Request: NIPSCO requests approval of revisions to Rule 11 – Rendering and Payment of Bills in its IURC Gas Service Tariff, Original Volume No. 10 (“Gas Tariff”), to add Rule 11.4 – Levelized Billing Plan. NIPSCO’s proposed Rule 11.4 addresses the requirement in House Enrolled Act 1002 (“HEA 1002”) that NIPSCO “[b]eginning with the first monthly billing cycle that begins after June 30, 2026, apply a levelized billing plan to all active customer accounts: (A) for utility service provided under the electricity supplier’s standard residential tariff to a customer who is part of a household that is eligible for and has applied for assistance from a home energy assistance program administered under IC 4-4-33; and (B) to which a levelized billing plan does not already apply.” Rule 11.4 would become effective July 1, 2026 to align with the effective date set out in HEA 1002.
