Any defiencystatement ending with an asterisk (\*) denotes a deficency which the institution may be excused from correcting providing it is determined that other safegaurds provide sufficient protection to the patients. (see instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

	and equipment shall be in accordance with NFPA				walk through of the facility at least				
	70, National Electrical Code. NFPA 70, 2011				one time per month to ensure that				
	Edition, Article 400.8 requires that, unless			power strips and extension cord		ords			
	specifically permitted, flexible cords and cables				are not utilized in the facility.				
	shall not be used as a substitute for fixed wiring								
	of a structure. This deficient practice could								
	affect one client.								
	Findings in abode.								
	Findings include:								
	Based on observation on 04/13/21 at 10:47 a.m.								
	during a tour of the facility with the Maintenance								
	Technician,								
	there were two upright freezers plugged into a								
	power strip. Based on interview at the time of								
	observation, the Maintenance Technician said he								
	didn't realize the freezers were plugged into the								
power strip.									
	This finding was discussed with the Maintenance								
	Technician at the exit conference.
