Ms. Mary M. Becerra
Secretary to the Commission
Indiana Utility Regulatory Commission
101 West Washington Street, Suite 1500 East
Indianapolis, Indiana 46204

RE: Howard County Utilities, Cause No. 45032

Dear Ms. Becerra:

This letter is sent pursuant to the Commission's Order in Cause No. 45032, issued February 16, 2018 and is on behalf of Howard County Utilities, Inc. ("HCU"). That Order requires HCU to submit a tariff pursuant to the Commissions 30-Day Filing Procedures (170 IAC 1-6) to reflect the reduction in tax rate implemented by the Tax Cuts and Jobs Act. This letter is being submitted pursuant to that directive, although there is no change to the rates proposed.

HCU's rates were established pursuant to the Order of this Commission in Cause No. 43294 issued January 23, 2008. They were established following a true-up report which is described in finding paragraph 7:

Following the placement of the plant in service, petitioner should file in this cause under a certificate of in-service date, together with a true-up report with the Commission and the OUCC. The true-up report should identify this cause and include the total costs of all construction, including costs associated with inspections and repairs to the collection system, a land acquisition, and allowance for funds used during construction. The true-up report should show an offset as CIAC associated with any Surcharge revenues collected after January 1, 2009, in excess of the true-up costs. The true-up report should also include as an attachment a copy of this final order. *To the extent the actual cost would produce a monthly rate lower than \$69 per month using a 10% cost of equity, petitioner should file a revised rate schedule reflecting such lower rates.*

Pp. 7-8 (emphasis added.)

Indiana Utility Regulatory Commission

Page 2

Submitted herewith is a report recalculating the true-up report substituting the new federal corporate income tax rate of 21%. It reveals that with the new tax rate and a 10% cost of equity, the rate would still not be lower than \$69 per month. Accordingly, there is no adjustment required to HCU's rates from the Tax Cuts and Jobs Act.

Sincerely,

Nicholas K. Kile
