	emergency procedures. Thereafter, the CMHC must provide emergency preparedness training at least every 2 years. Based on record review and interview, the facility failed to ensure staff received training in regards to emergency preparedness policies and procedures. The ICF/IID facility must do all of the following: (i) Provide initial training in emergency preparedness policies and procedures to all new and existing staff, individuals providing services under arrangement, and volunteers, consistent with their expected roles; (ii) Provide emergency preparedness training at least every two years; (iii) Maintain documentation of the training; (iv) Demonstrate staff knowledge of emergency procedures in accordance with 42 CFR 483.475(d)(1). This deficient practice could affect all occupants. Findings include: Based on review of "Emergency/Disaster Preparedness Manual" documentation dated 07/25/22 and "Emergency, Disaster, Evacuation Plans and Responses" documentation dated 07/01/22 with the Maintenance Aide during record review from 10:20 a.m. to 11:25 a.m. on 12/21/22, the facility lacked documentation of staff training on the emergency preparedness plan within the most recent two year period. Based on interview at the time of record review, the Maintenance Aide stated staff training documentation on emergency preparedness policies and procedures within the most recent two year period was not available for review at the time of the survey. This finding was reviewed with the Maintenance Aide during the exit conference.	E 0037	**CORRECTION:** *The facility must have a training program on place with (i) Initial training in emergency preparedness policies and procedures to all new and existing staff, individuals providing on-site services under arrangement, and volunteers, consistent with their expected roles. (ii) Provide emergency preparedness training at least annually. (iii) Maintain documentation of the training. (iv) Demonstrate staff knowledge of emergency procedures.* Specifically, the facility will provide an emergency preparedness training program that includes the following. Initial training in emergency preparedness policies and procedures to all new and existing staff, individuals providing services under arrangement, and volunteers, consistent with their expected roles; and provide emergency preparedness training at least annually; and maintain documentation of the training; and demonstrate staff knowledge of emergency procedures. Facility Specific Emergency Preparedness Training has been added to new hire On-the-Job Training curriculum and Area Supervisors and the QIDP will be responsible for providing annual retraining as well as training when the plan is	01/20/2023

	actual natural or man-made emergency that requires activation of the emergency plan, the OPO is exempt from engaging in its next required testing exercise following the onset of the emergency event. (ii) Analyze the OPO's response to and maintain documentation of all tabletop exercises, and emergency events, and revise the [RNHCI's and OPO's] emergency plan, as needed. *[RNCHIs at §403.748]: (d)(2) Testing. The RNHCI must conduct exercises to test the emergency plan. The RNHCI must do the following: (i) Conduct a paper-based, tabletop exercise at least annually. A tabletop exercise is a group discussion led by a facilitator, using a narrated, clinically-relevant emergency scenario, and a set of problem statements, directed messages, or prepared questions designed to challenge an emergency plan. (ii) Analyze the RNHCI's response to and maintain documentation of all tabletop exercises, and emergency events, and revise the RNHCI's emergency plan, as needed. Based on record review and interview, the facility failed to conduct at least two exercises to test the emergency plan on an annual basis using the emergency procedures. The ICF/IID facility must do all of the following: (i) participate in a full-scale exercise that is community-based or when a community-based exercise is not accessible, an individual, facility-based. If the ICF/IID facility experiences an actual natural or man-made emergency that requires activation of the emergency plan, the ICF/IIC facility is exempt from engaging in a community-based or individual, facility-based full-scale exercise for 1 year following the onset of the actual event; (ii)	E 0039	**CORRECTION:** *The [facility] must conduct exercises to test the emergency plan at least annually.* Specifically, the agency's Quality Assurance Department has submitted a formal request to the Indianapolis Metropolitan Police Department/Department of Homeland Security Community Emergency Response Team (CERT) to conduct an initial "table talk" disaster exercise, with bi-annual exercises thereafter.	01/20/2023

	conduct an additional exercise that may include, but is not limited to the following: (A) a second full-scale exercise that is community-based or individual, facility-based. (B) a tabletop exercise that includes a group discussion led by a facilitator, using a narrated, clinically-relevant emergency scenario, and a set of problem statements, directed messages, or prepared questions designed to challenge an emergency plan; (iii) analyze the ICF/IID facility's response to and maintain documentation of all drills, tabletop exercises, and emergency events, and revise the ICF/IID facility's emergency plan, as needed in accordance with 42 CFR 483.475(d)(2). This deficient practice could affect all occupants. Findings include: Based on review of "Emergency/Disaster Preparedness Manual" documentation dated 07/25/22 and "Emergency, Disaster, Evacuation Plans and Responses" documentation dated 07/01/22 with the Maintenance Aide during record review from 10:20 a.m. to 11:25 a.m. on 12/21/22, documentation of a community based disaster drill within the most recent twelve month period was not available for review. Based on interview at the time of record review, the Maintenance Aide agreed the facility is currently experiencing an actual natural emergency due to Covid-19 and Covid-19 policy and procedures currently in effect for the pandemic are stated in the emergency preparedness documentation but agreed the facility has not conducted a second community based disaster drill or conducted a tabletop exercise within the most recent twelve month period and agreed additional testing documentation was not available for review at the time of the survey.		Additionally, the ResCare Quality Assurance Department has requested assistance from the IMPD District Commander to coordinate with CERT to facilitate this process. ResCare Facility supervisors, the QIDP and administrative level management (Operations Managers, Program Managers, Quality Assurance Manager, QIDP Manager, Quality Assurance Coordinators, and Nurse Manager) will participate in the exercises to assure facility emergency preparedness protocols are consistent with community emergency management practices. The facility will develop documentation of the activation of the Emergency Preparedness Plan during the 12/22/22 – 12/24/22 weather emergency, by 1/20/23. At the time of this exercise, a “table talk exercise will be scheduled with local emergency management officials within 6 months of the full-scale event. The QIDP Manager will collaborate with other residential providers to determine a functional approach to correct this deficient practice. **PREVENTION:** Members of the Operations Team (comprised of the Executive Director, Operations Managers, Program Managers, Area Supervisors, Quality Assurance

	10:20 a.m. to 11:25 a.m. on 12/21/22, assessed clients are allowed to smoke in a designated outdoor area. Based on interview at the time of record review, the Area Supervisor stated two clients, AR and BM, are allowed to smoke on the back patio for the facility. Based on observations with the Maintenance Aide during a tour of the facility from 11:25 a.m. to 11:45 a.m. on 12/21/22, a plastic open top ashtray was filled with cigarette butts on a table outside the facility on the back patio. Cigarette butts were also scattered on the ground near the back patio. A smoking tower for dispensing cigarette butts was in two pieces and laying on its side on the ground near the back patio outside the facility. Based on interview at the time of the observations, the Maintenance Aide agreed the ashtray for the cigarette butts was not equipped with a self-closing cover device and was not of noncombustible material and safe design, the smoking tower was not being utilized and cigarette butts were strewn on the ground at this designated location where smoking was allowed. This finding was reviewed with the Maintenance Aide during the exit conference.		completion of evacuation drill forms and assessment of individual drill compliance. The Operations (comprised of the Executive Director, Operations Managers, Program Managers, Area Supervisors, Quality Assurance Manager, QIDP Manager, QIDP, Quality Assurance Coordinators, and Nurse Manager) will review and track all facility evacuation drill reports and follow up with professional staff as needed to assure drills occur as scheduled and follow up with the agency Safety Committee accordingly. **Responsible Parties:** Environmental Services Team, Area Supervisor, Residential Manager, Direct Support Staff, QIDP, Operations Team
