MEMORANDUM

TO: Commission Chairman James F. Huston
Commissioners Freeman, Krevda, Ober, and Ziegner

FROM: Commission Technical Divisions

DATE: July 30, 2021

RE: 30-Day Utility Articles for Conference on *Wednesday August 4, 2021 @ 10:00 a.m.*

The following thirty-day filings have been submitted to the Commission. Each item was reviewed by the appropriate Commission Technical Divisions and all regulations were met in accordance with 170 IAC 1-6 Thirty-Day Administrative Filing Procedures and Guidelines. Therefore, the following filings listed below and attached hereto are recommended to be considered by the Commission at the next conference:

Attachment Number	30-Day Filing No.	Name of Utility Company	Type of Request	Date Received
1	50438	Monon Telephone Company, Inc.	Intrastate Tariff Filing	7/1/2021

Filing Party: Monon Telephone Company (“Monon”)30-
Day Filing ID No.: 50438
Date Filed: July 1
Filed Pursuant to: IC 8-1-2-88.6; 170 IAC 1-6; IURC Cause No. 44004; and the FCC’s 8YY Order and related rules.¹

Request: Monon Telephone Company (“Monon”) updated its Indiana intrastate access tariff on July 1, 2021, with a requested effective date of July 1², as required by the FCC’s “8YY Order” and related administrative rules regarding intercarrier compensation on toll-free calls.³

Monon concurs with the Rochester Telephone Company intrastate access tariff (I.U.R.C. No. 1), except for rates and charges for End User Access Service and 800 Data Base Access Service.

Pursuant to IC 8-1-32.5-11(e), all communications tariffs filed after June 30, 2021, become effective upon filing. Therefore, the exceptions for Monon’s intrastate End User Access Service and its 800 Data Base Access Service (filed on July 1) went into effect on July 1. It is important to note, however, the Commission is still required to review all intrastate access changes for reasonableness, pursuant to IC 8-1-2-88.6(b). This write-up includes the results of Staff’s review of the July 1 exceptions.

Retail Customer Impact: The End User Charge is an existing charge. The dollar amount of the charge is not being modified, so there is no new impact on retail customers. The data base access charge is a form of intercarrier compensation that other carriers would pay Monon to perform a database query on their behalf. This charge is not assessed on retail end user customers.

Tariff Page(s) Affected: Monon Telephone Company, Tariff I.U.R.C. No. T-8, Section VI, Sheets 5, 6, & 8.

Staff Recommendations: Requirements in IC 8-1-32.5-11(c), 170 IAC 1-6, and IURC Cause No. 44004 were met. Staff believes that applicable FCC requirements were also met. Staff has reviewed the intrastate exceptions and changes to Monon’s I.U.R.C. T-8 tariff described herein and recommends final approval.
