New Summer Reading Program

The Indiana State Library is pleased to announce a partnership with the Indiana Secretary of State's Office regarding Summer Reading!

Financial literacy is an important skill that can be taught at any age. Learn how you can add some Financial Literacy components to your Summer Reading program AND get free Piggy Banks for your participating patrons. Piggy Bank supplies are limited. In order to receive the free Piggy Banks you will need to register your program with the Secretary of State's Office. Directions on how to do that will be available during the webinar and will be posted directly after the webinar. Interested? Be sure to attend the webinar! Can't attend the webinar? Let me

Brownsburg introduces new 3-D Printers

In conjunction with [3-D Parts Manufacturing LLC](#)., and their 1st Maker Space educational branch, [Brownsburg Public Library](#) is proud to announce the arrival of two new 3-D printers that will be available for use in the community.

Imagine being able to produce your own hard-to-find replacement part, or create a piece that will make the garden hose much less cumbersome to operate. 3-D printers give you the ability to design and produce. Workshops to introduce the machines and their uses will be offered on a monthly basis for ages 11 and older and start at $35 per person. Those interested in using the equipment will be

discussing his popular works which include "The Kite Runner" (published in 2003), "A Thousand Splendid Suns" (2007), as well as "And the Mountains Echoed" (2013).

"The Kite Runner", which Hosseini considers a father and son story, is set in Afghanistan during that country's most tumultuous events, from the fall of Afghanistan's monarchy through the Soviet military intervention, the exodus of refugees to Pakistan and the U.S., and the rise of the Taliban regime. The book became an international bestseller and spent more than a hundred weeks on *The New York Times* bestseller list.

A Thousand Splendid Suns debuted at #1 on *The New York Times* bestseller list and remained at that spot for fifteen weeks. Together, Hosseini's first two books have sold more than 38 million copies worldwide.

Hosseini was born in Kabul, Afghanistan in 1965. His father was a diplomat in the Afghan Foreign Ministry which relocated the family to Paris in 1976. When they were ready to return in 1980, their homeland had witnessed a bloody communist coup and invasion of the Soviet army. The Hosseinis were granted political asylum in the U.S. in 1980 and moved to San Jose, California.

Khaled Hosseini graduated from Santa Clara University in 1988 with a degree in biology, earned a medical degree from the University of California - San Diego in 1993, completed his residency at Cedars-Sinai medical center in Los Angeles, and was a practicing internist between 1996 and 2004. In March, 2001, while practicing medicine, Hosseini began writing his first novel, "The Kite Runner", which became a beloved classic.
