Department of Revenue Now Taking Orders for Tax Forms

The Indiana Department of Revenue is currently taking orders for 2012 Indiana tax forms. This service is provided free of handling fees, but ordering large quantities of forms may be limited due to availability. The Department will begin to fulfill form orders for the upcoming tax year after December.

[Indiana Department of Revenue Forms Ordering Service](#)

To order by phone, call 317-615-2581 (leave order on voice mail, available 24 hours), or send an e-mail to pfrequest@dor.in.gov. You can also download forms anytime at www.in.gov/dor/3489.htm. Additionally, many of your patrons will qualify for **INfreefile**.

This service can connect patrons to free professional grade tax software that can be used to file both state and federal taxes.

Also note that due to a large state budget surplus, Hoosiers who file individual returns next year will receive a credit of \$111 and joint filers will receive a credit of \$222 because of the state's automatic taxpayer refund (ATR). This credit can be found on line 12 of the **2012 IT-40EZ**.

ILF Releases Handouts from Popular Conference Workshops

[ILF Annual Conference](#)

With so many great workshops available at last week's Indiana Library Federation (ILF) Annual Conference, it is highly likely that attendees could not attend every session they wanted. Fortunately, ILF has posted

dozens **handouts from various sessions** on their website. This year's conference featured over 900 attendees, 84 exhibitors and was headlined keynote speakers Nancy Pearl and Peter Bromberg.

Stay tuned to future correspondence from the ILF as they will soon seek great ideas from the library community about sessions for the 2013 conference to be held third week of October. Also, be sure to check out the ILF's **One Minute Video on the Value of Indiana Libraries**

Reminder: LibraryIndiana Introduces Copy Paper Purchasing Program

LibraryIndiana invites public and academic libraries to participate in a demand aggregation event for copy paper. The event uses the current Central Indiana Education Service Center (CIESC) copy paper agreement

with The Paper Corp. Over the last year, under the K12Indiana program, participants have realized up to 30% in savings by participating in these cooperative purchasing events. Leveraging technology in the LibraryIndiana.com system, the team will collect orders from libraries. Those orders will be aggregated into a large volume purchase to negotiate deeper discounts than already exist.

Libraries that would like to be included in the demand aggregation event must provide the quantity they would like to order through the www.LibraryIndiana.com tool. Participation in this cooperative purchasing strategy is a commitment to buy. Therefore, participants will be required to purchase by the end of the agreement's term.

Click [here](#) to view a project timeline and sample pricing. LibraryIndiana will also host a **webinar** on Thursday, November 29th at 10:30 AM. This session will include information on the concept behind this cooperative purchasing strategy, how to enter your information in the tool, followed with a question and answer session. If you are

News & Notes

Jonathan Gaskill will begin his tenure as Director of the Fulton County Public Library on January 1, 2013

The Indiana State Library will be closed Thursday, November 22 through Saturday, November 24 in celebration of Thanksgiving.

By popular demand the State Library has re-released "**A Certification Story**" - a holiday-themed presentation on certification. The video and PowerPoint slides were designed with trustee board meetings in mind, but is relevant to any certified public librarian.
