**FOR IMMEDIATE RELEASE**  
**December 28, 2023**

**COVID-19 Test Site Closing**

Friday, December 30, 2022, will be the last day for the Marshall County Health Department's free Covid-19 test site located behind LifePlex at 2855 Miller Drive in Plymouth.

If you need a Covid-19 test:

- Contact your medical provider.
- Order free at home kits online at <https://www.covid.gov/tests>.
- Some area pharmacies are offering Covid-19 testing (fees apply).
- Purchase at home Covid-19 test kits at local pharmacies.
- Remember to practice everyday precautions to stop the spread of germs: cover coughs and sneezes, wash hands often for 20 seconds with soap and water, eat a healthy diet, fresh air, stay home when you are sick, avoid people who are sick and stay up to date on recommended vaccines.

The closure of this site marks 2 ½ years that the Marshall County Health Department provided free Covid-19 testing for the community. It has been a pleasure to serve the residents of Marshall County and the surrounding counties.

Sandy Dunfee, BSN RN  
Marshall County Health Department
