## **Duplication on Demand—Now available!**

After months of delay, the library was finally able to unveil Duplication on Demand (DoD) in October. The new service involves the same player and cartridges, each cartridge will be customized for you with multiple books on each one. When you receive your first DoD cartridge and put it in your player, it will most likely perform a software update to the player. Please leave the cartridge in the player while this happens. Once the update is finished, your player will restart, and there will be an opening announcement with some instructions before your books start to play.

Your cartridges will continue to come in the same type of container, but the mail card will be foldable and will contain a list of books on the cartridge. When you are ready to return a cartridge, you can throw away the mail card and book list; there is an address sticker on each container that will get your book back to us.

There are many benefits to this change. Currently, our audiobook collection contains thousands of older titles that are only available to download; these books will now be as readily available to you as new books are. In addition, you'll now have access to new books faster and will never have to be on a waitlist for a popular title. If patrons return their cartridges as they finish them, this will also help with slower mail times.

To access the titles on your DoD cartridges you can either use the player's bookshelf mode or the sequential play feature. There are instructions for both options on the next page.

The library will be moving all patrons to Duplication on Demand over the next few months. Please contact us at 1-800-622-4970 if you would like to be switched now.

### **Sequential Play and Bookshelf**

When you have a cartridge with multiple books on it, there are 2 ways to access the books: sequential play and bookshelf mode. Sequential play will play your books in the order they have been loaded on the cartridge; bookshelf mode lets you pick what book you want to listen to.

To use the **sequential play** feature, you put your cartridge in and listen to the first book as usual. At the end of the book, let the closing announcements play; when they are finished a voice will say “end of book, press play/stop to go to the next book”. Press the play/stop button and the next book on the cartridge will begin playing. Repeat this step until you have listened to all of the books.

To use **bookshelf**, turn your player on and put the cartridge in. Next, hold down the green “play/stop” button until your player beeps and says “bookshelf mode”. Once in bookshelf mode, you can use the “fast forward” and “rewind” buttons to scroll through the books or magazines recorded on the cartridge. When you have located the item you wish to read, press the green “play/stop” button again and it will start to play. Repeat the process for each item on the cartridge.

### **Extra Books for the Holidays**

With the holiday season in full swing, it is time to start planning for the mail delays that come with the library and post office being closed. This year, the library will be closed on Thursday, December 24<sup>th</sup>, Friday, December 25<sup>th</sup>, and Friday, January 1<sup>st</sup>. As a result, there will be no incoming or outgoing mail on those days so your book deliveries will be interrupted. We encourage you to take a few moments and order extra books to have on hand during that time; please have all requests for additional books in before Thursday, December 17<sup>th</sup> to ensure that your books have plenty of time to get to you.

If you regularly find yourself running out of books to read, it may be a good time to try out Duplication on Demand. Also, the best way to ensure that you do not run out of books is to return them as you finish them rather than returning them all at the same time as we do not automatically send replacements until we receive books back from you.

The holiday season is a great time to think about signing up for BARD or downloading the BARD Mobile app. BARD will give you instant access to over 100,000 audio books and magazines, braille books and magazines, and music scores from the comfort of your home, even when the library is closed! For more information on BARD, please visit [www.nlsbard.loc.gov](http://www.nlsbard.loc.gov) or call us at 1-800-622-4970. If you are interested in signing up for BARD, please be aware that we will not be able to approve your BARD application on days the library is closed.

### **COVID-19 Update**

We want to thank all our patrons for the patience and understanding they showed as we were forced to cease book circulation in March. Many patrons and their families used the opportunity to learn how to download their own books; we were very happy to be able to help walk people through the process. Now that we are mostly back to normal, we just wanted to share a few of the safety measures we are taking to keep both patrons and staff safe.

- All returned books are being quarantined for 1 week before they are put back into circulation. Please feel free to clean or quarantine books yourselves as they arrive to you.
- Staff are practicing frequent hand washing and wearing masks and gloves when working with items that will be sent to patrons.
- Our building is currently locked to limit the number of people who can come in. If you need to come to the library to pick up books or a player, please call before so that we can have items waiting for you. You will need to knock on the door to be let inside. Masks are also required in the building.

## **How to Request Books or Make Changes to Your Account**

There are several ways patrons can contact the library to request specific books or to notify us of changes to your account. You are welcome to call us anytime; we are available by phone Monday-Friday from 8:00-4:30. If we do not answer you can leave a voicemail, which we will follow up with as soon as possible. If you prefer to email or mail book requests or account updates you can do so to [tbbl@library.in.gov](mailto:tbbl@library.in.gov) or Talking Books, 140 N. Senate Ave., Indianapolis, IN 46204. Patron can also call the library to set up access to our online catalog if they would like to be able to place their own requests directly. Please always remember, whether you call, leave a voicemail, or send us a message by email or mail to clearly identify yourself. Make sure any note you send us has your full name on it so we know who is asking for what.

As we move to duplication on demand, sending us messages or book requests in your returned book container is not recommended. Book containers will no longer have any information identifying who is sending it back so we will have no sure way of identifying who a message sent this way is from.

## **Braille Calendars**

We anticipate once again having a limited number of braille calendars to distribute to patrons this year. Produced by the Michigan Braille Transcribing Fund, the braille calendars are spiral bound and measure 4.5"x6"; they contain one page for each month and a separate page with a list of major holidays. Please call the library at 1-800-622-4970 to request one.

NLS has also put together a comprehensive list of sources for both large print and braille calendars online at <https://www.loc.gov/nls/braille-audio-reading-materials/calendars/>.
