Application for State Funds (type of funds may vary from one year to the next)

This has been incorporated into the signature page of the “Annual Report for Indiana Public Libraries”, which must be returned via regular mail with original signatures.
Annual PLAC Statistics Report
This report asks for the number of loans your library makes to people from other library districts. The library must keep statistics all year on the patrons who have PLAC cards. You will need to ask them for the name of their home library. If your library is a net lender, it will receive payment for the net loans.
You must carefully review the number of loans reported, as this could result in a large check for your library, and an error might cause the loss of a large sum of money.

Statement of Compliance with Standards
A public library must meet all standards or receive a waiver for non-certification issues each year in order to receive any state or federal funding.
This would include any State Technology Fund money, State Public Library Distribution, InfoExpress service discount, LSTA funds and payments or grants for Internet lines, and other services.

Statement of Intent to Comply with Standards
If any answer in the Statement of Compliance with Standards is “no”, it must be explained on the annual report form, along with a statement as to how the library intends to change it to comply with standards.
If a library does not adequately explain its intent or does not explain a “no” answer, it will be found out of compliance with standards.

Annual Report Supplement
This report is revised annually and is intended to elicit information for the use of the Indiana State Library and Indiana librarians and other interested parties.
Some questions are asked periodically, others may be asked only once

B. Fiscal and Narrative Reports for Grants Awarded (LSTA and other) (ISL)

(11) Total Number of Non-Resident Registered Borrowers - Record the number of registered borrowers who do not live in your library district or areas contracting for library service. These are people who have applied for and received borrowing privileges from the reporting library, but who do not pay property taxes for library service in any library district. Report each non-resident registered borrower in non-resident registered borrower as either (a) individual or (b) family/household. (c) Total Number of Non-Resident Cards Issued includes free, reduced price or full price cards issued to non-residents. IC 36-12-2-25(b) states that libraries may issue card to Indiana residents who are not residents of the library district. IC 36-12-2-25(c) states the basis for setting a fee for a non-resident card. IC 36-12-2-25(d) allows public libraries to issue reduced fee or free cards to an Indiana resident who is enrolled in a public school corporation located at least in part of the library district and who is not a resident of the library district.

(12) PLAC (Public Library Access Card) – individual statewide library card which allows a person to borrow library materials from any public library in Indiana. Books and non-book materials are eligible for loan through the PLAC program, and a library may determine what types of material it may lend. Books that normally circulate are required to be available for loan. A person who holds a valid public library card (resident or non-resident) may obtain a PLAC card. The annual fee is based on forty percent (40%) of the current average operating fund expenditure per borrower by all eligible public libraries as reported annually to the State Library in the State Library’s annual “Statistics of Indiana Libraries”, either in print or on the website: http://www.in.gov/library/2669.htm

(12) Total Number of PLAC Borrowers - PLAC borrowers is the number of people who use a PLAC card, not the number of loans.

State law mandates that the library board set the individual fee at $25 or the operating expenditure per capita of the library for the previous year, whichever is higher. The library board may set a family card fee. The Indiana State Library suggests that the family card fee be set at 2 ½ times the cost of an individual fee. Operating Expenditures Per Capita – Relates total library funds spent for specific purposes to the number of persons the library serves. This fee is required by Indiana State Law. It includes the dollar amount spent on staff, materials, and miscellaneous expenses divided by the library’s legal service area population. This figure approximates the average cost per person of running the library. Operating Expenditures Per Capita may be relevant whenever the efficiency of the library’s overall operation is an issue. The cost-effectiveness of operations may be demonstrated by relating Operating Expenditures Per Capita to those output measures which best reflect the range of most frequently used services and programs the library provides to its users. It is also important to review this measure if the library’s legal service area changes dramatically.

Date Library Board adopted this fee – The date the board adopted the non-resident fee listed in this report.

Most Recent Year Patron File was Weeded – Year patron file was reviewed and records deleted due to non-use or other criteria.

This may include materials used by staff for library purposes (programs, collection development), genealogical or local history materials, reference materials used by patrons in library which staff re-shelve. DO NOT add into circulation count. You can use a typical week count, then multiply by 52. Estimates are acceptable. Do NOT include equipment or computer usage.

Selected Holdings

- Selected holdings only. This is NOT a count of all materials which the library owns.
- Microfilm, microfiche, other microforms - Do NOT count any microforms except for current serial subscriptions.
- Do not count any realia (puzzles, puppets, toys, etc.)
- Holdings – Materials the library has acquired as part of the collection and catalogued, whether purchased, leased, or donated as gifts.
- Physical Unit - A physical unit is a book volume, reel, disk, cassette, etc. Items which are packaged together as a unit, e.g. two compact disks, and are generally checked out as a unit, are counted as one physical unit.

(58a)Books - A nonperiodical/non-serial printed publication (including music and maps) bound in hard or soft covers, or in loose-leaf format. Include non-serial government documents. Report the number of physical units, including duplicates. For smaller libraries, if volume data are not available, count the number of titles. Books packaged together as a unit (e.g., a 2-volume set) and checked out as a unit are counted as one physical unit.
(58b) **Bound Serials** - Serials are publications issued in successive parts, usually at regular intervals and as a rule, intended to be continued indefinitely. Serials include periodicals (magazines), newspapers, annuals (reports, high school or college yearbooks, etc.), memoirs, proceedings, and publications of societies. Count each bound volume of a serial as one item. If you have more than half the issues of a publisher’s volume in unbound copies, count each publisher’s volume as one volume.

(58c) **Video Materials** - These are materials on which moving pictures are recorded, with or without sound. Electronic playback reproduces pictures, with or without sound, using a television receiver or monitor. Video formats may include tape, DVD, CD-ROM, web-based or downloaded files, etc. Report the number of units, both physical and electronic, including duplicates. Items packaged together as a unit (e.g., two video cassettes for one movie) and checked out as a unit are counted as one physical unit. For electronic units, report only items the library has selected as part of the collection and made accessible through the library’s Online Public Access Catalog (OPAC).

**Revised definition**

(58d) **Audio Materials** - These are materials on which sounds (only) are stored (recorded) and that can be reproduced (played back) mechanically, electronically, or both. Include records, audiocassettes, audio cartridges, audio discs (including audio-CD-ROMs), audio-reels, talking books, and other sound recordings, such as web-based or downloaded audiobooks and MP3 files.

Report the number of units, both physical and electronic, including duplicates. Items packaged together as a unit (e.g., two audiocassettes for one recorded book) and checked out as a unit are counted as one physical unit. For electronic units, report only items the library has selected as part of the collection and made accessible through the library’s Online Public Access Catalog (OPAC). **Revised definition**

(58e) **Electronic Format** - Reference or printed information on CD-ROMS, Magnetic Tapes, Floppy Disks, DVDs (which are of a non-film nature, such as a reference book) or computer disks, magnetic tapes and other formats. You should count and report each physical unit, so that you would count each CD or each floppy disk in a multiple-disk set. Examples are U.S. Census Bureau CD-ROMs or data tapes, locally mounted databases, serials and reference tools. DO include ResumeMaker, cemetery records or other software used by patrons or by staff for patrons. Do NOT count individual files on a disk or any software that is used only by the staff. Include cataloged and non-cataloged items. Do NOT include software loaded onto a computer for which you do not have a physical disk, which includes all pre-loaded software on Gates computers. DO NOT include Electronic Books in this count.

(58f) **Electronic Books (E-Books)** - Digital documents, (including those digitized by the library), licensed or not, where searchable text is prevalent and which can be seen in analogy to a printed book (monograph). Include non-serial government documents. E-books are loaned to users on portable devices (e-book readers) or by transmitting the
contents to a user’s personal computer for a limited time. Include e-books held locally and remote e-books for which permanent or temporary access rights have been acquired. Report the number of physical or electronic units, including duplicates, for all outlets. For smaller libraries, if volume data are not available, the number of titles may be counted. E-books packaged together as a unit (e.g., multiple titles on a single e-book reader) and checked out as a unit are counted as one unit. **Note:** Under this category, report only items the library has selected as part of the collection and made accessible through the library’s Online Public Access Catalog (OPAC).

(58g) **Current Serial Subscriptions** - Includes Periodicals and Newspapers, print or microfilm ONLY. Report the total number of serial subscription titles, including duplicates. Do not include subscriptions to indexing and abstracting databases that include full-text content (e.g. EBSCO Host, ProQuest, OCLC FirstSearch). Examples include periodicals (magazines), newspapers, annuals, some government documents, some reference tools, and numbered monographic series distributed in the following ways: (a) via the Internet (e.g. HTML, PDF, JPEG, or compressed file formats such as zipped files), (b) on CD-ROM or other portable digital carrier, (c) on databases (including locally mounted databases), and (d) on diskettes or magnetic tapes.

Capital Fund Expenditures (NOT Operating Fund Expenditures)

36a. **Total Capital Fund Expenditures**
These are those onetime, extraordinary costs that are incurred usually for major purchases of or additions to fixed assets. The following are the most common uses of capital funds: building sites (real estate) new building construction; expansion of an existing building; remodeling or major repair of an existing building; initial book stock (sometimes called an opening day collection); furnishings or equipment for a new or remodeled building; new vehicles; major emergency repairs or other emergency costs. It may be difficult sometimes to determine whether a particular expenditure should be counted as capital fund expenditures. Generally speaking, if the source of the funds was a special appropriation or contribution earmarked for a specific major purchase in the areas mentioned above, then the expenditure should be counted as capital fund expenditures. These expenditures **COULD ALSO** come from LIRF, BIRF/Lease Rental, Library Capital Projects Fund (LCPF), Gift Fund, Technology Fund.
