RE: Northern Indiana Public Service Company – 30 Day Filing Pursuant to 170 IAC 1-6-1 et seq.

Dear Ms. Becerra:

In accordance with 170 IAC 1-6-1, enclosed please find Northern Indiana Public Service Company’s (“NIPSCO”) First Revised Sheet No. 124 – Rider 775 – Interruptible Industrial Service Rider (No. 5 of 9 Sheets). The revision impacts NIPSCO’s Customers participating in Rider 775 that are receiving electric service under Rates 732, 733 or 734 of IURC Electric Service Tariff, Original Volume No. 13. The proposed revision is shown in the attached redlined tariff sheet.

Rider 775 (No. 5 of 9 Sheets) states that NIPSCO will update the amount of the Demand Credit under Option A, subject to Commission approval, as follows:

Starting every subsequent June 1: The annual market price per kW per month for capacity deliverable to the Company load zone as determined by the Company through an average of quotes taken from the MISO capacity auction (or reasonably similar information available to Company) during the preceding October. All eligible Customers will be notified by the preceding November 15 of the new Demand credit.
NIPSCO has completed its calculation and revised the per kilowatt per Interruptible Billing Demand per month to be applied to the Rate 732, Rate 733 or Rate 734 bill as shown on the attached tariff sheet. NIPSCO does not currently have any customers under Option A. NIPSCO notified all eligible Customers on November 15, 2016 of the new demand credit.

170 IAC 1-6-3(7) states that a filing for which the Commission has already approved or accepted the procedure for the change is an allowable type of filing. In its December 21, 2011 Order in Cause No. 43969, the Commission approved NIPSCO’s use of the 30-Day Filing procedure for this revision. See Order at 17. Thus, this filing is an allowable request under 170 IAC 1-6-3. This filing does not require confidential treatment nor does it seek any other relief identified in 170 IAC 1-6-4, so it is not prohibited under the Commission’s Rule.

In accordance with 170 IAC 1-6-5(2), contact information for the utility regarding this filing is:
