RE: 30-Day Utility Articles for Conference on *Wednesday, January 11, 2023 @ 10:00 a.m.*

The following thirty-day filings have been submitted to the Commission. Each item was reviewed by the appropriate Commission Technical Divisions and all regulations were met in accordance with 170 IAC 1-6 Thirty-Day Administrative Filing Procedures and Guidelines. Therefore, the following filings listed below and attached hereto are recommended to be considered by the Commission at the next conference:

| Attachment Number | 30-Day Filing No. | Name of Utility Company | Type of Request | Date Received |
|-------------------|-------------------|-----------------------------------|--|---------------|
| 1 | 50618 | St. Anthony Water Utilities, Inc. | The Company is requesting approval via the thirty day filing procedures to increase its wholesale cost tracking factor to \$0.45 per 1,000 gallons for all customers. This change is requested to pass through increases in the cost of water being purchased from the Patoka Lake Regional Water District, which were approved since the filing of the Company's last tracking factor request. The Company is also requesting approval to increase its tap fee to \$2,625.00. | 11/14/2022 |
