical record #3) with the potential to affect all the agency's patients.

Findings

1. Clinical record #3, start of care 12/19/11 with a certification period of 12/19/11 - 2/16/12, failed to evidence a transfer assessment to an inpatient facility. The record evidenced the patient was transferred to a hospital after an emergency room evaluation. This was evidenced by the following:

   a. The clinical document titled "Oasis Summary including Oasis elements for Transfer to inpatient facility" with a date of 12/27/11 and signature of the director of nursing (DON) stated, "Transferred to an inpatient facility ... Patient had diarrhea upon visit 12/27/11 .. called up MD [doctor], MD out, called later and ordered to bring PT [patient] to ER [Emergency Room]. Called up ..."

G0324 - The Administrator and DON have developed a plan and put into place this plan to ensure transmittal of oasis data is completed in the appropriate time frame allowed. All hospitalizations for patients will be tracked so that transfers and resumptions can be completed properly within a timely manner, entered, locked and submitted, and placed in the patients chart in a timely manner. The Administrator and DON will be responsible to insure the deficiency is corrected and will continue to monitor so it does not recur in the future.

- [caregiver] about MD's ordered. [Caregiver] called ambulance and PT since then is in the hosp [hospital]."

b. The agency document titled "OASIS [Patient #3]" with admit dates of 12/19/11 and 5/2/12 failed to ensure the transfer / discharge oasis data was transmitted to the state.

c. On 6/18/12 at 3:30 PM, the alternate administrator indicated the transfer assessment was not completed for patient #3.

d. The agency was unable to produce documentation of the transfer assessment for patient #3 which had been transmitted to the state when asked on 6/18/12.

2. The agency policy titled "Encoding and Reporting Oasis data" with an effective date of 4/30/07 stated, "The agency will electronically report all OASIS data collected in accordance with federal regulations ... To transmit assessment data on all skilled (Medicare and Medicaid) patients receiving services from Agency ... Encoding of all OASIS data must be completed (locked) to accurately complete the information necessary to send Medicare claims under the prospective payment system."

### Drug Regimen Review

The comprehensive assessment must include a review of all medications the patient is currently using in order to identify any potential adverse effects and drug reactions, including ineffective drug therapy, significant side effects, significant drug interactions, duplicate drug therapy, and noncompliance with drug therapy.

Based on clinical record review and interview, the agency failed to ensure the medication profile was accurate for 3 of 6 home visit observations (Clinical record #1, 5, and 11) with the potential to affect all the agency's patients.

Findings include:

1. Clinical record #1, start of care (SOC) 1/12/12 and a plan of care for certification period 5/11/12 - 7/9/12, failed to evidence a medication profile had been updated with a complete list of the patient's current medications. This was evidenced by the following:
   
   a. On 6/13/12 at 8 AM at a home visit observation, patient #1 indicated taking fish oil 1000 milligram once a day since the start of care and also increasing Bystolic 10 milligrams po (by mouth) every day per doctor's order to 20 milligrams per day in the past month.

   b. A clinical document titled

G0337 - The Administrator and DON has inserviced clinical staff on completing the medication profile and updating the medication profile not only every 60 days, but during the 60 day episode if any medication changes shall occur. The Administrator and DON will do inservices on the drug regimen review and do comprehensive assessment which includes a review of all medications the patient is currently taking, the adverse effects, drug interaction, duplicate drug therapy and non-compliance with drug therapy and notify physician of any changes that occur. The Administrator and DON will be responsible to insure the deficiency is corrected and will continue to monitor so it does not recur in the future.
"Medication Profile" and signed by Employee N, Registered Nurse (RN), showed no additions to the medication profile since 5/9/12. Fish oil was not on the medication profile and the increase of Bystolic had not been added.

c. On 6/13/12 at 11:50 AM, employee C, the director of nursing (DON), indicated fish oil and the increased bystolic medication were not on the medication profile.

2. Clinical record #5, SOC 3/23/12 with a plan of care for the certification period of 5/22/12 - 7/20/12, failed to evidence a medication profile had been updated with a complete list of the patient's current medications. This was evidenced by the following:

a. On 6/14/12 at 11 AM at a home visit observation, patient #5 indicated Lopressor had been reduced to 25 milligrams twice a day two weeks ago.

b. A clinical document titled "Medication Profile" and signed by Employee N, RN, showed no additional review or change to the medication profile since 5/21/12. The Medication Profile stated, "Lopressor 50 mg [milligram] po [by mouth ] bid [twice a day] BP [blood pressure]."
c. On 6/14/12 at 2:30 PM, the DON indicated the medication profile had not been updated with the patient's change of medication dosage.

3. Clinical record #11, SOC 4/25/12 with a plan of care for the certification period of 4/25/12 - 6/23/12, failed to evidence the medication profile had been updated with a complete list of the patient's current medications with accurate dosing. This was evidenced by the following:

a. The clinical document titled "Medication Profile" signed by Employee S, RN, stated, "4/25/12 Vasotec 20 mg 1 po bid [twice a day] ... Coumadin 5 mg 1 po Q [every] 5 PM. Blood thinner." No changes to this document had occurred since this date.

b. The clinical document titled "Skilled Nursing Note" with a date of 5/10/12 and signature of Employee S stated, "Orders received from Dr. that increase Vasotec for B/P 170/80 in Dr. Office. Pt [patient] will be off Coumadin for next dentist visit scheduled for 12 of May so pt will be off coumadin again for readjust meds."

c. The clinical document titled "Skilled Nursing Note" with a date of

Home health agency administration

Rule 12 Sec. 1(c) An individual need not be a home health agency employee or be present full time at the home health agency in order to qualify as its administrator. The administrator, who may also be the supervising physician or registered nurse required by subsection (d), shall do the following:

(1) Organize and direct the home health agency's ongoing functions.

Based on policy review, administrative document review, observation, personnel file review, and interview, the administrator failed to organize and direct the agency's ongoing functions for 1 of 1 home health agency the administrator was responsible for with the potential to affect all the patients of the agency.

Findings include:

1. The administrator failed to ensure staff member files reviewed of staff hired prior to 6/12/11 had performance evaluations completed and direct care employees hired prior to January 1, 2012, attended professional inservices. (See N 446)

2. The administrator failed to ensure the agency met all the requirements for licensure. (See N 449)

3. The administrator failed to ensure the

N 0444 - The Administrator and DON have developed a tentative inservice schedule to ensure all professional staff attend all necesarry inservices and to ensure the Aides have 12 hours of inservice education per year. The Administrator and DON have developed a tool to ensure performance evaluations are done for agencie's employees on an annual basis. The Administrator and DON have developed a plan and put into place this plan to ensure all employee medical records are kept and maintained appropriately and confidentially. Clinical staff have been inserviced on infection control practices and an infection control log will be maintained by the DON to ensure all infections are properly maintained and documented. The Administrator and DON will make sure that Registered Nurses and other disciplines involved in the wound care/dressing should coordinate with each other and get Doctor's
## Statement of Deficiencies and Plan of Correction

#### Summary Statement of Deficiencies

1. Confidential medical records of employees were treated as confidential for 3 of 3 terminated employee records. (See N 466)

2. The administrator failed to ensure staff implemented infection control practices. (See N 470)

3. The administrator failed to ensure the personnel furnishing services implemented effective communication to promote the objectives in the plan of care. (See N 486)

4. The administrator failed to ensure the patient rights had been provided to the patient with dignity while showering, and files were kept confidential. (See N 494, 496, 498, 500, 502, 504, 505, 506, 508, 514, and 518)

5. The administrator failed to ensure the home health aide only performed tasks included on the plan of care and that the aide was able to perform. (See N 522)

6. The administrator failed to ensure the plan of care included a timely physician signature. (See N 524)

7. The administrator failed to ensure the registered nurse completed a

8. The administrator failed to ensure the coordination of patient services occurs and that all staff are performing the appropriate tasks in which they are qualified to perform. The physician will be notified of any changes regarding treatment and/or changes in the

### Provider's Plan of Correction

- **Order for wound care/dressing.** They will do care coordination for any treatment done as well as the progress of the treatment and notify physician of any changes in the wound. The Administrator and DON have inserviced staff regarding patient rights.

- **Respective disciplines/case manager/RN will clearly explain the patient rights to the patient and/or the patient's appropriate caregiver/legal guardian and ensure they are signed by the appropriate person upon initial visit.** The Administrator and DON have developed a plan and put into place this plan to ensure all clinical records are checked and maintained appropriately and confidentially and not accessible by unauthorized individuals. All documents with confidential information that are no longer needed will be placed in a bin that is for shredding. The Administrator and DON have inserviced Home Heath Aide's on patient dignity to ensure that patients are properly covered while the patient is being showered/bathed. The Administrator and DON have inserviced staff on following the plan of care to ensure coordination of patient services occurs and that all staff are performing the appropriate tasks in which they are qualified to perform. The physician will be notified of any changes regarding treatment and/or changes in the

### Summary Statement of Deficiencies

**N0446**  
410 IAC 17-12-1(c)(3)  
Home health agency administration/management  
Rule 12 410 IAC 17-12-1(c)(3)

Sec. 1(c)(3) The administrator, who may also be the supervising physician or registered nurse required by subsection (d), shall do the following:

(3) Employ qualified personnel and ensure adequate staff education and evaluations.

Findings

1. On 6/28/12 at 2:45 PM the administrator indicated no inservices had been held in 2012 or 2011 with any personnel and no performance evaluations were completed in 2011 and 2012.

2. The agency policy titled "Inservice Education /Staff Development" with an effective date of 4/30/07 stated, "All staff members providing direct client care will attend in-service education programs annually. These programs will be based on identified staff needs."

**Provider's Plan of Correction**

N 0446 - The Administrator and DON have developed an inservice schedule to ensure all professional staff attend all necessary inservices and to ensure the Aides have 12 hours of inservice education per year. The Administrator and DON have developed a tool to ensure performance evaluations are done for agencies employees on an annual basis. The Administrator and DON will be responsible to insure the deficiency is corrected and will continue to monitor so it does not recur in the future.
3. The agency policy titled "Performance Evaluations" with an effective date of 4/30/07 stated, "A competency-based performance evaluation will be conducted for all employees after one year of employment and least annually thereafter."

Personnel files lacking annual performance evaluations

4. Personnel file A, date of hire (DOH) 2/5/09, lacked an annual performance evaluation.

5. Personnel file B, DOH 2/19/09, lacked an annual performance evaluation.

6. Personnel file C, DOH 7/19/10, lacked an annual performance evaluation.

8. Personnel file H DOH 10/18/10, lacked an annual performance evaluation.

Home health agency administration/management
Rule 12 Sec. 1(c)(6) The administrator, who may also be the supervising physician or registered nurse required by subsection (d), shall do the following:
(6) Ensure that the home health agency meets all rules and regulations for licensure.

Based on policy review, administrative document review, observation, personnel file review, and interview, the administrator failed to ensure the agency met all the requirements for licensure for 1 of 1 home health agency the administrator was responsible for with the potential to affect all the patients of the agency.

Findings include:

1. The administrator failed to organize and direct the agency's ongoing functions. (See N 444)

2. The administrator failed to ensure staff member files reviewed of staff hired prior to 6/12/11 had performance evaluations completed and direct care employees hired prior to January 1, 2012, attended professional inservices. (See N 446)

3. The administrator failed to ensure the

Provider's Plan of Correction

PREFIX TAG ID
N0449 N 0449 - The Administrator and DON have developed a inservice schedule to ensure all professional staff attend all necessary inservices and to ensure the Aides have 12 hours of inservice education per year.

The Administrator and DON have developed a tool to ensure performance evaluations are done for agency's employees on an annual basis. The Administrator and DON have developed a plan and put into place this plan to ensure all employee medical records are kept and maintained appropriately and confidentially. Clinical staff have been inserviced on infection control practices and an infection control log will be maintained by the DON to ensure all infections are properly maintained and documented. The Administrator and DON will make sure that Registered Nurses and other disciplines involved in the wound care/dressing should coordinate with each other and get Doctor's order for wound care/dressing. They will do care coordination for any treatment done as well as the progress of the treatment and

#### 1. Confidential Medical Records
- Confidential medical records of employees were treated as confidential for 3 of 3 terminated employee records. (See N 466)

#### 4. Infection Control Practices
- The administrator failed to ensure staff implemented infection control practices. (See N 470)

#### 5. Communication
- The administrator failed to ensure the personnel furnishing services implemented effective communication to promote the objectives in the plan of care. (See N 486)

#### 6. Rights and Privacy
- The administrator failed to ensure the patient rights had been provided to the power of attorney, patients were treated with dignity while showering, and files were kept confidential. (See N 494, 496, 498, 500, 502, 504, 505, 506, 508, 514, and 518)

#### 7. Home Health Aide
- The administrator failed to ensure the home health aide only performed tasks included on the plan of care and that the aide was able to perform. (See N 522)

#### 8. Physician Signature
- The administrator failed to ensure the plan of care included a timely physician signature. (See N 524)

#### 9. Registered Nurse
- The administrator failed to ensure the registered nurse completed a

#### Corrective Action
- Notify physician of any changes in the wound. The Administrator and DON have inserviced staff regarding patient rights. Respective disciplines/case manager/RN will clearly explain the patient rights to the patient and/or the patient's appropriate caregiver/legal guardian and ensure they are signed by the appropriate person upon initial visit. The Administrator and DON have developed a plan and put into place this plan to ensure all clinical records are checked and maintained appropriately and confidentially and not accessible by unauthorized individuals. All documents with confidential information that are no longer needed will be placed in a bin that is for shredding. The Administrator and DON have inserviced Home Heath Aide's on patient dignity to ensure that patients are properly covered while the patient is being showered/bathed. The Administrator and DON have inserviced staff on following the plan of care to ensure coordination of patient services occurs and that all staff are performing the appropriate tasks in which they are qualified to perform. The physician will be notified of any changes regarding treatment and/or changes in the patient condition and a verbal order will be obtained. The Agency will continue with its policy on clinical record review.

Based on observation, document review, and interview, the agency failed to ensure the confidential medical records of employees were treated as confidential for 3 of 3 terminated employee records (Files Y, Z, and AA] and 1 of 24 records of active employees (Employee R).

Findings include:

1. On 6/15/12 at 10 AM, many documents were observed on the window sill of 1 back office of the agency including 4 medical documents from terminated employees and 1 current employee.

2. A physical examination of Y, a terminated contract physical therapist, was located on the window sill. This document titled "Physical Examination Record" with a date of 3/25/10 included the height and weight of the employee and current medications the employee

#### Summary Statement of Deficiencies

1. A chest x ray of Z, a terminated contract physical therapist, was located in the window sill. This document titled "July 27, 2009 12:33 PM Family Practice page 1" stated, "Employee Z, medical record #, Date of birth, Status Final, Chest ... Clinical indication positive PPD ..."  

2. A work status summary from a health clinic described a visit of Employee R, home health aide, a current employee after a work-related illness and visit to the provider. This visit was dated 1/16/12.

3. A document titled "Work Status Summary" with a date of 12/19/11 stated, "12-2-11 pt [patient] states she was giving a client a shower - he fell back and hit pt in the nose. Nose still hurts - gets headaches." This document is from the confidential medical file of Employee AA, HHA.

4. On 6/15/12 at 10 AM, the administrator indicated the records above were not kept confidential.

**Findings**

**Regarding Barriers for Infection Control**

1. On 6/13/12 at 8 AM, Employee F, home health aide, was observed to place the nursing bag on a chair without a barrier under the bag at patient #1's home prior to care.

2. On 6/13/12 at 3 PM, Employee G, Registered Nurse (RN), was observed to place the nursing bag on a chair without a barrier under the bag at Patient #6's home.

3. On 6/13/12 at 5 PM, Employee M, occupational therapist, was observed to place the equipment bag on a chair without a barrier under the bag at patient...
4. On 6/14/12 at 11 AM, Employee J, Physical Therapist, was observed to place the equipment bag on a chair without a barrier under the bag at patient #5's home.

5. On 6/15/12 at 10:50 AM, the administrator indicated no barriers were placed under the nursing bags for the above visits in findings 4 - 7.

Regarding Infection Control Log

6. The agency policy titled "Infection Control Surveillance" with an effective date of 4/30/07 stated, "An infection control log will be maintained."

7. On 6/15/12 at 10:50 AM, the administrator indicated there was no infection control log.

8. Clinical record #10, SOC 12/2/11 with a certification period of 3/31/12 - 5/29/12, included keflex 500 mg [milligram] po [by mouth] bid [twice a day] x 7 days on the medication profile dated 1/30/12. This antibiotic was listed as beginning on 1/30/12. There was no documentation in the infection log regarding this antibiotic.

<td>Q A and performance improvement Rule 12 Sec. 2(h) The home health agency shall coordinate its services with other health or social service providers serving the patient. Based on clinical record review, interview, and policy review, the agency failed to ensure the personnel furnishing services implemented effective communication to promote the objectives in the plan of care for 1 of 6 patients reviewed (Clinical record #2) at home visit observations. Findings 1. Clinical record #2, start of care (SOC) 4/19/12, included a plan of care for the certification period of 4/19/12 - 6/17/12 that failed to include an order for a wound dressing change on the left heel and coordination of care with the person changing the dressing. This was evidenced by the following: a. On 6/14/12 at 8 AM, Employee K, home health aide (HHA), indicated patient #2 had a dressing on the left heel for an abrasion. Employee K indicated he/she removed this dressing prior to showering the patient at HHA visits on 6/8/12 and 6/12/12. Employee K indicated the Employee L was aware of the abrasion. This patient lived in an assisted living and an assisted living nurse...</td>
<td>N0486</td>

was changing this dressing.

b. Clinical record #2 failed to indicate orders for the left heel dressing or any documentation concerning the left heel wound or dressing or a record that the dressing change was being done by the assisted living. The occurrence of the dressing removal by the aide was also not documented in the patient's clinical record or included on the aide care plan.

2. The agency policy titled "Plan of Care" with an effective date of 4/30/07 stated, "An individualized Plan of Care signed by the physician shall be required for each patient receiving home health and personal care services. The Plan of Care shall be completed in full to include ... medications, treatments, and procedures ... all of the above items must always be addressed on the Plan of Care."

3. The agency policy titled "Coordination of Patient services" with an effective date of 4/30/07 stated, "All personnel furnishing services shall maintain a liaison to assure that their efforts are coordinated effectively and support the objectives outlined in the Plan of Care. This may be done through formal care conferences, maintaining complete, current Care plans and written and verbal interaction ... Interdisciplinary care

Patient Rights
Rule 12 Sec. 3(a) The patient or the patient's legal representative has the right to be informed of the patient's rights through effective means of communication. The home health agency must protect and promote the exercise of these rights and shall do the following:

1. Provide the patient with a written notice of the patient's right:
   a. in advance of furnishing care to the patient; or
   b. during the initial evaluation visit before the initiation of treatment.

2. Maintain documentation showing that it has complied with the requirements of this section.

Based on clinical record review, interview, observation, and policy review, the agency failed to ensure that 1 of 12 clinical records (#10) had provided the patient rights to the power of attorney and 2 of 12 patients were treated with dignity while showering (1 and 4).

Findings

1. Clinical record #10, SOC 12/2/11, evidenced the patient rights were not signed by the patient's power of attorney.

   a. The clinical document titled "Admission Services Agreement" with a date of 12/2/11 and signature of Employee P, RN, stated, "Verbal order..."

b. On 6/13/12 at noon, Employee A, administrator, indicated the patient was not able to sign the patient rights due to dementia and did have a power of attorney responsible for making the patient's decisions. This caregiver was not informed of the patient rights or requested to sign these documents.

c. On 6/19/12 at 11 AM, the power of attorney for patient #10 indicated he/she had not signed the patient rights.

2. Regarding the patient being treated with dignity

A. On 6/13/12 at 8:30 AM, Employee F, home health aide (HHA), was observed to give a shower to Patient #1. The shower failed to evidence the patient was treated with dignity as evidenced by the following:

1) During the shower, Employee F failed to cover Patient #1 with a bath blanket or towel as the shower was completed. The patient was undressed and exposed with no covering for 5 minutes prior to the shower and 5 minutes after the shower was completed.

N0508 - The Administrator and DON have inserviced staff regarding patient rights. Respective disciplines/case manager/RN will clearly explain the patient rights to the patient and/or the patient's appropriate caregiver/legal guardian and ensure they are signed by the appropriate person upon initial visit. The Administrator and DON have developed a plan and put into place this plan to ensure all clinical records are checked and maintained appropriately and confidentially and not accessible by unauthorized individuals. All documents with confidential information that are no longer needed will be placed in a bin that is for shredding. (Space will be kept clean and free of clutter). The Administrator and DON will be responsible to insure the deficiency is corrected and will continue to monitor so it does not recur in the future.
from one record was located near the first door of the entrance to these back rooms. Another box of discharge records was placed by this door. In the second room, which was behind the first room, employee files of terminated employees and patient records were found located in window sills and on the floor in no apparent order. Outside the room in the main office, a referral from File #19 was found wadded up in the trash can of Employee E, an office assistant. Documents from Patient #s 13 - 18 were found in piles in the back two rooms of the agency and on the window sill, unsecured from view of anyone who entered the room.

2. #13 evidenced a document titled "Staff Communication Note" and signed by Employee W, Registered Nurse (RN) on 3/12/12. This document stated, "Patient #13 communication regarding supervisory visit Narrative documentation. Did supervisory visit patient today and asked about his services ... Patient was consuming alcohol at time of visit."

3. #14 evidenced a document titled "Fax" with a date of 2/23/12 with a sticky note on top of the record which stated, "Patient #14 for D/C file not most recent file her 8/3/11 SOC [start of care] chart and Employee E signature." This document

Patient Rights
Rule 12 Sec. 3(c)
(c) The home health agency shall do the following:
(1) Investigate complaints made by a patient or the patient's family or legal representative regarding either of the following:
(A) Treatment or care that is (or fails to be) furnished.
(B) The lack of respect for the patient's property by anyone furnishing services on behalf of the home health agency.
(2) Document both the existence of the complaint and the resolution of the complaint.

Based on clinical record review, policy and document review, and interview, the agency failed to ensure the patient's power of attorney had been informed the agency must investigate complaints and must document both the existence and the resolution of the complaint for 1 of 12 records reviewed (patient #10).

Findings

1. Clinical record #10, SOC 12/2/11, evidenced the patient rights were not signed by the patient's power of attorney.

   a. The clinical document titled "Admission Services Agreement" with a date of 12/2/11 and signature of Employee P, RN stated, "Verbal order ok'd [okayed] per [family member]."
b. On 6/13/12 at noon, Employee A, administrator, indicated the patient was not able to sign the patient rights due to dementia and did have a power of attorney responsible for making the patient's decisions. This caregiver was not informed of the patient rights or requested to sign these documents.

c. On 6/19/12 at 11 AM, the power of attorney for patient #10 indicated he/she had not signed the patient rights.

2. The agency document titled "Patient Bill of Rights and Responsibilities" with no effective date noted stated, "The patient or the patient's legal representative has the right to informed of the patient rights through effective means of communication. The home health agency must protect and promote the exercise of these rights as follows: the home health agency shall provide the patient with a written notice of the patient's rights in advance of furnishing care to the patient or during the initial evaluation visit before the initiation of treatment. The home health agency must maintain documentation showing that has complied with the requirements of this section ... The patient has the right to exercise his or her rights as a patient of the home health agency as follows: the patient's family or legal representative may exercise the..."

### Summary Statement of Deficiencies

#### Patient Rights

- **Rule 12 Sec. 3(e)**: The home health agency must inform and distribute written information to the patient, in advance, concerning its policies on advance directives, including a description of applicable state law. The home health agency may furnish advanced directives information to a patient at the time of the first home visit, as long as the information is furnished before care is provided.

Based on clinical record review, policy and document review, and interview, the agency failed to ensure the patient/patient's power of attorney had been informed of the agency's policies on advance directives and was provided a copy of state law for 1 of 12 clinical records (Clinical record #10) reviewed.

#### Findings

1. Clinical record #10, SOC 12/2/11, evidenced the patient rights were not signed by the patient's power of attorney.

   a. The clinical document titled "Admission Services Agreement" with a date of 12/2/11 and signature of Employee P, RN stated, "Verbal order ok'd [okayed] per [family member]."

Patient Care

Rule 13 Sec. 1(a) Medical care shall follow a written medical plan of care established and periodically reviewed by the physician, dentist, chiropractor, optometrist or podiatrist, as follows:

Based on interview, clinical record review, and policy review, the agency failed to ensure the home health aide (Employee K) only performed tasks included on the plan of care and that the aide was able to perform for 1 of 9 active clinical records reviewed (Clinical record #2) with home health aide services with the potential to affect all patients receiving home health aide services.

**Findings**

1. Clinical record #2, start of care (SOC) 4/19/12, included a plan of care for the certification period of 4/19/12 - 6/17/12 that failed to include an order for a wound dressing change on the left heel.

   a. On 6/14/12 at 8 AM, Employee K, home health aide (HHA), indicated patient #2 had a dressing on the left heel for an abrasion. Employee K indicated he/she removed this dressing prior to showering the patient at HHA visit on 6/8/12 and 6/12/12. This patient lived in an assisted living and an assisted living nurse was changing this dressing.

### PROVIDER'S PLAN OF CORRECTION

The Administrator and DON have inserviced staff on following the plan of care to ensure coordination of patient services occurs and that all staff are performing the appropriate tasks in which they are qualified to perform.

**07/18/2012**
Employee K indicated the Employee L, registered nurse, was aware of the abrasion.

b. Clinical record #2 failed to include orders for the left heel dressing or any documentation concerning the left heel wound or dressing.

2. The agency policy titled "Plan of Care" with an effective date of 4/30/07 stated, "An individualized Plan of Care signed by the physician shall be required for each patient receiving home health and personal care services. The Plan of Care shall be completed in full to include ... medications, treatments, and procedures ... all of the above items must always be addressed on the Plan of Care."

3. On 6/15/12 at 1:50 PM, Employee C, the director of nursing, indicated the dressing and dressing removal were not included on the plan of care.

0524 410 IAC 17-13-1(a)(1)

Patient Care
Rule 13 Sec. 1(a)(1) As follows, the medical plan of care shall:
(A) Be developed in consultation with the home health agency staff.
(B) Include all services to be provided if a skilled service is being provided.
(B) Cover all pertinent diagnoses.
(C) Include the following:
   (i) Mental status.
   (ii) Types of services and equipment required.
   (iii) Frequency and duration of visits.
   (iv) Prognosis.
   (v) Rehabilitation potential.
   (vi) Functional limitations.
   (vii) Activities permitted.
   (viii) Nutritional requirements.
   (ix) Medications and treatments.
   (x) Any safety measures to protect against injury.
   (xi) Instructions for timely discharge or referral.
   (xii) Therapy modalities specifying length of treatment.
   (xiii) Any other appropriate items.

Based on clinical record review, policy review, and interview, the agency failed to ensure the plan of care included a timely physician signature for 4 of 12 records reviewed (clinical record #1, #4, #7, and #11) with the potential to affect all the agency's patients.

Findings include:

1. Clinical record #1, start of care (SOC) 1/12/12, included a plan of care for the

N 0524 - The physician will be notified of any changes regarding treatment and/or changes in the patient condition and a verbal order will be obtained. The agency will continue with its policy on clinical record review to ensure the plan of care is being followed and to ensure a timely physician signature is obtained. The Administrator and DON will be responsible to insure the deficiency is corrected and will continue to monitor so it does not recur in the future.

07/18/2012
certification period of 5/11/12 - 7/9/12
that failed to evidence a timely physician
signature. This was evidenced by the
following:

a. A clinical document titled "Home
health Certification and Plan of
treatment" with a certification period of
5/11/12 - 7/9/12 was not signed by the
physician.

b. On 6/13/12 at 11:55 AM,
Employee C, the director of nursing
(DON), indicated the physician signature
was not present.

2. Clinical record #4, SOC 2/1/12,
included a plan of care for the
certification period of 4/1/12 - 5/30/12
that failed to evidence a timely physician
signature. This was evidenced by the
following:

a. A clinical document titled "Home
health Certification and Plan of
treatment" with a certification period of
4/1/12 - 5/30/12 was not signed by the
physician.

b. On 6/14/12 at 3:20 PM, Employee
C indicated the physician signature was
not present.

3. Clinical record #7, SOC 9/29/11,
### Summary Statement of Deficiencies

1. Included a plan of care for the certification period of 1/27/12 - 3/26/12 failed to evidence a timely physician signature. This was evidenced by the following:

   a. A clinical document titled "Home health Certification and Plan of treatment" with a certification period of 1/27/12 - 3/26/12 was signed by the physician on 3/9/12.

   b. On 6/18/12 at 11 AM, Employee C indicated the physician signature was late.

2. Clinical record #11, SOC 4/25/12, included a plan of care for the certification period of 4/25/12 - 6/23/12 that failed to evidence a physician signature. This was evidenced by the following:

   a. A clinical document titled "Home health Certification and Plan of treatment" with a certification period of 4/25/12 - 6/23/12 was not signed by the physician.

   b. On 6/13/12 at 12:40 PM, Employee S indicated the physician signature was not present.

**Findings**

1. Clinical record #4, SOC 2/1/12 with a certification period of 4/1/12 - 5/30/12, failed to evidence a comprehensive assessment was completed when the patient returned from hospitalization after a fall that resulted in subdural hematoma. This was evidenced as follows:

   a. A clinical document titled "Fall Occurrence Report" and signed by Employee L on 4/27/12 stated, "Date of fall 4/27/12 reported by ALF RN, location..."
of fall in Settler's House Room, Witnessed by aide - Settlers, Reported to [Employee L], Contributing factors poor decision making, Details of fall: what was the patient trying to do? Get up from chair ... physical therapy to eval ... notification given to DON, PT, POC [plan of care] reviewed." This was signed by the physician on 5/4/12.

b. A clinical document titled "Skilled Nursing Note" and dated on 5/7/12 by Employee L and the patient stated, "Homebound status taxing effort / needs assist to leave, confusion, weakness, unsafe to leave unassisted ... Blood Pressure 160/76 ... States he was reaching for a shirt and fell few days ago. No apparent injury noted. Denies any pain. Instructed pt on home safety and emergency precautions."

c. A clinical document titled "Care summary including oasis elements for transfer to inpatient facility" with Employee L's signature and date of 5/8/12 stated, "Emergent care injury caused by fall ... to which inpatient facility has the patient been admitted Hospital ... Reason for hospitalization 2 injury caused by fall date of last visit 5/7/12 ... reported from Settlers House pt fell while trying to get up ... patient tried to transfer without assistance."
d. A clinical document titled "Hospital Physician Orders Patient transfer order form" was dated 5/11/12 and signed by the physician. The faxed cover sheet of this document was written to Incare on 5/11/12 from a ALF nurse and stated, "Readmit."

e. A clinical document titled "Skilled Nursing Addendum" with a signature of Employee L on 5/12/12 stated, "head to toe assessment conducted. Pt has small hematoma on posterior head which he has no c/o [complaints of] pain. Has weakness in legs and requires assistance c transfers. Uses walker with supervision and wheelchair for long distances for safety. Alarm attached to cord for altered of fall prevention. Has some difficulty with speech. Speaks very little and answers questions with few words ... Dr. notified of assessment conducted. No new orders."

f. A clinical document titled "Skilled Nursing Note" and dated on 5/16/12 and signed by Employee L and the patient stated, "Homebound status taxing effort / needs assist to leave, confusion, weakness, unsafe to leave unassisted ... fall prevention cord attached clothing ... incont [incontinent] care ... Fall prevention alarm cord attached clothing ..."

regulatory requirement."
### Scope of Services

Rule 14 Sec. 1(a) (1)(F)  Except where services are limited to therapy only, for purposes of practice in the home health setting, the registered nurse shall do the following:

(F) Coordinate services.

Based on home visit observation, clinical record review, interview and policy, the agency failed to ensure the registered nurse (Employee L) maintained effective care coordination with the nurse providing dressing changes for 1 of 6 patients reviewed (Clinical record #2) at home visit observations.

#### Findings

1. Clinical record #2, start of care (SOC) 4/19/12, included a plan of care for the certification period of 4/19/12 - 6/17/12 that failed to include an order for a wound dressing change on the left heel and coordination of care for this treatment. This was evidenced by the following:

   On 6/14/12 at 8 AM, Employee K, home health aide (HHA), indicated patient #2 had a dressing on the left heel for an abrasion to the left heel. Employee K indicated he / she removed this dressing prior to showering the patient at HHA visits on 6/8/12 and 6/12/12. Employee...
K indicated the Employee L, Registered Nurse, was aware of the abrasion. This patient lived in an assisted living and an assisted living nurse was changing this dressing. The record failed to evidence any communication with the nurse providing the dressing change.

2. The agency policy titled "Coordination of Patient services" with an effective date of 4/30/07 stated, "All personnel furnishing services shall maintain a liaison to assure that their efforts are coordinated effectively and support the objectives outlined in the Plan of Care. This may be done through formal care conferences, maintaining complete, current Care plans and written and verbal interaction ... Interdisciplinary care conferences shall be conducted as often as necessary to respond to changes in the patient's needs, services, care, or goals ... Ongoing care conferences shall be conducted to evaluate the patient's status and progress. Any problems will be discussed and an action plan developed."

4. On 6/15/12 at 1:50 PM, Employee C, the director of nursing, indicated the dressing and dressing removal were not included on the plan of care or included in coordination of care notes or other clinical documentation.

Scope of Services
Rule 14 Sec. 1(c) The appropriate therapist listed in subsection (b) of this rule shall:
(3) assist the physician, chiropractor, podiatrist, dentist, or optometrist in evaluating level of function;

Based on home visit observation, policy review, and interview, the agency failed to ensure 1 of 1 contract occupational therapist (Employee M) evaluated the patient's level of function after falls and complaints of pain for 1 of 6 records reviewed of patients receiving occupational therapy (OT) services (patient #2) with the potential to affect all the agency's patient who received OT services.

Findings include:

1. On 6/13/12 at 4 PM, Employee M, occupational therapist, was observed at an occupational therapy visit with patient #2. This patient lived at an assisted living facility. Patient indicated had two falls in past two days (6/12/12 and 6/13/12) as patient was transferring from bed to wheelchair. Patient had a bruise on left cheek and left buttocks area that was visible between the shirt and pants worn and also painful knees. The occupational therapist did not do a skin assessment or other physical assessment before preceding to an observation of the

The Administrator and DON will implement annual evaluations to the different agencies which involve the services of occupational therapist's to evaluate their competency and skills.

07/18/2012
2. The agency policy titled "Position: Occupational Therapist" with an effective date of 4/07 stated, "Provides services to home care clients in accordance with the Plan of Care. Services are provided under the direction of the attending physician with participation of the family and other members of the interdisciplinary team, as indicated ... Essential Functions/Areas of Accountability 1. Performs occupational therapy assessments, diagnostic tests, skilled treatments, and ongoing evaluation of clients who are receiving services under a medically approved Plan of Care. a. completes assessments in a timely manner and in accordance with Agency Policy ... c. Provides assessment findings and goals to assist in developing the client care plan and obtains specific physician orders as needed."

3. On 6/15/12 at 1:50 PM, Employee C, the director of nursing indicated the occupational therapist did not evaluate the patient despite the patient's complaints of pain and bruising noted and report of additional falls on 6/12 and 6/13/12.

patient's skills with transferring from recliner to wheelchair to bed despite the patient's complaints of pain in knees and bruising noted.

410 IAC 17-14-1(i)
Scope of Services
Rule 14 Sec. 1(i) During a home health aide's first year on the state's home health aide registry, the number of hours of training for that aide shall be a prorated portion of the usual twelve (12) and eight (8) hours.

Based on interview and review of policies and personnel files, the agency failed to ensure 1 of 1 home health aides hired prior to 1/1/12 (R) attended any hours of inservice in 2011.

Findings

1. Personnel file R, date of hire 10/25/11, failed to evidence the aide had completed any inservice education.

2. On 6/28/12 at 2:45 PM, the administrator indicated no inservices had been held in 2012 or 2011 with any personnel. Employee R, home health aide, date of hire 10/25/11 and first patient contact 10/26/11 did not attend any inservices.

3. The agency policy titled "Inservice Education /Staff Development" with an effective date of 4/30/07 stated, "All staff members providing direct client care will attend in-service education programs annually. These programs will be based on identified staff needs."

N 0589 - The Administrator and DON have developed a tentative inservice schedule to ensure all professional staff attend all necessary inservices and to ensure the Aides have 12 hours of inservice education per year. The Administrator and DON will be responsible to insure the deficiency is corrected and will continue to monitor so it does not recur in the future.

Clinical Records

Rule 15 Sec. 1(a) Clinical records containing pertinent past and current findings in accordance with accepted professional standards shall be maintained for every patient as follows:

1. The medical plan of care and appropriate identifying information.
2. Name of the physician, dentist, chiropractor, podiatrist, or optometrist.
3. Drug, dietary, treatment, and activity orders.
4. Signed and dated clinical notes contributed to by all assigned personnel. Clinical notes shall be written the day service is rendered and incorporated within fourteen (14) days.
5. Copies of summary reports sent to the person responsible for the medical component of the patient's care.
6. A discharge summary.

Based on clinical record review, document review, observation, and interview, the agency failed to ensure clinical records were maintained in accordance to professional standards for 5 of 12 records reviewed (Clinical record #2 - 5 and 11) and 6 of 6 former patient records (#13 - 18) and 1 of 1 potential patient document (#19).

**Findings**

Regarding professional standards

1. On 6/15/12 at 10 AM, many
Incare Home Healthcare Inc
