ON THE COVER

History of the Monroe County Courthouse

The first courthouse in Monroe County was a temporary log cabin built by Samuel Elliot in August 1818 and was located on a portion of the same square that contains the current courthouse. The cost of the single-floor two-room cabin was not to exceed \$400. In 1826, the small log cabin courthouse was replaced by a second brick building with a stone foundation. The second courthouse was expanded and remodeled in the 1850s and again in the 1870s.

In 1908, the second courthouse was replaced with a newly constructed stone building designed by architects Wing and Mahurin. Its domed structure constructed from Indiana limestone has a weathervane, a large copper fish with a golden hue, which has become its oldest and most popular feature. The building's *Beaux-Arts* architectural style was very popular in the United States from 1880 to 1920. Two artists, Molnar and Brand, also made significant contributions to the embellishment of the courthouse. Brand contributed ten murals, the stained-glass dome, and a large stained-glass window featuring a bald eagle that can be found on the second-level landing. Many statues and plaques can be found throughout the grounds of the courthouse in remembrance of battle scenes from the Mexican War, Civil War, Spanish-American War, and World War I.

The domed courthouse was placed on the National Register of Historical Places in 1976 and underwent extensive renovations in 1984. The courthouse and its lawn of monuments remain the focal point for Bloomington and Monroe County. In 1985 the Monroe County Justice Building was constructed just north of the courthouse. The Justice Building now houses the courts and other criminal justice agencies in Monroe County.

INTRODUCTION

The *Indiana Judicial Service Report* is an annual publication that compiles statistical data on the workload and finances of the Indiana judicial system. This report covers calendar year 2018 (CY 2018), with the exception of the Indiana Supreme Court data and certain state fiscal information, which are reported on a state fiscal year from July 1, 2017 through June 30, 2018 (SFY 2018). The Indiana Supreme Court's Indiana Office of Court Services (IOCS) publishes the report. The *Indiana Judicial Service Report* has been published every year since 1976.

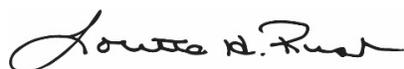

The Judicial Year in Review includes data regarding the operation of Indiana's appellate courts. Excerpted statistical information and earlier reports are found on the Indiana Courts Website at courts.in.gov.

The statistical information published in this report was compiled from Quarterly Case Status Reports (QCSR) filed with IOCS by each trial court. All trial courts annually file a summary report on court revenue and a report on court expenditures and budget. Although the administrative offices of the appellate courts compile and publish their own caseload reports, Indiana law requires that appellate information be included in this report. Fiscal data for the state is obtained from the annual report of the Auditor of the State of Indiana.

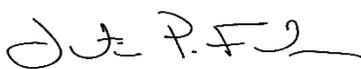

This report is not an exact accounting of funds or of every judicial decision. It is based on aggregate summary data and presents an overview of the

workload and functioning of the Indiana judiciary. It is intended to be used by trial judges to monitor caseloads in their respective courts; by trial judges and county councils in the budgeting process; by the General Assembly and its committees in legislative deliberations; by IOCS in its support of judicial administrative activities; and by the Indiana Supreme Court in meeting its responsibility to foster the administration of justice. Additionally, the information detailed in this report provides a factual basis for long-term judicial planning in the State of Indiana.

This report would not be possible without the diligent work of hundreds of Indiana judges, court employees, and clerks who ensure access to justice and serve the citizens of Indiana. IOCS is grateful for all of their assistance in publishing the *Indiana Judicial Service Report* each year.

2018 Fiscal Highlights

Indiana's trial courts are financed primarily through county general revenue with a substantial portion coming from local property taxes. State general fund revenues pay judicial salaries, appellate level courts, defray some of the expenses associated with indigent criminal defense, *guardian ad litem* services for abused and neglected children, court interpreter services, unrepresented litigant support, civil legal aid, family courts, and problem-solving courts. City and town funds pay for the respective city and town courts, while the townships in Marion County (the most populous Indiana County) fund the nine Marion County Small Claims Courts.

The state spent \$154,944,714 during SFY 2018 on the operation of the judicial system. In CY 2018, the counties, spent \$294,454,581; the cities, towns, and townships spent \$19,546,792 on their respective courts, for a total annual expenditure of \$468,946,087.

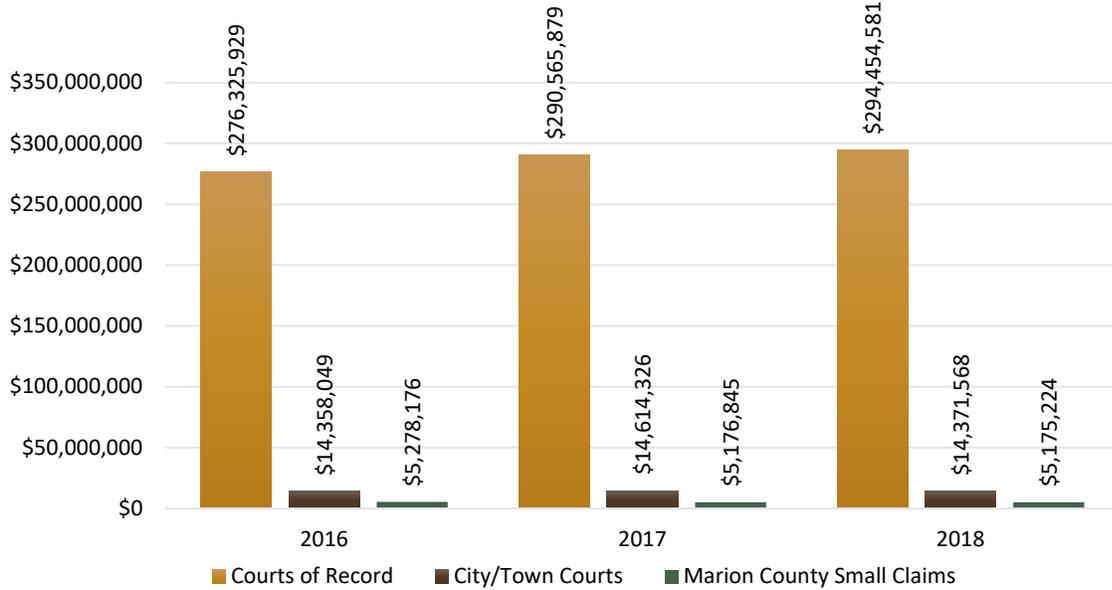

All courts in the state, including city courts, town courts, and Marion County Small Claims courts, generated a total of \$170,442,944 in revenue, specifically for, fines, costs, and fees during CY 2018. Of that amount, \$90,911,976 (53 percent) went to state-level funds and \$66,334,189 (39 percent) went to a variety of county-level funds. The remaining \$13,196,779 (8 percent) went to various local funds. An additional \$1,532,876 was generated by Marion County Small Claims Courts and paid to constables for service of process in this CY 2018.

An extensive overview of expenditures and revenue, including fines, costs, fees, and the distribution of revenue generated can be found in the [Fiscal Report of Trial Courts](#) section of this volume.

2018 REPORT OF THE OFFICE OF JUDICIAL ADMINISTRATION

Overview

The Office of Judicial Administration includes more than 200 employees in the following departments:

- Appellate Clerk's Office
- Attorney Disciplinary Commission
- Office of Communication, Education & Outreach
- Fiscal Office
- Indiana Office of Court Services
- Judges & Lawyers Assistance Program
- Judicial Qualifications & Nomination
- Office of Admissions & Continuing Education
- Personnel Management & Operations
- Indiana Supreme Court Services
- Trial & Appellate Court Technology

Among the many projects the Office of Judicial Administration directly oversees are the Senior Judge Program, the Special Judge Program, and evaluating submissions made under Trial Rule 53.1 concerning timely rulings on motions by judges.

Special Judges

Indiana Supreme Court is responsible for selecting a Special Judge to hear a case under Trial Rules 53.1, 53.2, 60.5, 79 and Criminal Rules 13 and 15, when the original judge assigned to the case is unable to hear the case due to a conflict of interest, when a mandate action is filed, or when the judge has been removed from the case for failing to rule in a timely fashion.

Staff assists the Indiana Supreme Court in cases requiring appointment of a special judge. Appointments are necessitated when a local rule does not result in the selection of a special judge, the submission of a case has been withdrawn from the judge under Civil or Criminal procedural rules, or the circumstances of the case warrant an appointment by the Indiana Supreme Court.

In 2018, the Indiana Supreme Court received 45 requests for the appointment of a special judge. The Indiana Supreme Court appointed Special Judges in 38 of the 45 cases and remanded the case to the original judge in four instances. The Court denied the appointment of a special judge in three cases.

Senior Judge Program

Senior judges are retired judges who have been certified by the Judicial Qualifications Commission as meeting the senior judge requirements found in Administrative Rule 5(B)(3). They aid the judiciary by serving as judges and performing other tasks to assist the judiciary in managing caseloads and enabling cases to be processed more efficiently.

In CY 2018, 91 individuals provided services to Trial Courts as senior judges, delivering services equivalent to that of 21 regular judicial officers.

Senior judges provide judicial services at a lower cost than that of a regular judicial officer. Seven senior judges served the Court of Appeals and one served the Tax Court.

2018 Senior Judge Program highlight:

- Two senior judges provided consulting resources to courts handling proceedings involving children.

Indiana Trial Rules 53.1, 53.2, and Criminal Rule 15

The Chief Administrative Officer is charged with evaluating requests to remove a case from a judge who allegedly has not ruled in a timely manner as provided in Indiana Trial Rules 53.1 and 53.2 and Indiana Criminal Rule 15. Seeking the removal of a judge begins with the filing of a praecipe with the trial court clerk.

The clerk forwards the praecipe and the chronological case summary to the Chief

Administrative Officer for review and determination whether an inappropriate delay of a decision or ruling has occurred.

In CY 2018, the Chief Administrative Officer

- reviewed 134 requests for removal of cases;
- issued 126 notices denying the requested withdrawal; and
- issued eight notices withdrawing the submission in 8 cases in 2018.

Appointed Judicial Officers

Appointed judicial officers, which include magistrates, commissioners, referees, and hearing officers, assist the elected judge with the court's caseload. Frequently courts share appointed officers based on case types, caseload, extended absences, etc. Appointed judicial officers are considered "regularly assigned" judicial officers and are included when IOCS compiles the Weighted Caseload Report. The following describes each type of appointed officer.

MAGISTRATES – Magistrates are full-time employees who serve in one or more courts. A magistrate is an attorney appointed by the county judges but paid by the state. A magistrate has most of the powers of a judge; however, they cannot issue judicial mandates.

Juvenile court magistrates may be appointed in judicial circuits with a population of at least 50,000. A juvenile court magistrate is paid partially by the state and partially by the county.

COMMISSIONERS/MASTER

COMMISSIONERS – All counties with a voting population over 7,000 may appoint a probate commissioner.

- Indiana Code 33-33-2-13, 33-33-2-14 – Allen County
- Indiana Code 33-33-5-4 – Blackford County
- Indiana Code 33-33-15-4 – Dearborn County
- Indiana Code 33-33-18-7 – Delaware County

- Indiana Code 33-33-45-9, 33-33-45-12 – Lake County
- Indiana Code 33-33-49-12, 33-33-49-15, 33-33-49-16 – Marion County
- Indiana Code 33-33-59-4 – Orange County
- Indiana Code 33-33-64-7 – Porter County
- Indiana Code 33-33-71-12 – Saint Joseph County
- Indiana Code 33-33-79-10 – Tippecanoe County
- Indiana Code 33-33-82-13 – Vanderburgh County
- Indiana Code 33-33-84-8, 33-33-84-9 – Vigo County
- Indiana Code 33-33-89.3-6 – Wayne County

Commissioners generally have the same jurisdiction as magistrates but are paid by the county. The presiding judge must countersign all final appealable orders.

REFEREES – A referee is appointed by a circuit or superior court judge, serves at the pleasure of the judge, and performs the duties assigned by the judge. Referees are appointed to serve in various courts including special courts such as domestic relations courts (Indiana Code 31-12-1-9), certain juvenile courts (Indiana Code 31-31-3-6) and small claims divisions of superior and circuit courts (Indiana Code 33-29-3-3). Based on assignments, the referee will make ruling recommendations to the presiding judge but does not enter rulings independently. Some small claims referees are paid by the state, but most referees are paid by the county.

DEPARTMENT REPORTS

Fiscal Office

The Fiscal Office within the Office of Judicial Administration serves the Indiana Supreme Court and its agencies in all financial, accounting, and budgeting matters. This includes budget creation and monitoring, accounts payable, processing of invoices, accounts receivable, the collection of funds, grant management, monthly financial reporting, and assisting with financial questions from the judiciary and other state partners.

During the 2018 fiscal year, the Fiscal Office successfully reengineered the internal accounts payable process to go paperless, saving administrative time and effort, as well as reducing the need for physical storage space. In addition, the biennium budget process for fiscal years 2020 and 2021 were presented before the State Budget Committee.

SFY 2018 fiscal highlights include:

- 8,804 invoices processed
- 1,596 deposits made
- \$8.5 million in grants distributed
- Underspending of over \$1.8 million was returned to general the fund

Trial and Appellate Court Technology

Trial Court Technology

Trial Court Technology provides software applications and support to more than 35,000 individuals in courts, clerks' offices, probation departments, and law enforcement agencies in all 92 counties.

One of the most important initiatives undertaken by the Indiana Supreme Court is to equip every court with a 21st century case management system. Following a competitive procurement process, Tyler Technologies' Odyssey case management system was selected in 2007. The first nine courts began using Odyssey in December of that same year. Eleven years later, Odyssey has been deployed to 316 courts in 70 counties resulting in 80 percent of all new cases being filed in Odyssey. Many of these courts use functionality in Odyssey that allows courts to go paperless.

In late 2016, Trial Court Technology developed a new application called the Supervised Release System (SRS), which is a case management system designed for community supervision agencies, including probation departments, community corrections agencies, problem-solving courts, and pretrial services agencies. This web-based system connects to other internal systems including Odyssey, Risk Assessments, Presentence Investigation Reports, and Abstracts of Judgments. Since inception and through the end of 2018, SRS was deployed to 32 different agencies

Trial Court Technology and the Indiana Department of Corrections have partnered to deploy SRS to all community correction agencies throughout Indiana by the end of 2020.

Beginning in May 2017, Trial Court Technology made certain court orders and documents available on MyCase, the public access site for Odyssey records. Since then, over 2.7 million documents were downloaded

by the public. Enhanced access for attorneys was implemented in June 2017, allowing attorneys additional access to case information using their Court's Portal credentials. At the end of CY2018, over 7,700 attorneys successfully logged in over 1 million times and over 4.4 million documents were downloaded by attorneys.

CY 2018 Trial Court Technology Highlights include:

- Parenting Time Calendar released to the public
- 40 counties participated in sending over 337,000 text reminders in criminal cases for upcoming hearings
- 170,876 adult and juvenile risk assessments completed in the Indiana Risk Assessment System and Indiana Youth Assessment System application
- 6,195 mental health evaluations completed using the MAYSI-2 tool in the Indiana Court Information Technology Extranet (INcite)
- Abstracts for 68,755 felony convictions completed by the courts
- 274,000 traffic tickets electronically filed in Odyssey
- 59,095 criminal cases initiated through the Criminal e-File interface
- 64,720 people paid traffic tickets online
- 63 counties using the Guardianship Registry
- Over 83,000 protection orders created in the Protection Order Registry and sent electronically to the Indiana State Police
- Tax intercept initiative generated over \$1.15 million in delinquent fines and costs on behalf of 37 courts
- 12,836 mental health adjudications sent electronically from the courts to National Instant Criminal Background Check System (NICS)

Electronic Case Filing

E-filing began in earnest in July of 2015. By the end of 2018, the trial courts in all but seven counties were e-filing. The counties not participating were delayed until after the transition to the statewide Odyssey case management system. In addition to the free e-filing service provider (ESFP) offered by the Indiana Supreme Court, eleven other providers serve over 32,500 registered users. Approximately 500,000 documents are e-filed each month through the Indiana E-Filing System.

Appellate Court Technology

Appellate Court Technology staff provides computer, network, and related infrastructure services to more than 250 staff in the Indiana Supreme Court, Court of Appeals, Tax Court, and the administrative agencies of the Office of Judicial Administration. Appellate Court Technology supports desktop applications and enterprise applications including appellate e-filing and case management; roll of attorneys; and education tracking for judges, attorneys, and mediators.

Attorneys and parties e-filed 44,498 documents in the appellate courts in 2018, representing 1,241,336 pages of paper. The appellate courts issued over 2,083 opinions and 9,534 orders in 2018 via email through the appellate e-notice system.

Attorneys, judges, and mediators can use the Indiana Supreme Courts Portal to manage their records with the Roll of Attorneys and the Office of Admissions and Continuing Education. In 2018, attorneys submitted 2,478 requests for course accreditation and reported 19,327 CLE credit hours of course attendance through the portal.

Indiana Office of Court Services

Established in 2016 as part of the Supreme Court's administration reorganization, Indiana Office of Court Services (IOCS) was created to carry out the combined duties, functions and powers of the Indiana Judicial Center, the Division of State Court Administration, and Interstate Compact-related duties under Indiana Code § 11-13-4.5 *et seq.*

IOCS is divided into four divisions:

- Judicial Branch Education
- Justice Services
- Legal Support and Statistics
- Programming and Projects

Judicial Branch Education

Professional development through continuing education remains a priority for IOCS. CY 2018 saw the Division delivering over 1,600 hours of continuing education to Indiana's judicial branch personnel and justice system stakeholders. IOCS sponsored training on 263 days with cumulative attendance numbers of 8,890 people. The Statewide Opioid Summit: A Medication-Assisted Treatment and Addictions Primer for Justice Professionals in July 2018 was one of the most significant training events in 2018. Collaborating with the Indiana Supreme Court, Indiana Family and Social Services Administration, Indiana University Addictions Grand Challenge, and the Association of Indiana Counties, the Division facilitated a one-day program bringing together teams from all 92 counties and nearly 1,000 people to learn about Indiana's opioid and other substance use disorder epidemic, medication-assisted

treatment, and collaboration on community efforts to address the epidemic.

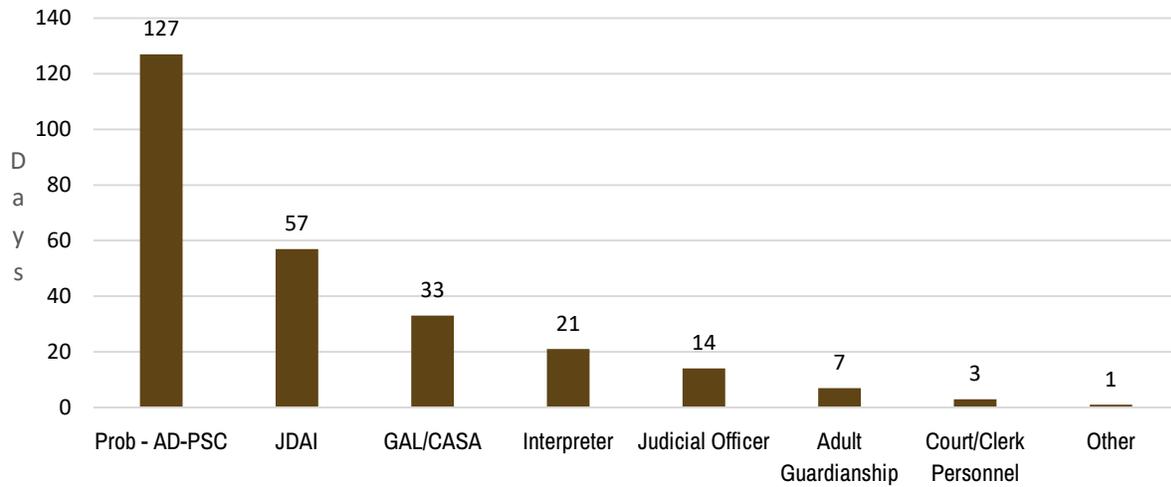

The IOCS training audience comprises a diverse group of justice system stakeholders.

Attendees include:

- Probation and community supervision officers, alcohol and drug court program (A&D) and Problem-Solving court (PSC) directors, coordinators, and staff
- Juvenile justice and non-system stakeholders associated with Indiana's Juvenile Detention Alternative Initiative
- Judicial officers
- Court interpreters
- *Guardian Ad Litem*/Court-Appointed Special Advocate (GAL/CASA) program directors, staff and volunteers
- Adult guardianship program directors, staff and volunteers
- Stakeholders associated with the Court Improvement Project and Family Court Project
- Trial court and clerk personnel

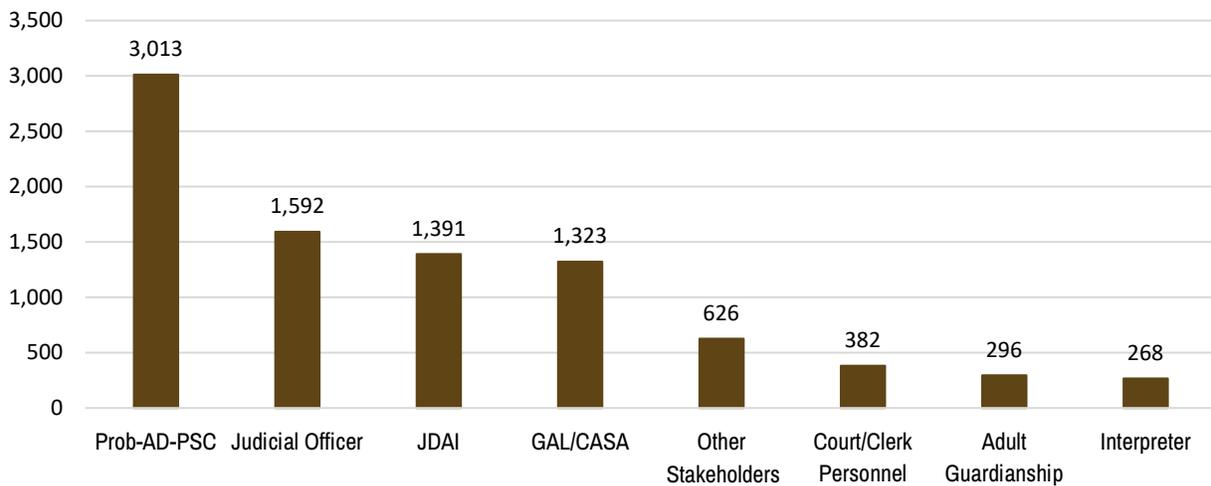

Blending in-person education with distance education is a priority. IOCS launched the Indiana Court's Education Network, which is an online learning management software platform delivering distance education to judicial branch personnel. IOCS deployed court security modules and an active shooter module to judicial officers in November 2018. Learning modules for court interpreters, GAL/CASA, probation officers, problem-solving court staff, and court alcohol and drug program staff members are in the deployment pipeline.

2018 Judicial Branch Training

Cumulative attendance figures show a total attendance of over 8,800 justice system professionals factoring in all IOCS training programs. The chart below shows cumulative attendance in each training category.

2018 Training Attendance

Justice Services

The Justice Services Division assists trial courts in developing and implementing legal and evidence-based sentencing, dispositional and supervision strategies administered through courts, probation departments, community corrections agencies, court administered alcohol and drug programs, and problem-solving courts. Below are highlights of some of the projects Justice Services oversees:

Grants and Scholarships

IOCS awarded the following in Justice Services related grants and scholarships:

- Pretrial Pilot Project grants: \$846,500
- Problem-Solving Court grants: \$449,024
- Veterans Court grants: \$1,133,570
- A&D Program grants: \$7,498
- A&D Program training scholarships: \$6,384

Professional Certifications

IOCS issued 137 court-appointed probation officer certificates and 40 court substance abuse management specialist (CSAMS) certificates in 2018.

Program Certifications

IOCS conducted certification reviews of 16 adult drug courts, 8 veterans courts, 7 family recovery courts, 2 adult mental health courts, 2 adult reentry courts and 1 adult problem-solving court.

The division also conducted 10 court administered alcohol and drug program certification reviews.

Juvenile Detention Alternatives Initiative (JDAI)

IOCS provided training and support to the 32 JDAI counties, home to approximately 70 percent of Indiana's youth ages 10-17.

Comparing the 2018 JDAI site data to each site's data the year prior to joining the initiative, the sites reported:

- 63 percent decrease in admissions to secure detention – 61 percent decrease for youth of color (YOC)
- 33 percent increase in average length of stay – 48 percent increase for YOC
- 51 percent decrease in average daily population – 46 percent decrease for YOC
- 60 percent decrease in commitments to IDOC – 57 percent decrease for YOC
- 50 percent decrease in felony petitions filed

Interstate Compact for Adult and Juvenile Offenders

Interstate Commission for Adult Offender Supervision (ICAOS)

Developed in 1937 and designed to regulate the movement of probationers and parolees across state lines, the Interstate Commission for Adult Offender Supervision (ICAOS) is enacted in all 50 states and three U.S. territories (District of Columbia, U.S. Virgin Islands, and Puerto Rico). Revised in 2002 (adopted by Indiana in 2003), the compact provides states the authority, accountability, and resources to track the supervision of offenders who move across state lines, thereby enhancing public safety and offender accountability.

The Interstate Commission for Adult Offender Supervision guides the transfer of offenders in a manner that promotes effective supervision strategies consistent with public

safety, offender accountability, and victims' rights.

Interstate Commission for Juveniles (ICJ)

The Interstate Commission for Juveniles, the governing body of the Interstate Compact for Juveniles, through means of joint and cooperative action among the compacting states, preserves child welfare and promotes public safety interests of citizens, including victims of juvenile offenders by providing enhanced accountability, enforcement, visibility, and communication in the return of juveniles who have left their state of residence without permission and in the cooperative supervision of delinquent juveniles who travel or relocate across state lines.

Staff attended, assisted and/or conducted:

- Attended the 2018 Annual Business Meetings for Interstate Commission for Adult Supervision (ICAOS) and Interstate Commission for Juveniles (ICJ)
- Participated in rules training via WebEx for both ICAOS and ICJ
- Coordinated local compact staff training via WebEx for ICAOS and ICJ
- Attended Quarterly Midwest Region Deputy Compact Administrator Meetings
- Presented on adult and juvenile compact requirements at the IOCS Justice Services Conference

Legal Support and Statistics

Legal Support & Statistics provides legal research to judicial officers, circuit clerks, court and clerk staff, probation officers, Court Technology, and other court agencies.

In addition, this division

- publishes bench books/guides;

- provides staff support for Judicial Conference committees;
- provides concise weekly reports to judicial officers of decisions from the Indiana Supreme Court, Indiana Court of Appeals, 7th Circuit, and the Supreme Court of the United States;
- monitors the Indiana General Assembly and provides weekly updates to judicial officers during the legislative session;
- reviews county and district caseload allocation plans;
- processes requests for bulk or compiled court records;
- gathers quarterly and annual statistics on trial court and probation officer caseloads, court revenue assessed, and expenditures made for trial courts and probation offices; and
- assists local counties with publication of local rules and all amendments to them.

Data Collection and Statistical Reports Publication

IOCS is required by Indiana Code 33-24-6-3 and Indiana Administrative Rules 1 and 2 to collect caseload and fiscal data from all Indiana courts and probation departments. Once the information is compiled, IOCS publishes this information on the Indiana Supreme Court Website at courts.in.gov. This information is used by the Indiana Supreme Court and the Indiana General Assembly for policy-making decisions. Local courts also use this information as a resource for management and budgeting choices. IOCS maintains a website that allows the public and media to see current and historical case filings, court revenue, and court expenditures at the state level, county level, and even for individual courts. The website also has the ability to display and print information in a graphic format. This site is available at public.courts.in.gov/icor.

Courts and probation departments submit their data electronically through INcite using the Indiana Courts Online Reporting application (ICOR)

Weighted Caseload Measures

A Weighted Caseload (WCL) Measure system provides a basis for relative comparison between the different case types and allows courts and court policy makers to determine the resources necessary to handle the courts' caseloads. Indiana Administrative Rule 1 requires courts of record to develop and implement caseload allocation plans to ensure an even distribution of judicial workload among the courts in the county.

Indiana's trial courts use a WCL measurement system as a uniform, statewide method for comparing trial court caseloads. Based on time studies and actual case file reviews, the WCL system ascribes relative "weights", measured in minutes, to each new case filed in Indiana's trial courts of record. Through Indiana Administrative Rule 8, the Indiana Supreme Court defined 42 different case types that are used to designate new filings.

Periodically, Indiana performs a time study to determine if the weight (i.e. time) assigned to each case type is still an accurate representation of the average amount of judicial time spent processing that case type (in and out of the court room). In 2016, the Judicial Administration Committee published the results of the most recent study, called the Indiana Caseload Assessment Plan to Utilize Resources Efficiently (CAPTURE). CAPTURE, conducted by the National Center for State Courts (NCSC), reviewed all 42 case types and was the first review that included a thirty-day time study in which all trial court judicial officers (judges, magistrates, commissioners, and referees) in all 92 counties participated.

The WCL system is used to evaluate new filings only. It allows courts to forecast the judicial resources that would be necessary to process the cases being filed in a particular court or county. It does not necessarily indicate how hard a particular court is working but indicates the size of the judicial "inventory" of cases that a court must resolve. Each April, IOCS publishes a Weighted Caseload Report for the previous calendar year on the Indiana Courts website.

Because the WCL system is based on statewide averages, it is important to keep in mind that it encompasses cases that are dismissed before any action is ever taken by a court, cases that are settled, cases that are reopened many times, and cases that may take weeks to try. It is also important to remember that averages cannot reflect specific local differences that may affect a particular county or court.

Weighted Caseload Summary

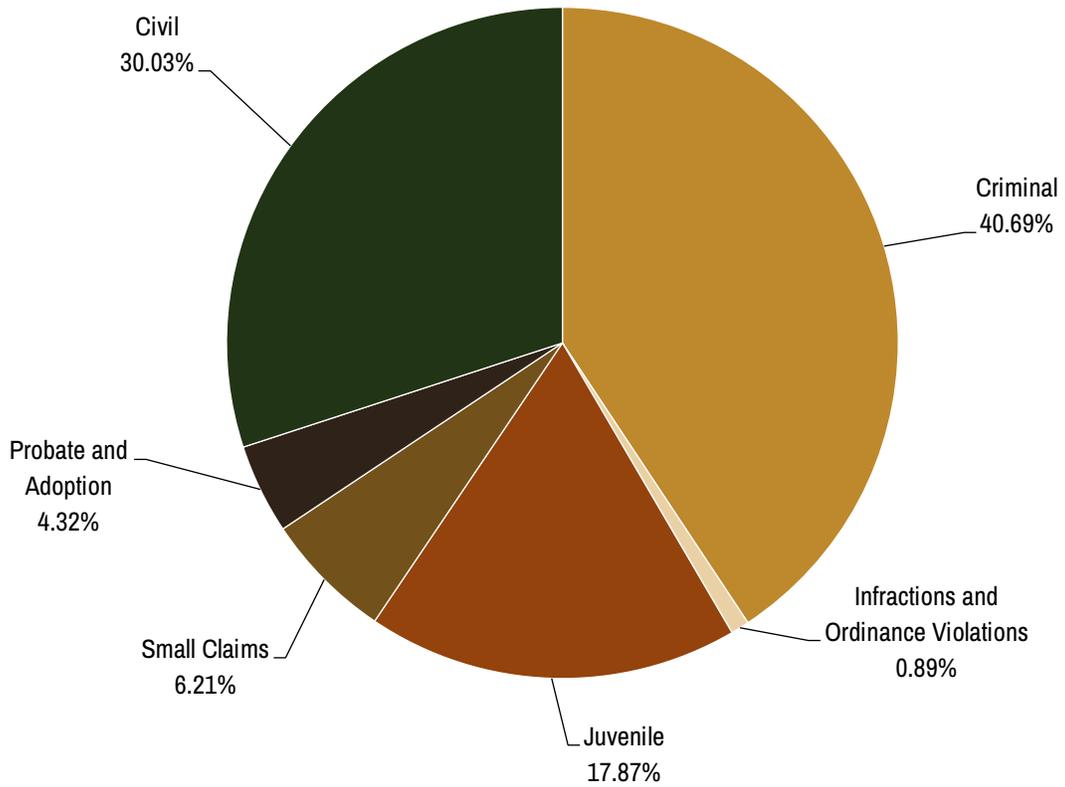

The following charts and tables reveal the importance of the weighted caseload measures, which reflect the judicial resources consumed by each category. Despite the 292,689 infractions, 21,884 ordinance violations, and 146,983 small claims cases filed, these case categories consume relatively little judicial resources. In contrast, the smaller number of 240,599 civil and 291,207 criminal cases consume roughly 70 percent of total judicial resources in courts of record. Criminal cases represent 23 percent of all case filings and consume 40 percent of judicial resources.

To assist policy makers in accurately assessing need for additional judicial officers, IOCS prepares a report on the relative severity of judicial resources needed. The WCL system provides a tool for assessing the

need for additional judges based on the number of cases being filed in each county. The “relative severity of need” concept provides a comparison of the need for new judges in each county. The accompanying chart shows a comparison on the “need” (how many judicial officers are needed) and the “have” (how many judicial officers exist) for the state of Indiana for a four-year period.

In 2018, the trial courts had a “need” of 499 judicial officers but had only 475 judicial officers to serve that need. The utilization figures reflect the relationship between the number of available judicial officers and the number needed to handle the new cases. A state utilization of 1.05 means that, on average, each judicial officer is handling new caseloads appropriate for 1.05 judges.

Allocation of Judicial Resources

2018 Temporary Adjusted Weighted Caseload Measures

Indiana's weighted caseload measures system is intended to apply only to new case filings. Until the Temporary Adjusted Weighted Caseload Report was created, all reports reflected trial court utilization statistics based solely on the number of new cases filed in each court. Each year, the baseline utilization figures shift somewhat during the year due to the transfer of cases among the courts (because of change of venue from the county or the judge and judicial recusals), senior judge service, and other shifts of judicial time and cases.

For CY 2018, we have calculated the temporary adjusted weighted caseload utilization figures. The temporary adjusted statistics have been calculated by

- adding to the court's total minutes the cases in which the reporting judge assumed jurisdiction as a special judge in other courts;
- adding to the court's total minutes the venued in and transferred in cases;

- adding to the reporting court's total minutes the time that senior judges serve in the reporting court;
- subtracting from the court's total minutes the number of cases in which another judge assumed jurisdiction as a special judge in the reporting court; and
- subtracting from the court's total minutes the venued out and transferred out cases.

The information in the Temporary Adjusted Weighted Caseload Report does not change the fundamental filing patterns in the trial courts. It reflects some of the ways that courts shift caseloads and resources, sometimes in order to deal with uneven caseloads. Because these shifts are temporary, they should only be used as an additional reference and not as the baseline for weighted caseload statistics. The temporary data is reported so that courts could see how the shifting of caseloads and judicial officer resources actually played out in CY 2018.

Caseload Allocation Plans

IOCS, per Administrative Rule 1, reviews caseload allocation plans every year for certain Indiana counties based on a schedule set forth by the rule. These plans detail which types of cases are assigned to a given court. The review, based on the statistical data collected, ensures that the courts of record in the scheduled counties have an even distribution of judicial workload. Counties must submit new plan or resubmit existing plans, if no changes are required, every two years.

Review of Disciplinary Grievances

IOCS's staff conducts preliminary investigations when disciplinary grievances are filed against members, or staff, of the Indiana Supreme Court Disciplinary Commission. In 2018, there were two requests for investigation referred to our office, both against an employee of the Commission. The IOCS staff attorney assigned to review and investigate these complaints found that neither raised a substantial question of misconduct and recommended dismissal.

Commercial Court Pilot Project

The Commercial Court Pilot Project was established by Supreme Court order on January 20, 2016 and launched on June 1, 2016 for a 3-year term. Commercial courts are designed to promote efficient resolution of business disputes by reducing litigation costs and promoting earlier and more frequent settlement of cases. This pilot developed interim Commercial Court Rules and specialized trial court dockets to handle complex business litigation when agreed by the parties. The six specially trained judges that are part of the pilot are:

- Judge Craig Bobay, Allen Superior Court – Civil Division
- Judge Stephen Bowers, Elkhart Superior Court 2
- Judge Richard D’Amour, Vanderburgh Superior Court
- Judge Maria Granger, Floyd Superior Court 3
- Judge John Sedia, Lake Superior Court
- Judge Heather Welch, Marion Superior Court, Civil Division 1

Four attorneys have been hired as clerks to aid these judges’ efficiency. In 2018, the number of commercial court cases filed grew to 176. The majority of cases involve breach of contract, and most cases before the courts tend to fall under discreet categories of business disputes, which allow the courts to rely on prior research to assist in ruling on similar matters.

Since the inception of the pilot, according to the U.S. Chamber of Commerce’s Institute for Legal Reform Pilot, Indiana has risen from 18th to 15th best court system for business litigants in the country. Given the success of the pilot, the pilot judges, along with a working group of attorneys, professors, and the Indiana Chamber of Commerce, are tirelessly working to convert this pilot project to a permanent staple in the court system that will serve the litigants, businesses, and citizens of Indiana.

Court Reporter Services

Indiana trial court reporters are responsible for keeping the record of proceedings and preparing a transcript when requested. They typically have other court-related responsibilities in addition to court reporting duties. Reporters are county employees, but most also derive additional income from the preparation of transcripts.

Parties involved in using our local courts often need a transcript of the court proceedings for preparing an appeal or for reviewing the events that occurred in court. The timely preparation of transcripts is an important element of the appellate process.

The Indiana Supreme Court must approve any amendments to local court rules impacting court reporters under Administrative Rule 15. Two counties, Decatur and Knox, have adopted local court rules whereby all court reporting transcription work is now performed by contract with outside transcribers.

Because local court rules dictate the amount allowed to be charged, transcript preparation rates fluctuate from a low of \$3.25 to a high of \$7.50 per page. There were 500 court reporters who filed a report of additional income earned from transcription services.

The total income reported for 2018 was \$1,446,014, for an average transcript income of \$2,892 per reporter.

Court Reporter Transcript Fees

Court Reporters prepare transcripts under three categories:

- State indigent transcript – a transcript that is paid for from state funds and is for the use on behalf of a litigant who has been declared indigent by a court.
- County indigent transcript – a transcript that is paid for from county funds and is for the use on behalf of a litigant who has been declared indigent by a court.
- Private Transcript – a transcript, including but not limited to a deposition transcript, which is paid for by a private party.

Guardian Ad Litem/ Court Appointed Special Advocate (GAL/CASA) Program

The state office of GAL/CASA was statutorily created in 1989 to provide grants to local volunteer-based programs. To receive grants, local programs must be certified by the State Office and must match the state-provided grant with county tax dollars. In addition to certifying local GAL/CASA programs to ensure they comply with program standards, the State Office also provides training and technical support services for local programs, volunteers, and attorneys.

GAL/CASA volunteers provide best interests advocacy for abused and neglected children in Child in Need of Services (CHINS) and Termination of Parental Rights cases. State statutes require the appointment of a GAL/CASA for every child in these proceedings. Using trained community volunteers to advocate for these vulnerable children saves the State of Indiana millions of dollars each year and provides a needed source of support to children at a perilous time. Volunteers have regular contact with children and make fact-based recommendations to courts about their safety, well-being and permanency, and enable courts to make better decisions for Indiana families and children.

The state office provided \$4.8 million in grants during CY 2018 to certified programs in 84 counties, including three new programs in Orange, Sullivan, and Vermillion Counties. The state office launched a triage pilot with eight counties focused on reducing the number of children waiting to be assigned to a GAL/CASA volunteer and reallocating resources to the most serious cases. Every pilot county had significant reductions in their waiting list. The waiting list across the State was also reduced by 40 percent in 2018.

CY 2018 GAL/CASA Program Highlights include:

- Over 4,700 volunteers advocated for children
- 1,128 new CASA volunteers trained
- 26,431 children were served

Family Court Project

The Family Court Project began in 1999 with cooperation from the Indiana General Assembly. Since then, the Indiana Supreme Court has distributed over \$3.5 million in grant funding to support family court projects across the state. The grants are considered “seed money” and pilot counties are expected to transition within a reasonable time from “seed” funding to local funding.

The Family Court Project has an immediate and direct impact on the public sector through the provision of grant money to courts around the state who provide meaningful services for litigants involved in family court cases. Each year grant money is provided to support document preparation services to unrepresented and low-income families, co-parenting education and counseling, research into court-ordered programming, and to kick-start newly approved ADR Fund programs. Services are provided directly to parents and children involved in family law cases in any of the 18 county courts that operate one of these programs.

CY 2018 year saw the continuation of successful programs and expansion of services into previously unmet areas. Vanderburgh County’s Family Law Clinic has continued to provide assistance to low-income Hoosiers in Daviess, Pike, Spencer, and Warrick Counties. St. Joseph County Probate Court began providing part-time walk-in lawyer services. Wabash County received funding for their newly approved Alternative Dispute Resolution (“ADR”) Fund Plan. The District 10 Pro Bono Project continues to provide its “Counsel in the Court” services to unrepresented and low-income family court litigants in Greene, Lawrence, Monroe, Morgan, and Owen Counties, and this year expanded into Vigo and Putnam Counties.

2018 Family Court Project Highlights:

- Fifteen programs in 21 counties received funding.
- IOCS distributed \$175,660 in grants through the Family Court Project.

Alternative Dispute Resolution Plans

In 2003, the Indiana General Assembly passed legislation authorizing counties to begin collecting an additional \$20 filing fee to fund local court programs that redirect families in conflict toward alternatives outside of court to resolve their legal conflicts.

The legislation authorizing ADR filing fees directed these funds to be disbursed in a manner that primarily benefits those litigants who have the least ability to pay. One of the most recurrent concerns expressed by courts around the state is the difficulty of handling litigants who cannot afford legal representation. Navigating a courtroom is a difficult task even for attorneys trained in the practice. When a court can refer unrepresented litigants to ADR programs, the parties more often achieve a lasting settlement and avoid a contentious and oftentimes destructive court battle.

Word has spread about how effective various forms of alternative dispute resolution can be in amicably resolving family law issues. During CY 2018, two programs – Wabash County and Lake County Superior Court 5 – established new ADR Fund Plans that were approved by IOCS. One county amended its plan to bring them in line with current practices and income levels.

2018 Adult Dispute Resolution Highlights:

- Fifty-one fund plans in forty-seven counties participated in the program.
- Two new fund plans began collecting \$20 ADR filing fee.
- One county amended its ADR Fund Plan.

Court Improvement Program (CIP)

The Court Improvement Program is a federally funded program made possible by grants awarded to the Indiana Supreme Court from the United States Department of Health and Human Services, Administration for Children and Families. The purpose of the CIP is to improve safety, well-being and permanency outcomes for children and families involved in Children in Need of Services (CHINS) and Termination of Parental Rights (TPR) proceedings. Grant funds are earmarked for basic court improvements, data collection and analysis, and training.

Eight professional development scholarships totaling \$7,028.81 were awarded to judicial officers exercising juvenile court jurisdiction. Grants totaling \$187,175 were awarded to

support children in need of services (CHINS) and termination of parental rights (TPR) mediation and facilitation programs, family dependency drug courts, National Adoption Day activities, multidisciplinary training programs, and data collection and analysis. Applications were evaluated based on: demonstration of need, adequate correlation between the cost of the project and the objective(s) to be achieved, probability of project to meet identified goal(s) and objectives, overall description of the intended use of grant funds, demonstration that the applicant has met the local match requirements, overall quality of the application, performance on previous grants received from the Indiana Supreme Court, and quality and feasibility of the court's proposed sustainability plan.

Coalition for Court Access (CCA)

The Indiana Supreme Court created the CCA in 2016 to provide a focused and comprehensive organizational structure for Indiana's civil legal aid programs. The CCA coordinates all Indiana Supreme Court programs designed to provide civil legal aid to those with limited financial resources. The CCA has 17 members, including judges, law school representatives, civil legal aid and pro bono providers, and Indiana State Bar Association and Indiana State Bar Foundation members.

The CCA completed two major studies in CY 2018. The first was an Economic Impact Study; which found that for every \$1.00 invested into civil legal aid, almost \$7.00 of value is returned. The second was the Indiana Civil Legal Needs Study. The study assessed unmet legal needs of Indiana's low-income population, identified areas where the system should improve, and where best to allocate scarce resources. The CCA also created a new interactive website called indianalegalhelp.org. [Indianalegalhelp.org](http://indianalegalhelp.org) uses an interactive map to connect users to civil legal aid in all 92 counties and provides a forms library for unrepresented litigants.

The CCA's work will lead to making civil legal justice more accessible for the public. The CCA will accomplish this goal by improving the delivery and intake processes of pro bono legal services in each of Indiana's 12 pro bono districts, advocating for more resources for the overworked organizations bearing the burden of providing legal aid to the indigent, and pushing for legal and administrative rule changes that will help reach each of these goals. Ultimately, the CCA aims to provide legal services to every Hoosier that needs help but cannot afford it.

Family Violence Initiative

The IOCS family violence resource attorney (FVRA) functions as a single point of contact for all of the state's courts on matters related to family violence, including civil protection orders and criminal domestic violence case processing. The FVRA connects judges with technical assistance, information on best practices, and training.

The FVRA is funded through the Department of Justice STOP Grant to improve the justice system's response to domestic violence, sexual assault and stalking. The primary objective of the FVRA is to train judges and court personnel to effectively identify and respond to violent crimes against women. In addition to training, the FVRA implements court policies and services to effectively reduce domestic violence and sexual assault and serves as the program staff contact for the Domestic Violence Advisory Committee.

In 2018, the FVRA collaborated with over 20 state agencies and community organizations to develop court policies and services, including a screening tool to identify and provide services to child victims of human sex trafficking. The FVRA worked closely with the court's technology department in developing an e-filing portal for survivors to access at home to obtain a protection order to prevent domestic violence, sexual assault, and stalking.

CY 2018 family violence initiatives highlights:

- Over 450 judges, court personnel, attorneys and advocates trained
- Seventy-five inquiries answered for judges, court staff, advocates and members of the public in the area of family violence
- Screening of 5,750 children took place for indicators of child sex trafficking in juvenile probation

Court Reform Grant

The Court Reform Grant Program uses federal reimbursement funds—received pursuant to Title IV-D of the Social Security Act—to assist counties, judicial districts, and trial courts in pursuing innovative local programs. Past grant cycles have focused on court technology, assisting pro se litigants, creative judicial district planning, and improving accessibility for limited English proficiency litigants. Nearly \$3 million has been awarded since the program began in 2008.

Court reform grants have an immediate and direct impact on the public sector through the provision of grant monies to courts around the state to provide benefits beyond those typically funded through local appropriations. Each year, as critical issues faced by courts change, these grant dollars provide a form of flexibility to respond to those matters. For the half-year grant cycle for SFY 2018, providing additional access to justice services for litigants unable to afford representation was an important goal that met the needs of the public.

During the 2018 year, the grant cycle shifted from a fiscal year to a calendar year, placing the court reform grant cycle in line with most other grants provided by the Programming & Projects Division of the Office of Court Services. To accomplish this, only grant award recipients from the previous grant cycle were offered “bridge” grants to extend their awards to the end of 2018. Four programs – Delaware, Floyd, Marion Juvenile, and Pulaski received awards totaling nearly \$120,000. Programs supported with these awards included self-help centers for unrepresented litigants, problem-solving courts, and facilitation services for nascent CHINS cases. The program distributed

\$119,808 in Court Reform Grants by the end of the 2018 calendar year.

Adult Guardianship

The Indiana General Assembly provided funding in 2013 to establish the Adult Guardianship Office under the Indiana Supreme Court. The Adult Guardianship Office (AGO) serves as a resource to courts and the public on all issues relating to adult guardianship. AGO also administers matching grant funding to volunteer-based guardianship programs serving seniors and incapacitated adults in need of services throughout Indiana.

Within the year, the office granted more than \$1.13 million in matching funding to 18 volunteer-based guardianship programs, serving 49 counties and close to 700 incapacitated adults. Additionally, the online guardianship registry is now available to 64 counties in Indiana, tracking more than 8,800 active cases and over \$63.3 million in guardianship assets. The program also hosted its fourth Adult Guardianship Symposium in Indianapolis for more than 185 people, including judges, attorneys, volunteers, advocates, and other professionals interested in adult guardianship issues.

In collaboration with the family violence resource attorney, the program completed the Indiana Project on Abuse in Later Life (INPALL), a four-year, federally funded demonstration grant awarded to the Indiana Supreme Court by the Department of Justice Office on Violence Against Women. This grant developed and enhanced the delivery of services to older adult victims of abuse by training a total of 56 individuals in victim services, non-profit, and non-governmental organizations, as well as 42 law enforcement officers in St. Joseph County, on how to

recognize, address, investigate, and prosecute cases of elder abuse, neglect, and financial exploitation (including sexual assault, domestic violence, dating violence, and stalking). INPALL also created an abuse in later life case manager position, which served a total of 59 victims of abuse in later life, ages 50 and older, under the grant project.

Mortgage Foreclosure Trial Court Assistance Project (MFTCAP)

Mortgage foreclosure filings affect not only the homeowner and his or her family, but the entire community. Foreclosed or vacant properties cause neighboring property values to drop, resulting in reduced property tax assessments and revenue. The Center for Responsible Lending shows drops in property value by around one (1) to two (2) percent for each foreclosed home located within one-tenth (0.1) of a mile of the property. By facilitating settlements in lieu of foreclosure when available, the MFTCAP significantly reduced the costs of foreclosure borne by many Hoosiers.

The MFTCAP helped train and manage court facilitators who assisted judges throughout the state with their mortgage foreclosure caseloads. These facilitators helped schedule and conduct court-ordered foreclosure settlement conferences between the borrower and lender. The MFTCAP also provided legal assistance and advice to judges, attorneys, and facilitators who had questions about the settlement conference law or court procedures.

The project continued to operate using reserves assessed before the filing fees ended in mid-2017. The number of statewide mortgage foreclosure filings continued its downward trend with 2018 being the lowest number of filings in the past sixteen years.

However, even with such low numbers of cases filed, many foreclosed borrowers continued to request facilitated settlement conferences with nearly two thousand (2,000) occurring. The MFTCAP ended on December 31, 2018.

Before the closure of the program, more than 1,400 direct contacts were made to borrowers in 23 counties by court-appointed facilitators. Nearly 1,200 settlement conferences and over 600 follow-up conferences were set from those contacts.

By the end of the year, over 700 were able to negotiate a workout with their lender, most of which allowed the borrower to remain in their home.

Indiana Conference for Legal Education Opportunity (ICLEO)

The ICLEO program was established by the Indiana General Assembly at the urging of former Indiana Chief Justice Randall T. Shepard. In 1997, Governor Frank O'Bannon signed the law funding ICLEO. ICLEO's purpose is to assist underrepresented college graduates in pursuing a law degree and a career in the Indiana legal community. ICLEO's goal is to address the lack of diversity in Indiana's legal profession.

The 22nd convening of the ICLEO Summer Institute took place June 17 - July 27, 2018 at Notre Dame Law School. The enrolled participants spent time with four Indiana Supreme Court justices and two federal court judges. They also had the opportunity to network with law firm partners and associates and learn more about the value of diversity and inclusion from the Indiana State Bar Association's Diversity Committee. The participants also provided community service through Green Bridge Grower's aquaponic

farm, which provides employment in the field of aquaponics for underserved young adults on the autism spectrum.

ICLEO provides diversity to the legal field, which is one of the least racially diverse professions in the nation. Although ICLEO supports low-income and educationally disadvantaged students, it primarily supports minority students aspiring to pursue a law degree and legal career in Indiana. Without ICLEO, and the support of Indiana's legislature, Indiana's legal community would be less diverse, and many of these students would experience significant hardship with entering the legal field.

2018 ICLEO highlights include:

- Stipends of \$4,500 per semester supplemented the rising costs of legal education
- The 22nd Summer Institutes held since 1997
- Since 1997, over 570 diverse students received assistance to attend law school

Court Interpreter Certification Program

Created in 2002 in response to the growing need for interpretation services for limited English proficient (LEP) persons, the Court Interpreter Certification Program was tasked with improving access for LEPs and deaf and hard of hearing individuals. Currently, Indiana has more than 150 court-certified and qualified interpreters in over 10 languages including American Sign Language, Arabic, French, Mandarin, Spanish, and Russian.

Beginning in 2004, the Indiana Supreme Court began tracking and reporting the use of court interpreter services that were provided by the county, at county or partial county expense. While court interpreter services may be provided in every case type before the

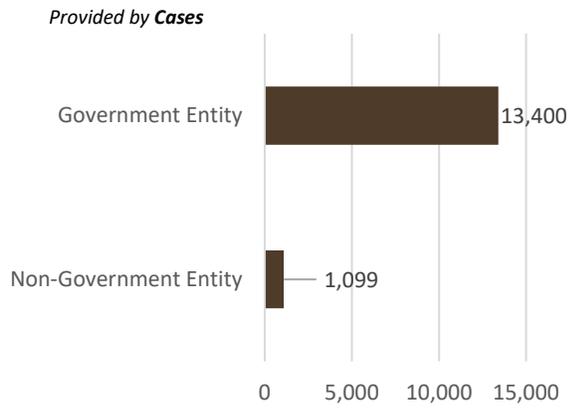

Indiana courts, IOCS tracked the case types in the criminal, civil violations, and juvenile categories. Starting in 2013, the trial courts began to report whether a governmental entity such as the court or public defender office or a non-government entity such as the defendant or a private attorney provided the interpreter service.

The Indiana Supreme Court provides every court in Indiana with free telephonic interpreting services with access to over 240 different languages. The Indiana General Assembly also appropriated funds to assist courts with expenses related to interpreting services. In CY 2018, the Indiana Supreme Court distributed over \$500,000 from those funds to 28 counties. Factors in determining grant awards include: the total number of interpreter hours, average hourly rate and cases reported in the previous calendar year; an operating budget projection; unexpected or extraordinary costs incurred in the previous year or anticipated in the next calendar year; a description of efforts demonstrating a commitment to the long-term goal of using only certified or qualified interpreters in all court proceedings; and any carryover funds from previous years.

By the close of 2018, there was a 7 percent increase in candidates who took the court interpreter certification written exam, 343 hours (20,569 minutes) of telephonic interpreting services, and \$507,725 in court interpreter grants were awarded to 26 counties.

Fiscal Report of Indiana Trial Courts (Overview)

The Indiana Office of Court Services (IOCS) is directed by Indiana Code 33-24-6-3(a)(2) to collect and compile statistical data on the receipt and expenditure of public monies for the operation of the courts. The financial information is gathered on an annual basis at the close of each calendar year.

Each court, whether single or unified, must file with the IOCS its Report on Court Revenue (Revenue Report) and its Report on Budget & Expenditures (Budget & Expenditure Report). IOCS also requests a Budget &

Expenditure report from each probation department, juvenile detention center, and public defender program that maintains a budget separate from a court.

The information in this financial overview presents the reported expenditures and revenue generated through the operation of the courts. Requested and approved trial court budgets are also reported to IOCS, but they are not published.

EXPENDITURES

Expenditures

Indiana’s judicial system is funded by a combination of county tax revenues, user fees, and state appropriations. The Indiana Supreme Court, Court of Appeals of Indiana, and Indiana Tax Court are funded through appropriations from the State General Fund. The Indiana State Auditor’s Report is posted online at www.in.gov/auditor and contains information about the expenditures of these courts and other state-level expenditures on judicial functions. Relevant portions of that report are reflected here.

Indiana’s trial courts are funded primarily through county funds, but state funds pay for salaries and benefits for judges’, magistrates’, senior judges, and some special judge expenses. Counties may choose to pay an additional amount to judges and magistrates beyond their statutory salaries. The salary and benefits of elected prosecutors, chief deputy prosecutors, and certain deputy prosecutors are also paid with state funds. Counties may choose to pay a prosecutor an amount beyond their statutory salary. Counties may also receive state funds for reimbursement of approved pauper defense services and for GAL/CASA services for abused and neglected children. Courts also generate user fees, some of which are expended on court services. Expenses for criminal indigent defense services are included as part of the cost of the judicial system, although in many counties the indigent defense is handled through an independent public defender entity governed by a board. These services are funded primarily through county tax dollars.

However, the General Assembly provides 50 percent reimbursement of indigent defense services to all counties for capital cases; and, for those counties that participate in the public defender system, up to 40 percent reimbursement of qualified cases. The state’s Public Defender Commission reimbursement for local indigent defense expenses was more than \$22.25 million during Fiscal Year 2017-2018.

Municipalities fund city and town courts. In many instances, the local government does not maintain a distinct city or town court budget, and all expenses are paid directly from the local general fund. This practice makes it difficult to provide accurate expenditure information for the city and town courts.

Marion County (Indianapolis) townships directly fund the nine Marion County Small Claims Courts through budget appropriations.

The Budget & Expenditure Report filed by each court categorizes the trial court expenditures as follows: salaried and unsalaried personnel expenses (including fringe benefits and travel), supplies, professional services, and capital outlays. If any of the expenditures were facilitated by mandate, the report reflects information related to the mandate as well.

Line items “Grants,” “Distributions to Other Local Governments” and “Social Service Payments” from the State Auditor’s report are now combined into one total for the accompanying chart. See the State Fund Expenditures on the Judicial System chart for a breakdown of the total state expenditures.

Special Notes on Expenditures for Probation Services and Juvenile Detention Centers

Probation Services

Because of the vast differences in how counties budget for employee fringe and other benefits generally and for probation services in particular, it is difficult to arrive at a complete figure for the expense of probation services. In the three largest counties, Marion, Lake, and Allen, probation office expenditures are part of the court’s general budget and, aside from salaries, cannot be identified separately. In other counties, even if all expenditures on probation operations and personal services are budgeted and reported separately, fringe benefits are lumped in the county’s general budget and are not reported separately for probation or court staff. A composite of all probation service expenses reported by the courts and probation departments is included, but this information

does not include fringe benefits and operating expenses for many counties.

Juvenile Detention Centers

Indiana has 20 juvenile detention centers. Only some of the facilities are funded through the courts’ budgets. This expenditure report includes only those expenses for juvenile detention operations that are funded through the courts’ budgets.

Special Note on Expenditures for Criminal Indigent Expense

Criminal indigent defense in Indiana is paid through a mixture of county funds and partial state reimbursements. The majority of counties (57 of 92) follow standards established by the Indiana Public Defender Commission for caseload limits and creation of independent public defender boards. They do so in order to qualify for 40 percent state reimbursement for qualified non-capital defense expenses. State funds reimburse 50 percent of all indigent expenses incurred by any county in defending capital (death penalty) cases. The counties provide indigent

defense services for the remainder of criminal cases through a variety of structures.

Counties may budget for indigent defense services through a court budget, through an independent public defense agency/office, or a combination of the two. All trial courts report indigent defense expenditures directly to IOCS. The Public Defender Commission shares the expenditure information it receives from the counties participating in the reimbursement program with IOCS. Some independent public defense agencies voluntarily submit expenditure reports to IOCS. IOCS combines the information from all of these sources to prepare the following chart.

REVENUE

Revenue References

Trial courts generate revenue primarily from filing fees, court costs, fines, and user fees assessed to litigants. Depending on the case type, court, and nature of the offense, many different fees may be collected from litigants in Indiana courts. Only those fees authorized by statute or Indiana Supreme Court rule may be collected by the courts.

Revenues generated through the operation of the trial courts are collected, accounted for, and disbursed by the Clerk of the Circuit Court, an independently elected office for each judicial circuit. The Clerk of the Circuit Court also functions as the clerk of the county and, as such, performs many other functions unrelated to court operations, including issuing marriage licenses, coordinating the election board, and conducting elections.

Revenues generated through the city, town, and nine township courts in Marion County are collected by the local clerk or clerk-treasurer. The only direct payment fee is the personal service of process fee charged to small claims litigants in the Marion County Small Claims (township) Courts. This fee is paid to the township constable and his or her deputies.

Revenues collected by a court are disbursed to state, county or local general funds, user fee funds, or special funds used for specific programs or initiatives.

Marion County Small Claims (township) Courts have fees unique only to their nine courts.

The following table reflects a summary of the total revenues collected by the court system and sent to each level of government.

Summary of Caseload Reports

Indiana Code 33-24-6-3(2) requires IOCS to collect and compile statistical data on the judicial work of the courts. Each quarter, Indiana trial courts report their caseloads by electronically filing a Quarterly Case Status Report (QCSR) using the Indiana Courts Online Reports (ICOR) system, through INCite, the judicial system's secure extranet for court information. The QCSR reports contain summary information, by case type, on the number of cases filed and pending, the movement of cases between courts via transfer or venue, and the method by which cases were disposed during a reporting period.

In addition to the cases administered by a specific court, the QCSR tracks the amount of judicial resources available to a court and the time a judge spends hearing cases in another court. The QCSR also captures other case-related information used to administer and improve court projects and initiatives. For example, data is collected tracking the number of cases

- referred to alternative dispute resolution;
- requiring the appointment of pauper counsel;
- requiring the service of a court interpreter; and
- requiring the appointment of a Guardian *Ad Litem* or court appointed special advocate (juvenile cases only).

Case information is grouped into four categories: criminal, civil violation, juvenile, and civil and is tracked using the case type classification code outlined in Indiana Administrative Rule 8(B)(3). An administrative case type called "court business record" is recorded, but is not

counted, in a court's weighted caseload. Case type designations and categories are as follows:

Criminal Case Types

If a defendant is charged with multiple offenses, the case is counted only one time under the most serious charge. Although the prosecutor may amend the charges after filing, for administrative purposes a case continues with its initial case designation in the statistical reports. Each defendant is assigned his or her own case number.

Beginning July 1, 2014, criminal felony filings, except for Murder, are categorized and reported on the quarterly case status report on ICOR either as Class A felony (FA), Class B felony (FB), Class C felony (FC), Class D felony (FD) or as Felony Level 1 (F1), Felony Level 2 (F2), Felony Level 3 (F3), Felony Level 4 (F4), Felony Level 5 (F5) and Felony Level 6 (F6) depending on when the alleged crime occurred. Felonies occurring prior to July 1, 2014 are reported as a Class A felony (FA), Class B felony (FB), Class C felony (FC), or Class D felony (FD). Felonies occurring on or after July 1, 2014 are reported as a Felony Level 1 (F1), Felony Level 2 (F2), Felony Level 3 (F3), Felony Level 4 (F4), Felony Level 5 (F5) or Felony Level 6 (F6).

- **MR - Murder:** All murder cases are filed under this category. If the State seeks either the death penalty or life without parole, that information is also collected and reported in the QCSR under the additional information section.
- **CF - Criminal Felony:** This category includes all cases filed prior to January 1, 2002, as Murder or Class A, B, and C felonies. Although new filings are not permitted for this category, existing cases with a CF designation are still reported

and disposed of in this category. Administrative Rule 8 was amended by Supreme Court Order 94S00-0101-MS-67 and became effective January 1, 2002.

Felonies committed between January 1, 2002 and June 30, 2014

- **FA - Class A Felony:** Cases in which the defendant is charged with a crime defined as a Class A felony are filed under the FA category. Examples include kidnapping, voluntary manslaughter with a deadly weapon and arson involving bodily injury.
- **FB - Class B Felony:** Examples include aggravated battery, rape, child molesting, carjacking and armed robbery.
- **FC - Class C Felony:** Examples include involuntary manslaughter, robbery, burglary and reckless homicide.
- **FD - Class D Felony:** All Class D felonies filed on or after January 1, 2002, plus all Class D felonies filed before January 1, 2002 that have the case type DF are filed under the FD category. Examples of crimes in this category include theft, receiving stolen property, computer tampering and fraud.

Felonies committed on or after July 1, 2014

- **F1 - Level 1 Felony:** Examples include dwelling burglary with serious bodily injury.
- **F2 - Level 2 Felony:** Examples include voluntary manslaughter and armed dwelling burglary.
- **F3 - Level 3 Felony:** Examples include aggravated battery and child molesting.
- **F4 - Level 4 Felony:** Examples include dwelling burglary and dealing in cocaine (1 - 5 grams).
- **F5 - Level 5 Felony:** Examples include kidnapping, involuntary manslaughter and reckless homicide.
- **F6 - Level 6 Felony:** Examples include theft and battery with moderate bodily injury.

Misdemeanors and other Criminal Case Types

- **CM - Criminal Misdemeanor:** This category includes all criminal cases filed as misdemeanors.
Examples of crimes in this category are criminal trespass, check deception, harassment and battery.
- **PC - Post - Conviction Petition:** This category includes all petitions for post-conviction relief filed under the Post-Conviction Rules. Although this case type is a civil case, it is listed after the criminal case types on the QCSR and in this report.
- **MC - Miscellaneous Criminal:** This category includes all criminal matters which are not easily classified as felony or misdemeanor and are not part of an ongoing proceeding. An example of a case falling into this category is a probable cause hearing for a criminal charge not yet filed. A search warrant issued before charges are filed, is assigned an MC case and results in a bench disposition. If charges are filed, then a case in the appropriate category is opened.

Civil Violations

Infractions and Ordinance Violations are civil violation case types. They are listed after the criminal case types on the QCSR and in this report.

- **IF - Infractions:** Infractions are typically traffic-related offenses brought in the name of the State and prosecuted by the prosecuting attorney. Similar to criminal cases and ordinance violations, multiple offenses (i.e., multiple tickets or citations issued to the same individual or arising from the same circumstances) result in only one case filing.
- **OV/OE - Ordinance Violations:** Local ordinance violations are enforced through court proceedings or a municipal corporation's ordinance violations bureau. Ordinance violation cases are brought in the name of the municipal corporation and prosecuted by the municipal attorney. All moving traffic

violations are enforced through a court proceeding. If a local ordinance violation is heard in court, an OV case type is assigned. Local ordinance violations enforced by municipal ordinance violations bureaus are not court cases and, therefore, are not assigned a case type/case number. The OE case type is not currently used.

Juvenile Case Types

Each child considered by the court system receives a separate case number, regardless of familial relationship to another child. Cases of related children and other related cases can be linked and tried together.

- **JC - Juvenile CHINS:** This category reflects those cases where a child is alleged to be a child in need of services as defined by Indiana Code 31-34-1-1 *et. seq.* Examples include a child who is not receiving or is unlikely to receive care, treatment, or rehabilitation without court intervention.
- **JD - Juvenile Delinquency:** Cases in which a child is charged with a delinquent offense are filed in this category. Indiana Code 31-37-1-2 defines a delinquent act as one committed by a child before becoming eighteen (18) years of age and is a criminal offense if committed by an adult. The case is recorded as a new filing when a petition for detention hearing or a petition alleging delinquency is filed.
- **JS - Juvenile Status:** Cases in which a child is charged with committing an offense which is not a crime if committed by an adult are filed in this category. Examples include curfew violations, school truancy and underage alcohol purchase or consumption.
- **JP - Juvenile Paternity:** This category includes paternity actions filed by any of the parties specified by statute, including the prosecutor. Indiana Code 31-14-4-1 identifies who may file paternity actions.
- **JM - Juvenile Miscellaneous:** This category applies to juvenile matters which are not specifically listed in the previous juvenile case type categories including court approval of informal adjustments.

An informal adjustment is a disposition by a court order approving a signed agreement resolving a potential juvenile delinquency or CHINS case.

- **JT - Termination of Parental Rights:** This category includes all proceedings for termination of parental rights. In termination of parental rights cases involving multiple children, a separate case number is assigned to each child.
- **JQ - Juvenile Protective Order:** This category only applies to protection order petitions filed by the Indiana Department of Child Services (DCS) under IC 31-34-2.3-2 and IC 31-34-2.3-5.

Civil Case Types

Civil cases are filed when the plaintiff or petitioner seeks monetary damages or court redress.

- **CP - Civil Plenary:** All Civil Plenary cases filed before January 1, 2002, have the CP case type designation. Although new filings are not permitted for this category, existing cases with a CP designation are still reported and disposed of in this category. Administrative Rule 8 was amended by Supreme Court Order 94S00-0101-MS-67 and became effective January 1, 2002.
- **PL - Civil Plenary:** All Civil Plenary cases filed on or after January 1, 2002, receive the PL designation. Basic civil cases, not otherwise specifically included as separate categories, are filed with this designation. Generally, these cases may be more complex, do not involve a mortgage foreclosure or the collection of an outstanding debt. Frequently cases involving contract disputes and actions seeking equitable or injunctive relief are assigned this case type.
- **MF - Mortgage Foreclosure:** All Mortgage Foreclosure cases filed after January 1, 2002, are reported in this category.
- **CC - Civil Collection:** All Civil Collections filed after January 1, 2002, are reported in this category and may include the

following: suits on notes and accounts, general collection suits, landlord/tenant suits for collection, ejectment and tax warrants. If these cases are filed on the small claims docket of a court or the small claims division of a multi-division court, the SC case type is used.

- **CT - Civil Tort:** Cases founded in tort and filed on the regular civil docket of the court are included in this category. Small claims, which also could be founded in tort, are included in a separate category.
- **SC - Small Claims:** This category includes cases filed on the small claims docket of circuit or superior courts, as well as cases filed in the nine Marion County Small Claims Courts. While city and town courts may have cases that fall within the monetary limits of small claims jurisdiction, those cases are not defined as small claims by statute and are counted as PL – Plenary or CC – Civil Collection depending upon the nature of the action. Small claims actions include cases where the amount in dispute is \$6,000 or less, landlord-tenant ejectment actions and landlord-tenant disputes. Beginning July 1, 2015, Marion County Small Claims Courts jurisdictional amount in landlord-tenant possessory actions and possession of property cases increased to \$8,000 in landlord-tenant possessory actions and possession of property cases.
- **DR - Domestic Relations:** Actions involving petitions for dissolution of marriage, legal separation, and petitions to establish child support are filed in this category. New filings are not permitted in this case type after 12/31/2016.
- **DC - Domestic Relations with Children:** Actions involving petitions for dissolution of marriage, legal separation, and petitions to establish child support where the family unit involves children are filed in this category. This is a new case type effective January 1, 2017.
- **DN - Domestic Relations Not Involving Children:** Actions involving petitions for dissolution of marriage and legal separation where the family unit does not involve children are filed in this category. This is a new case type effective January 1, 2017.
- **RS - Reciprocal Support:** Actions for reciprocal enforcement of child support and petitions for modification of support or custody and/or support under the 2007 Amended Uniform Child Custody Jurisdiction Act are counted in this category.
- **MH - Mental Health:** Proceedings involving mental health commitments, including temporary commitments, an extension of temporary commitment, regular commitment, or termination of a commitment are filed under this category.
- **AD - Adoption:** Petitions for adoption are filed under this category. Additionally, on or after January 1, 2002, petitions seeking release of adoption records are filed in this category.
- **ES – Supervised Estates:** All probate estates are filed under this category unless the court grants a petition requesting unsupervised administration (EU). **EU – Unsupervised Estates:** Probate estates for which a petition requesting unsupervised administration is filed along with a petition for probate of the will and letters testamentary or for appointment of an administrator is filed under this category. If the court revokes an order of the unsupervised administration pursuant to Indiana Code 29-1-7.5-2(d), the case is changed to ES.
- **EM – Miscellaneous Estate Matters:** All matters related to estates that do not require payment of a filing fee are filed under this category. Examples include: pleadings related to filing inheritance tax returns, spreading of the will of record (Indiana Code 29-1-7-4), opening bank lock boxes, and objections to probate of will (Indiana Code 29-1-7-16).
- **GU - Guardianship:** Petitions for appointment of guardians are filed under this category. A guardianship case is considered “closed” when the court enters an order appointing and approving the guardianship.
- **TP –** This is a new case type effective January 1, 2017.
The buyer at the tax sale must send certified mail notices to all owners within nine months of the sale allowing the

owner to redeem the property by the end of the one-year period. The existing owner of the property has one (1) year to redeem the property after a tax sale. If the owner does not redeem, the tax sale buyer of the property may petition the court for a deed. This petition for deed is filed as a TP case.

- **TR - Trusts:** This category includes trust matters before the court. This case type includes trusts that have been created through an estate and are separately docketed and reported from the estate or trusts that by their terms require court docketing.
- **TS – Tax Sale:** This is a new case type effective January 1, 2017. After a landowner has been delinquent on taxes for three periods (1.5 years), the county treasurer, on or before July 1 or 51 days after the tax payment due date, certifies the list of eligible parcels for tax sale. See I.C. 6-1.1-24-1(a). The county auditor then sends a certified notice and publishes newspaper advertisements alerting the landowner of the lien on the property and that it will be sold at a tax sale. If the landowner does not pay the delinquent taxes, the auditor files an Application for Judgment for the collection of the unpaid tax liens and this application, which may relate to multiple properties and owners, is docketed as a single TS case. See I.C. 6-1.1-24-4.6(b).
- **PO - Protective Order:** New petitions for protective orders which are not part of an ongoing process (such as marriage dissolution) are filed in this category. However, if the parties subsequently file a petition for dissolution, the cases remain separate for reporting, enforcement and retention purposes.
- **XP – Expungement:** This new case type as of July 1, 2015, includes expungement petitions filed under Indiana Code 35-38-9.
- **MI - Civil Miscellaneous:** Routine civil matters which are not easily categorized in other areas and which are not part of any other pending litigation are reported in this category. Examples are: petitions for name change, appointments of appraisers, petitions for emancipation, a

proceeding to reinstate a driver's license that was administratively suspended, a Habeas Corpus case from DOC, and marriage waivers.

Court Business Record

- **CB - Court Business Record:** This category is intended for non-case specific matters, such as the appointment of a judge *pro tem*, drawing the jury, adopting or amending local rules, or recording a foreign protective order. This designation provides a way to number and locate records that do not pertain to any specific case. These matters are not counted as cases and do not affect the court's weighted caseload.

Methods of Disposition

The Quarterly Case Status Reports also include summary dispositional information. A brief description of each method of disposition follows:

- **Jury Trial:** This category reflects cases where trial was commenced with a jury. This type of disposition is limited to cases where the jury is seated and sworn, and the court has received evidence and the jury rendered a verdict or the case was resolved in some manner prior to the announcement of a verdict.
- **Bench Trial:** Cases are disposed in this category by the court after a trial without a jury in which a witness has been sworn in to testify and the court entered a judgment, or the case was resolved prior to the announcement of a judgment.
- **Bench Disposition:** Cases that are disposed by final judicial determination of an issue, but where no witnesses are sworn, and no evidence is introduced, are counted in this category. These dispositions include decisions on motions for summary judgment, hearings on other dispositive motions, and settled cases in which the parties tender an agreed judgment to the court for approval which can then be enforced through proceedings supplemental to execution. Approval of informal adjustments in juvenile matters and issuance of search warrants unrelated

to any pending case also generally fall into this category.

- **Dismissed:** This category applies to cases which are dismissed either by the court on its own motion (Indiana Trial Rule 41(E)), upon the motion of a party, or upon an agreed entry as the result of settlement between the parties.
- **Default:** This category is applicable only in civil cases, infractions, and ordinance violations where the defendant fails to comply with the trial rules and a judgment of default is entered by the court.
- **Deferred/Diverted:** If a prosecutor and defendant agree to defer prosecution or if the defendant enters a diversion program, the case is disposed in this category. Although the case is not formally dismissed until the completion of the deferral obligations, this category permits the criminal courts to reduce their pending caseloads by the number of cases where the cases will eventually be dismissed. Likewise, even though diversion programs are often part of a guilty plea, they fall into this category as a way for the state to track the number of defendants consenting to the diversion programs.
- **Guilty Plea/Admission:** Cases in which the defendant pleads guilty to an offense or admits to the commission of an infraction or ordinance violation are counted under this category. Infraction and ordinance violation cases are only reflected in this disposition category if the case actually comes before the court for decision. An admission by mail or through a court clerk or violations bureau clerk is counted as being disposed by Traffic Violations Bureau. Also included in this category are dispositions of juvenile cases where the juvenile admits the claims, or the father admits paternity and in protective order cases where a party admits to the claims in the protective order.
- **Traffic Violations Bureau:** This disposition category only applies to infraction and ordinance violations. Indiana Code 34-28-5-7 permits any court to establish a traffic violations bureau and appoint a violations clerk to serve under

the direction of the court. The court must designate those traffic violations that are within the authority of the violations clerk. This category is used when the defendant elects to pay the penalty for the violation by mailing or delivering payment to the violations clerk or by making payment online and without going to court.

- **Closed:** Routine closing of an estate or adoption proceeding, as well as the routine termination of a trust or guardianship, are counted in this disposition type. Also included in this category are cases where the defendant has filed bankruptcy, or the case is removed to federal court.
- **FTA/FTP:** This category includes ordinance violation cases and infraction cases in which the defendant fails to appear or fails to pay. Once counted in this category, the case is not recounted even if the defendant later appears, pays, or proceeds to a full trial.
- **Other:** Any case disposition that is not otherwise accounted for in the preceding categories is included here. Example: a case was opened in error.

Movement of Cases

In addition to cases filed and disposed, cases are venued or transferred between courts.

- **Venued In/Out:** Cases filed in a court that are later moved to another county for any reason are listed in this category.
- **Transferred In/Out:** Cases transferred from one court to another within the same county, or from one court docket to another (such as a move from small claims docket to the civil plenary docket), are recorded here. In the event a motion for change of venue from the judge results in a transfer of the case to another court in the same county, the case is also counted in this category.

Court Services Information

The cases filed in the courts are assigned to a particular court according to the county's local caseload allocation plan. Various court services are provided based on the individual needs of the litigants and the judges. The following are services and judicial provisions the courts track on the quarterly statistical forms.

- **Special Judge Service:** According to Rules 76, 79 and 79.1 of the Indiana Rules of Trial Procedure, and Rule 13 of the Indiana Rules of Criminal Procedure, a special judge can assume jurisdiction on a case under certain circumstances. The courts report cases where the reporting judge serves as a special judge on other court's cases and reports cases where a special judge is serving in the reporting court. The assignment of a special judge is reported in the quarter in which the special judge is assigned.
- **Cases with Unrepresented (Pro Se) Litigants:** The courts report cases in each case type category if a party proceeds without attorney representation at any point in the case while the case remains
- A case may be counted as unrepresented at any time the court believes at least one party is acting on his or her behalf without the assistance of counsel. Each case may be counted a maximum of one time as unrepresented in the life of the case. Courts may look to appearance forms, filings (if a person files something or appears without an attorney), attendance at hearings without attorney representation or any other factor for this determination. The Indiana Supreme Court uses the statistics reported on this line to provide enhanced resources tailored to the case type for unrepresented litigants. Litigants previously referred to as Pro Se are now often referred to as Unrepresented Litigants.
- **Cases Referred to Alternative Dispute Resolution:** As defined by Indiana Rules of Alternative Dispute Resolution Rule 1.1, recognized alternative dispute resolution

open. A case is only reported once; even if several parties in the same case proceed without attorney representation, or if the status of the litigant changes one or more times during the course of the case. The criminal and juvenile courts count a criminal or juvenile case as unrepresented if, after the hearing in which the defendant is offered an attorney, the defendant refuses one and acts on his/her own behalf thereafter. For a civil case, the courts determine unrepresented status starting from the moment the complaint or petition is filed. If a plaintiff files a civil case without the assistance of an attorney, the court counts that case as unrepresented. If a defendant files a document or attends a hearing without an attorney, the court counts the case as unrepresented, unless the plaintiff's unrepresented status was already reported. Frequently, those courts that exercise small claims jurisdiction and/or handle infractions and ordinance violations have multiple cases falling into this category. Litigants who are defaulted are not counted as unrepresented since information about representation was not obtained.

(ADR) methods include arbitration, mediation, conciliation, facilitation, mini-trials, summary jury trials, private judges and judging, convening or conflict assessment, neutral evaluation and fact-finding, multi-door case allocations, and negotiated rulemaking. A court may order any covered case to proceed with a form of ADR prior to conducting further court proceedings. If ADR is successful on all issues before the court, then the court will report the case dismissed as the disposition type. Regardless of whether ADR is ultimately successful, the courts report the referral on the quarterly statistical report in the quarter of the ADR referral. These statistics are used by the Indiana Supreme Court to encourage ADR plans and other services for the courts in resolving the cases outside of the courtrooms. Currently, IOCS administers Family Court ADR plans for domestic relations cases and juvenile paternity cases.

- **Appointment of Public Defenders:** The courts report the cases where a public defender was appointed at county expense or partial county expense.
- **Appointment of GAL/CASA:** Guardians Ad Litem (GAL) and Court Appointed Special Advocates (CASA) are reported in certain case type categories and the reported numbers should correspond with the related GAL/CASA program for that county. The Indiana Supreme Court uses these statistics to support grant proposals as well as identify counties needing more resources. The courts report the case in the first quarter in which a guardian or advocate is appointed during the life of the case.
- **Use of Court Interpreters:** The courts report the appointment of a court

interpreter as well as the language interpreted in the first quarter an interpreter is used in the case. Currently, the interpreter certification program offers candidates certification opportunities in more than 20 languages, including Spanish, Chinese (Mandarin and Cantonese), Polish, Vietnamese, and Korean.

Cases in Which Pauper Counsel Was Appointed

According to the United States and the Indiana constitutions plus federal and Indiana case law, a public defender must be made available to the following indigent persons at both the trial and appellate level

- A defendant in a criminal case;
- A child charged with a delinquent act;
- A parent in a termination of parental rights case;
- A parent in a juvenile CHINS case;

- A person on whom involuntary commitment proceedings have commenced; and
- Any person facing contempt proceedings where incarceration is a possibility.

If the court determines the defendant to be indigent, the court must appoint a Public Defender. IOCS tracks and reports the number of cases in which counsel was appointed and paid for by county/state funds.
