2022 Small Utility Workshop

Hosted by Indiana Utility Regulatory Commission staff
November 1, 2, 9, and 10, 2022

- FREE virtual trainings on topics like financing and grant programs, IURC Annual Reports, cybersecurity, 30-day filings, and much more
- **NEW THIS YEAR:** In-person option for assistance with completing a small utility rate application* based on specific utility's 2021 financial data

AND

- Training on a program that assists small utilities with the 30-day filing process in times of inflation**
- See attached Program Agenda for details

The registration deadline is Oct. 28, 2022. To learn more and to find the link to register, visit <https://www.in.gov/iurc/water-and-wastewater-division/small-utility-workshop/>

NOTE: Certified Water Operators can earn up to 9.5 Continuing Education (CE) Hours; CE Hours for Certified Wastewater Operators is still under review by IDEM

Please direct questions to Dana Lynn at 317-232-2750 or dlynn@urc.in.gov.

**Available to utilities serving 8,000 customers or less, or a division of a utility that serves 5,000 customers or less*

***Program is available to utilities serving 5,000 customers or less*
