**30-Day Filing ID No.:** 3191  
**Date Filed:** September 23, 2013  
**Filed In Response To:** Cause No. 44291  
**Request:** NIPSCO requests to modify the language on its Rider 625 – Rate for Electric Service Metal Melting Service to clarify the eligibility requirements. The changes include insertion of the clarifying words (in bold):

**Under the Heading:** TO WHOM AVAILABLE

...This Rate Schedule is available to Industrial Customers with electric metal melting and/or holding equipment and a **maximum thirty (30) minute** on peak Demand for a **billing period** that is less than 50% of their **maximum thirty (30) minute** off-peak Demand for that same billing period and is located adjacent to existing electric facilities adequate to meet the Customer's requirements.

Similar changes are made to the definition under General Terms and Conditions of Service of "2. *On-peak Demand.*" The changes include insertions of the clarifying words (in bold):

To the extent Customer has a **maximum thirty (30) minute** on-peak Demand for a **billing period** that is greater than 50% of their **maximum thirty (30) minute** off-peak Demand for that same billing period for three consecutive **billing periods** then Customer shall not be eligible for this rate schedule and Company shall provide service under another applicable rate schedule.

**Customer Impact:** NIPSCO industrial customers participating in Rate 625.  
**Tariff Pages Affected:** Rate 625, First Revised, Sheet No. 6 and First Revised, Sheet No. 64  
**Staff Recommendations:** Staff had asked, and NIPSCO complied with specifically notifying all current customers on Rate 625 of the proposed changes. Staff understands that the proposed changes are necessary for a proposed settlement in a docketed proceeding (Cause No. 44291). Staff believes the changes comport with what the types of filings allowed through the Commission's 30-Day Filing rules and recommends approval.
