

# Needing to locate your Septic System?

Contact your local health department for a record search.

Grant County Health Department 765-651-2401, option 1

**A record is  
located**

**You will be provided a copy  
of the records on file.**

**No record is found**

**Contact a registered septic installer for an  
inspection. A list of Grant County Registered  
Installers can be obtained from the health  
department or by visiting our website at  
<https://www.in.gov/localhealth/grantcounty/>**

**Inspection complete. Now what?**

**Signs of  
failure?**

If the system is found to  
have a septic tank, an  
absorption field and shows  
no sign of failure it is a legal  
system and no further  
action is necessary.

There is malfunction of a  
component it may be  
eligible for repair by a Grant  
County Registered Installer.  
The process for repairing a  
system **must be** started.

The system is found to be in  
failure and not repairable an  
Abatement Order will be issued  
for a Pump and Haul Order and  
the process for system  
replacement **must be** started.

The system is found to be discharging to  
the waters of Indiana or on to the ground  
and not repairable the system **must be**  
replaced. An Abatement Order will be  
issued for a Pump and Haul Order and the  
process for system replacement must be  
started.
