Haviland, OH 45851

Dear Mr. Wenninger:

Re: Filter Fabric Sock
Gravelless Corrugated Tubing On-Site System

This is in response to your recent request for approval to change to a different filter fabric sock for your 8 and 10 inch corrugated tubing on-site sewage disposal systems. The filter fabric sock proposed for use is a 1.50 Non-Woven Polyester fabric apparently manufactured by Carriff Corporation, Inc.

We have no objection to the use of the fabric sock proposed in your submittal of November 1, 1999 and your request to switch to that product is approved.

If you have any questions, please don't hesitate to let me know.

Sincerely,

Alan M. Dunn, R.E.H.S., Supervisor
