

## Copies of Original Marriage Records Available at the Indiana State Library

These sources at the Indiana State Library provide access to full copies of marriage records as they appear in the county record books. Beyond these databases and microfilm, the library also has access to many indexes that provide summaries of information from marriage records.

Except for the Family Search 1811-2007 database, all sources are available within the Indiana State Library only.

The Indiana State Library is unable to provide certified copies of any record; you must contact the county clerk's office in the county where the license was issued to obtain a certified copy.
